Monsters Among Us! Mark Young, 2019-09-24 The hilarious madness at Franken Sci High continues in this second book in a wacky series created with The Jim Henson Company Franken Sci High is the only school in the world for aspiring mad scientists and it's located on a craggy island in the Bermuda Triangle of course While some mad scientists are power hungry maniacs the school was founded in 1536 as a refuge for generations of brilliant and sometimes eccentric young minds Students are encouraged to use their brainpower for good but the teachers accept that some kids will want to take over the world and the school cafeteria In the second book in the Franken Sci High series Monsters Among Us Newton Warp's friends notice he's being followed around by a strange new professor Dr Flubitus but have no idea why Newton wonders if it has something to do with the barcode on his foot He doesn't have much time to dwell on it though because soon there are reports of a giant monster loose on campus Shelly assumes a school for mad scientists would have top notch security against

monsters nosy tourists and other invaders but soon she and her friends Newton and Theremin discover a gaping loophole in the system If a marauding monster can find its way to the school s secret location in the Bermuda Triangle and figure out how to open a portal to the campus anyone else could get in too Then Shelly finds out she might be the reason the monster is there in the first place TM 2019 The Jim Henson Company
