Montana Geography Projects - 30 Cool Activities, Crafts, Experiments & More for Kids to Do to Learn About Your State! Carole Marsh, 2003-05-01 This unique book combines state specific facts and 30 fun to do hands on projects The Geography Projects Book includes creating a montage of the wildlife that lives in your state using cut out pictures recreating the path of a state river with pipe cleaners building a state tree from fresh or dried leaves or needles from as many types of trees as possible testing soil samples and more Kids will have a blast and build essential knowledge skills including research reading writing science and math Great for students in K 8 grades and for displaying in the classroom library or home *Montana Festival Fun for Kids!* Carole Marsh, 1994 [Exploring Montana Through Project-Based Learning](#) Carole Marsh, 2016-05-17 Exploring Montana through Project Based Learning includes 50 well thought out projects designed for grades 3 5 In assigning your students projects that dig into Montana's geography history government economy current events and famous people you will deepen their appreciation and understanding of Montana while simultaneously improving their analytical skills and ability to recognize patterns and big picture themes Project based learning today is much different than the craft heavy classroom activities popular in the past Inquiry planning research collaboration and analysis are key components of project based learning activities today However that doesn't mean creativity individual expression and fun are out They definitely aren't Each project is designed to help students gain

important knowledge and skills that are derived from standards and key concepts at the heart of academic subject areas. Students are asked to analyze and solve problems to gather and interpret data to develop and evaluate solutions to support their answers with evidence to think critically in a sustained way and to use their newfound knowledge to formulate new questions worthy of exploring. While some projects are more complex and take longer than others, they all are set up in the same structure. Each begins with the central project driving questions, proceeds through research and supportive questions, has the student choose a presentation option, and ends with a broader view inquiry. Rubrics for reflection and assessments are included too. This consistent framework will make it easier for you to assign projects and for your students to follow along and consistently meet expectations. Encourage your students to take charge of their projects as much as possible. As a teacher, you can act as a facilitator and guide. The projects are structured such that students can often work through the process on their own or through cooperation with their classmates.

Montana "GEO" Bingo! 38 Must Know State Geography Facts for Kids to Learn While Having Fun! Carole Marsh, 1998-05-01

Montana "Jography" Carole Marsh, 2001-07. Montana Geography Statistics say most kids know less geography than ever. Don't let that apply to your students. Start by making sure kids know the main places, geographic features in their own state. Give them activities that pretend they are taking a cross state bike tour using free football game passes, jogging through the state, etc. They'll find their way around in a hurry. Geography activities include info on counties, rivers, museums, historic places, sites of interest, colleges bordering states, climate, topography, crops, and more, all ready to reproduce. Approximately 30 activities and 200 geography related places and facts are covered. Students work alone or in groups and use maps, reference books, or resource people to complete challenging riddles, matching games, word searches, fill in lists, scavenger hunts, and completion exercises that reinforce learning, sharpen research skills, and provide a lively introduction to Montana.
