Macklem, Dominick Grace, 2020-07-31 *Supernatural* is one of the most successful horror TV shows ever providing fifteen seasons of the adventures of Dean and Sam Winchester as they hunt monsters and save the world It has nurtured a passionate fan base which has been far more directly integrated into the show than is typical Wry and self aware *Supernatural* repeatedly breaks out of the televisual box to acknowledge its fans and its own fictionality Though there have already been several studies of *Supernatural* this volume is the first to focus extensively and intensively on the show's metafictional elements This essay collection argues that *Supernatural* is not merely a horror show but is a show about how horror works as a genre and how fans interact with their favorite material From exploring how the show has equated authorship with divinity to considering its incorporation of fandom and closely reading several key episodes the essays in this volume seek to examine the multiple layers of textuality found in *Supernatural* *Reading in the Dark* Jessica R.

McCort, 2016-04-28 Contributions by Rebecca A Brown Justine Gieni Holly Harper Emily L Hiltz A Robin Hoffman Kirsten Kowalewski Peter C Kunze Jorie Lagerwey Nick Levey Jessica R McCort and Janani Subramanian *Dark* novels shows and films targeted toward children and young adults are proliferating wildly It is even more crucial now to understand the methods by which such texts have traditionally operated and how those methods have been challenged abandoned and appropriated *Reading in the Dark* fills a gap in criticism devoted to children's popular culture by concentrating on horror an often neglected genre These scholars explore the intersection between horror popular culture and children's cultural productions including picture books fairy tales young adult literature television and monster movies *Reading in the Dark* looks at horror texts for children with deserved respect weighing the multitude of benefits they can provide for young readers and viewers Refusing to write off the horror genre as campy trite or deforming these essays instead recognize many

of the texts and films categorized as scary as among those most widely consumed by children and young adults In addition scholars consider how adult horror has been domesticated by children s literature and culture with authors and screenwriters turning that which was once horrifying into safe funny and delightful books and films Scholars likewise examine the impetus behind such re envisioning of the adult horror novel or film as something appropriate for the young The collection investigates both the constructive and the troublesome aspects of scary books movies and television shows targeted toward children and young adults It considers the complex mechanisms by which these texts communicate overt messages and hidden agendas and it treats as well the readers experiences of such mechanisms **Mind over Monsters**
