**The Gothic Quest - A History of the Gothic Novel** Montague Summers, 2016-09-22. *The Gothic Quest: A History of the Gothic Novel* is a 1938 treatise by Montague Summers on the subject of the Gothic novel looking at its origins, evolution and role in contemporary literature. Augustus Montague Summers (1880-1948) was an English clergyman and author most famous for his studies on vampires, witches and werewolves, all of which he believed to be very much real. He also wrote the first English translation of the infamous 15th century witch hunter's manual, the *Malleus Maleficarum* in 1928. Contents include: The Romantic Feeling; Notes to Chapter I: The Publishers and the Circulating Libraries; Notes to Chapter II: Influences from Abroad; Notes to Chapter III: Historical Gothic; Notes to Chapters IV: Matthew Gregory Lewis etc. Other notable works by this author include *A Popular History of Witchcraft* (1937), *Witchcraft and Black Magic* (1946) and *The Physical Phenomena of Mysticism* (1947). Many vintage books such as this are becoming increasingly scarce and expensive. We are republishing this volume now in an affordable modern high quality edition complete with a specially commissioned new biography of the author.

*The Later Novels of Victor Hugo* Kathryn M. Grossman, 2012-03-29. This study places the last three novels of Victor Hugo's maturity, *Les Travailleurs de la mer* (1866), *L'Homme qui rit* (1869) and *Quatrevingt-Treize* (1874) within the context of his artistic development after the success of *Les Misérables* (1862). By situating these historical narratives in relation to each other, to all of Hugo's previous fiction and to a number of poetic and critical works published in exile and in the initial years of the Third Republic, it illuminates the final structural and thematic shifts from a poetics of harmony to one of transcendence. As in *Les Misérables*, the disharmony associated with social tumult, apocalyptic vision and oxymoronic tensions provides an essential component of the later Hugo's Romantic sublime. Instead of merely capitalizing on the runaway

success of Les Misérables by recycling its prominent features however each novel makes an original contribution to the political and aesthetic trajectory inscribed by the entire oeuvre Each testifies as well to the wizardry of Hugo's own special effects that contribute to his story telling genius Such effects especially the dizzying spatial optics and manipulation of temporal dimensions function not as mere playful gimmicks or novelistic flourishes but as strategies for figuring and communicating the ideal both political and artistic The unique interplay of poetic and historical discourse in each text reconfigures our disordered experience of the world into something far more coherent a construction of meaning that strives to change perceptions and to promote social action
