**Annelise Riles**

## **Montesquieu And Rousseau Forerunners Of Sociology:**

*Montesquieu and Rousseau: Forerunners of Sociology* Émile Durkheim, 1960      **Montesquieu and Rousseau** Émile Durkheim, Georges Davy, A. Cuvillier, Ralph Manheim, 1975      **Montesquieu and Rousseau** Émile Durkheim, 1965

**Montesquieu and Rousseau** Émile Durkheim, 1960      Durkheim Through the Lens of Aristotle Douglas F. Challenger, 1994 This text re-examines Durkheim's science of morality as it is illuminated by Aristotle's philosophy. The author demonstrates by examining previously unappreciated aspects of the latter's moral sociology that Durkheim's theory can be compatible with postmodernism.

**Emile Durkheim** W. S. F. Pickering, 2001 A five-volume collection of scholarly journal articles and chapters from books covering the subject of Emile Durkheim's work. The five volumes are thematically organized in the following sections: Volume I 1 Durkheim The man himself 2 General sociology Volume II 3 Religion 4 Epistemology and the philosophy of science Volume III 5 Morality and ethics 6 Political sociology Volume IV 7 Suicide and anomie 8 Division of labour and economics 9 Education.

*Rethinking the Masters of Comparative Law* Annelise Riles, 2001-10-09 This book brings a new generation of comparative lawyers together to reflect on the character of their discipline.

**Montesquieu's Comparative Politics and the Spirit of American Constitutionalism** Anne M. Cohler, 1988

**Professional Ethics and Civic Morals** Emile Durkheim, 2018-09-05 Emile Durkheim is one of the founding fathers of sociology and *Professional Ethics and Civic Morals* is one of his most neglected yet insightful works. Durkheim's view that the instability of industrial society was connected to the decline of religion and his characterization of the state as the ultimate moral force in society reveal his lifelong engagement with the relationship between the individual and society. In *Professional Ethics and Civic Morals*, Durkheim poses a major question given the negative social consequences of unfettered markets which caused what he termed anomie: how is the state to reconcile morality with the market? Durkheim argues that the answer is to be found in the evolution of a civil religion in the form of professional codes and civic values which would counteract the effects of individualism just as guilds had regulated medieval economic life. Arguing that the state has a vital role to play in moral life and that morals are at bottom social facts, a controversial position which drew considerable criticism, Durkheim also argues that the state had a duty to protect the rights of the individual via a form of cosmopolitan patriotism. Durkheim also articulates a highly original and critical interpretation of the rules around property and inheritance, a perspective which resonates with debates about inequality and the redistribution of wealth today. Included in this Routledge Classics edition is a new introduction by Bryan S. Turner placing Durkheim in contemporary context and outlining the key tenets of *Professional Ethics and Civic Morals*.

**Montesquieu's Liberalism and the Problem of Universal Politics** Keegan Callanan, 2018-08-23 Montesquieu's liberalism and critique of universalism in politics often thought to stand in tension comprise a coherent philosophical and political project.

Explorations in Classical Sociological Theory Kenneth Allan, Sarah Daynes, 2016-09-22 Praised for its conversational tone, personal examples, and helpful pedagogical tools, the

Fourth Edition of Explorations in Classical Sociological Theory Seeing the Social World is organized around the modern ideas of progress knowledge and democracy With this historical thread woven throughout the chapters the book presents a diverse selection of major classical theorists including Marx Spencer Durkheim Weber Mead Simmel Martineau Gilman Douglass Du Bois Parsons and the Frankfurt School Kenneth Allan and new co author Sarah Daynes focus on the specific views of each theorist rather than schools of thought and highlight modernity and postmodernity to help contemporary readers understand how classical sociological theory applies to their lives

Explorations in Classical Sociological Theory: Seeing the Social World Kenneth Allan, 2012-04-30 Kenneth Allan emphasizes theory as a constructive thinking enterprise by including chapters devoted to teaching students how to think theoretically

Comparative Matters Ran Hirschl, 2014 Comparative study has emerged as the new frontier of constitutional law scholarship as well as an important aspect of constitutional adjudication Increasingly jurists scholars and constitution drafters worldwide are accepting that we are all comparativists now And yet despite this tremendous renaissance the comparative aspect of the enterprise as a method and a project remains under theorized and blurry Fundamental questions concerning the very meaning and purpose of comparative constitutional inquiry and how it is to be undertaken are seldom asked let alone answered In this path breaking book Ran Hirschl addresses this gap by charting the intellectual history and analytical underpinnings of comparative constitutional inquiry probing the various types aims and methodologies of engagement with the constitutive laws of others through the ages and exploring how and why comparative constitutional inquiry has been and ought to be pursued by academics and jurists worldwide Through an extensive exploration of comparative constitutional endeavours past and present near and far Hirschl shows how attitudes towards engagement with the constitutive laws of others reflect tensions between particularism and universalism as well as competing visions of who we are as a political community Drawing on insights from social theory religion history political science and public law Hirschl argues for an interdisciplinary approach to comparative constitutionalism that is methodologically and substantively preferable to merely doctrinal accounts The future of comparative constitutional studies he contends lies in relaxing the sharp divide between constitutional law and the social sciences Comparative Matters makes a unique and welcome contribution to the comparative study of constitutions and constitutionalism sharpening our understanding of the historical development political parameters epistemology and methodologies of one of the most intellectually vibrant areas in contemporary legal scholarship

**Historicising the French Revolution** Carolina Armenteros, Tim Blanning, Isabel Noronha-DiVanna, 2009-05-27 Three decades ago François Furet famously announced that the French Revolution was over Napoleon's armies ceased to march around Europe long ago and Louis XVIII even returned to occupy the throne of his guillotined brother And yet the Revolution's memory continues to hold sway over imaginations and cultures around the world This sway is felt particularly strongly by those who are interested in history for the French Revolution not only altered the course of history radically but became the fountainhead of

historicism and the origin of the historical mentality The sixteen essays collected in this volume investigate the Revolution's intellectual and material legacies From popular culture to education and politics from France and Ireland to Poland and Turkey from 1789 to the present day leading historians expose alongside graduate students the myriad ways in which the Revolution changed humanity's possible futures its history and the idea of history They attest to how the Revolution has had a continuing global significance and is still shaping the world today The 20th Century A-GI Frank N. Magill, 2013-05-13

Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who's who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual's life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual's place in history All entries conclude with a fully annotated bibliography

**Inventing Human Science** Christopher Fox, Roy Porter, Robert Wokler, 1995-10-06

The human sciences including psychology anthropology and social theory are widely held to have been born during the eighteenth century This first full length English language study of the Enlightenment sciences of humans explores the sources context and effects of this major intellectual development The book argues that the most fundamental inspiration for the Enlightenment was the scientific revolution of the seventeenth century Natural philosophers from Copernicus to Newton had created a magisterial science of nature based on the realization that the physical world operated according to orderly discoverable laws Eighteenth century thinkers sought to cap this achievement with a science of human nature Belief in the existence of laws governing human will and emotion social change and politics economics and medicine suffused the writings of such disparate figures as Hume Kant and Adam Smith and formed the basis of the new sciences A work of remarkable cross disciplinary scholarship this volume illuminates the origins of the human sciences and offers a new view of the Enlightenment that highlights the period's subtle social theory awareness of ambiguity and sympathy for historical and cultural difference

**Republicanism, Liberty, and Commercial Society, 1649-1776** David Wootton, 1994 This examination of republicanism in an Anglo American and European context gives weight not only to the thought of the theorists of republicanism but also to the practical experience of republican governments in England Geneva the Netherlands and Venice

*The General Will* James Farr, David Lay Williams, 2015-02-16 Includes essays by prominent political theorists and philosophers that trace the evolution of the general will from the seventeenth to the twentieth century

**Durkheim & Critique** Nicola Marcucci, 2021-08-03 This book investigates the relation between Durkheim's sociology Critical Theory and the philosophy of social sciences The book is organized in four sections confronting Durkheim and other critical traditions inquiring his social and critical ontology interrogating the relation between social practices and justice and discussing his relevance in contemporary politics and political theory An international group of philosophers sociologists and critical

theorists contribute to show Durkheim's reflection as an important complement or an alternative to the Hegelian Marxist and post structuralist conceptions of social critique. In this way the book intends to inaugurate a new reflection on social critique at the intersection between philosophy and sociological theory. **Key Thinkers, Past and Present (RLE Social Theory)**

Jessica Kuper, 2014-09-04 This volume provides a fascinating perspective on the social sciences through its examination of the leading proponents, their ideas and careers. It includes useful suggestions for further reading. All the great names in the history of the subject are here: Freud, Marx, Weber, Adam Smith and so on, along with many less prominent but nevertheless important thinkers.
