Probst, Jay F. Bodine, 2021-12-14 Max Frisch with his countryman Friederich Diirrenmatt shares the place of eminence in contemporary Swiss literature Indeed he ranks high among the recent leading writers in the German language But although several of his works novels and plays have been translated into English he remains little known in America In this collection of essays an international group of scholars provides a fresh introduction to this noted author The three leading essays review Frisch's work in the forms he has used most extensively drama narrative fiction and the personal diary The remaining nine essays focus on specific works or topics Among the works examined are *I am Not Stiller* *A Wilderness of Mirrors* *Wilhelm Tell* and the recent *Man in the Holocene* Among the topics are Frisch's use of language and images his treatment of women and the element of parody Concluding the volume is the most complete bibliography on Frisch to appear in English to date **A Companion to the Works of Max Frisch** Olaf Berwald, 2013 A comprehensive advanced introduction to and scholarly commentary on the work of the Swiss writer Max Frisch one of the leading German language dramatists and novelists of the late twentieth century One of the most influential German language writers of the late twentieth century Max Frisch 1911-1991 not only has canonical status in Europe but has also been well received in the English speaking world English translations of his works are available in multiple recent editions Frisch was a recipient of both the Böcklin Award 1958 and the Peace Prize of the German Book Trade 1976 his body of work explores questions of identity alienation and ethics in modern society He is best known for the plays *Andorra* 1961 a seminal drama that examines indifference and mass psychology in the context of the Shoah and continues to be produced by theaters around the world and *Biedermann und die Brandstifter* 1958 another worldwide success and one of the most frequently used texts in advanced undergraduate German courses in the United States as well as for his novels *Stiller* 1954 *Homo Faber* 1957 and *Mein Name sei Gantenbein* 1964 Yet Frisch has only recently begun to receive the sustained scholarly attention he deserves neither a comprehensive introductory volume nor a collaborative handbook on the works of Frisch is available in English a situation that this volume redresses Contributors Rüdiger Battiston Klaus van den Berg Olaf Berwald Amanda Charitina Boyd Christine Letawe Walter Obschlager John D. psychological perspectives on writers such as Tieck Goethe Freud Thomas Mann Heidegger and Thomas Bernhard Psychological approaches to literature have grown rapidly in the last few decades new developments in literary psychoanalysis mirroring the reassessment of Freud in the psychoanalytic community particularly important revisions have come both from the Lacanian school and from the field of object relations and self psychology The latter studies narcissism not only as a pathological condition but as a healthy and universal aspect of all psychological reality Theorists such as Heinz Kohut have also suggested that the transformations of narcissism can be healthy and may contribute to the development of wisdom humour and creativity The articles in this volume consider the phenomenon of narcissism across a wide range of works several reflecting the current re evaluations of narcissism as a counter challenge to Freudian thought and attitudes
