of the Essays largely depends on them Desan shows how Montaigne conceived of each edition of the Essays as an indispensable prerequisite to the next stage of his public career It was only after his political failure that Montaigne took refuge in literature and even then it was his political experience that enabled him to find the right tone for his genre The most comprehensive and authoritative biography of Montaigne yet written this sweeping narrative offers a fascinating new picture of his life and work *Montaigne the Essayist* Bayle Saint John,1858 **Montaigne the Essayist.
