**Mont-Saint-Michel and Chartres** Henry Brooks Adams,2018-08-04 Mont Saint Michel and Chartres By Henry Brooks Adams One needs only to be old enough in order to be as young as one will From the top of this Abbey Church one looks across the bay to Avranches and towards Coutances and the Cotentin the Constantinus pagus whose shore facing us recalls the coast of New England The relation between the granite of one coast and that of the other may be fanciful but the relation between the people who live on each is as hard and practical a fact as the granite itself When one enters the church one notes first the four great triumphal piers or columns We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience Mont-Saint-Michel and Chartres Henry Adams,2023-01-08 Reproduction of the original *Mont-Saint-Michel and Chartres* Henry Brooks Adams,1933

With an introduction by Ernest Samuels.[With plates.]** Henry Brooks ADAMS,Ernest SAMUELS,1961 Mont-Saint-Michel and Chartres Henry Adams,2020-04 The relationship between reader and writer of son and father may have existed in Queen Elizabeth s time but is much too close to be true for ours The utmost that any writer could hope of his readers now is that they should consent to regard themselves as nephews and even then he would expect only a more or less civil refusal from most of them Indeed if he had reached a certain age he would have observed that nephews as a social class no longer read at all and that there is only one familiar

instance recorded of a nephew who read his uncle The exception tends rather to support the rule since it needed a Macaulay to produce and two volumes to record it Finally the metre does not permit it One may not say Who reads me when I am ashes is my nephew in wishes

**Mont-Saint-Michel and Chartres (Classic Reprint)** Henry Adams, 2017-10-17 Excerpt from Mont Saint Michel and Chartres Rom the moment when through the courtesy of my friend Barrett Wendell I came first to know Mr Henry Adams s book M orzt sar ni mickel and Chartres I was profoundly convinced that this privately printed jealously guarded volume should be withdrawn from its hiding place amongst the bibliographical treasures of col lectors and amateurs and given that wide publicity demanded alike by its intrinsic nature and the cause it could so admirably serve To say that the book was a revelation is inadequately to express a fact at once all the theology philosophy and mysticism the poli tics sociology and economics the romance literature ahd art of that greatest epoch of Christian civilization became fused in the alembic of an unique insight and precipitated by the dynamic force of a per sonal and distinguished style A judgment that might well have been biased by personal inclination received the endorsement of many in two continents more competent to pass judgment better able to speak with authority and so fortified I had the honour of saying to Mr Adams in the autumn of 1912 that the American Institute of Architects asked the distinguished privilege of arranging for the publication of an edition for general sale under its own imprimatur The result is the volume now made available for public circulation In justice to Mr Adams it should be said that such publication is in his Opinion unnecessary and uncalled for a conclusion in which neither the American Institute of Architects the publishers nor the Editor concurs Furthermore the form in which the book is presented is no affair of the author who in giving reluctant consent to publication expressly stipulated that he should have no part or parcel in carrying out so mad a venture of faith as he estimated the project of giving his book to the public About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
