The Road Builder Nicholas Hershenow, 2001-05-07 Set against the lush background of rural Africa this luminous and wise novel follows a young couple as they confront a world of myth belief and mysteries Will and Kate Haslin have barely begun their relationship when they journey to Central Africa hoping to chase down family secrets Kate's willful and distant Uncle Pers is dying and she sees one last chance to uncover his shadowy past and After reaching Ngemba with only the most vague idea about what life in Africa requires and with a concrete goal to uncover the shadowy past of Kate's willful and dying Uncle Pers After reaching Ngemba with only vague ideas about what life in Africa requires the young Americans must reshape themselves inside a culture without expectation And when they learn that Uncle Pers may be The Road Builder a mysterious figure with a colonial connection the dangers they face turn personal In the tense and hazy village history merges with myth fable and even gossip to create unusual new truths It's an isolated world of realists and visionaries and will test every belief that Kate and Will hold dear With the seductive prose of a gifted storyteller The Road Builder weaves sophisticated questions about the nature of truth into an epic yet personal story about romance and exploration *Canadian Engineer*, 1929 **The Highway Engineer & Contractor**, 1928 **Play and Literacy in Early Childhood** Kathleen A. Roskos, 2017-07-05 This volume brings together studies research syntheses and critical commentaries that examine play literacy relationships from cognitive ecological and cultural perspectives The cognitive view focuses on mental processes that appear to link play and literacy activities the ecological stance examines opportunities to engage in literacy related play in specific environments and the social cultural position stresses the interface between the literacy and play cultures of home community and the school Examining play from these diverse perspectives provides a multidimensional view that deepens understanding and opens up new avenues for research and educational practice Each set of chapters is followed by a critical review by a distinguished play scholar These commentaries focus is to hold research on play and literacy up to scrutiny in terms of scientific significance methodology and utility for practice A Foreword by Margaret Meek situates these studies in the context of current trends in literacy learning and instruction Earlier studies on the role of play in early literacy acquisition provided considerable information about the types of reading and writing activities that children engage in during play and how this literacy play is affected by variables such as props peers and adults However they did not deal extensively as this book does with the functional significance of play in the literacy development of individual children This volume
