annotated bibliography     *The Cambridge Music Guide* Stanley Sadie, Alison Latham, 1990-04-05 For all those who love music and wish to know more about its colourful history development and theory     **Divas in the Convent** Craig A. Monson, 2012-03-01 When eight year old Lucrezia Orsina Vizzana 1590 1662 entered one of the preeminent convents in Bologna in 1598 she had no idea what cloistered life had in store for her Thanks to clandestine instruction from a local maestro di cappella and despite the church hierarchy's vehement opposition to all convent music Vizzana became the star of the convent composing works so thoroughly modern and expressive that a recent critic described them as historical treasures But at the very moment when Vizzana's works appeared in 1623 she would be the only Bolognese nun ever to publish her music extraordinary troubles beset her and her fellow nuns as episcopal authorities arrived to investigate anonymous allegations of sisterly improprieties with male members of their order Craig A Monson retells the story of Vizzana and the nuns of Santa Cristina to elucidate the role that music played in the lives of these cloistered women Gifted singers instrumentalists and composers these nuns used music not only to forge links with the community beyond convent walls but also to challenge and circumvent ecclesiastical authority Monson explains how the sisters of Santa Cristina refusing to accept what the church hierarchy called God's will and what the nuns perceived as a besmirching of their honor fought back with words and music and when these proved futile with bricks roof tiles and stones These women defied one Bolognese archbishop after another cardinals in Rome and even the pope himself until threats of excommunication and abandonment by their families brought them to their knees twenty five years later By then Santa Cristina's imaginative but frail composer literally had been driven mad by the conflict Monson's fascinating narrative relies heavily on the words of its various protagonists on both sides of the cloister wall who emerge vividly as imaginative independent minded and not always sympathetic figures In restoring the musically gifted Lucrezia Orsina Vizzana to history Monson introduces readers to the full range of captivating characters who played their parts in seventeenth century convent life     **The Cambridge Companion to Michael Tippett** Kenneth Gloag, Nicholas Jones, 2013-01-17 This Companion provides a wide ranging and accessible study of one of the most individual composers of the twentieth century A team of international scholars shed new light on Tippett's major works and draw attention to those that have not yet received the attention they deserve     **Music at the Gonzaga Court in Mantua** Donald Sanders, 2012-03-20 Beginning in the second half of the fifteenth century under the patronage of the Gonzaga family the northern Italian city of Mantua became a vibrant center for visual art theatre and music The performance at the Gonzaga court of Poliziano's *Fabula di Orfeo* around 1480 marked the beginning of secular music theatre The use of musical numbers within the drama anticipated the beginnings of opera at Florence a century later as well as the first masterpiece of the genre Monteverdi's *La favola d'Orfeo* at Mantua in 1607 Mantua reached the zenith of its artistic distinction during the reign of Duke Vincenzo I between 1587 and 1612 During this time Wert and Gastoldi were joined at the court by the important Jewish composer Salamone Rossi and most notably by Monteverdi The premieres of his *Orfeo* and

Arisanna made the Gonzaga court for that brief period the most important center in the development of opera. In Music at the Gonzaga Court in Mantua Donald C Sanders discusses musical composition at the court in the context of the brilliant visual art that provided such a conducive environment. Sanders also traces the history of this very colorful family and their relationships with the emperors, kings, and popes who shaped modern Europe. Part history, part musicology, Sanders' analysis spans the fifteenth century through the seventeenth century, filling informative gaps with details essential for students in courses on Renaissance or Baroque music or in more specialized courses on madrigal opera or liturgical music. Music at the Gonzaga Court in Mantua is also important reading for knowledgeable musical amateurs and anyone with interest in Italian history and arts.

**Monteverdi's Last Operas: A Venetian Trilogy** Ellen Rosand, 2007-12-03 Claudio Monteverdi 1567-1643 was the first important composer of opera. This innovative study by one of the foremost experts on Monteverdi and seventeenth-century opera examines the composer's celebrated final works: *Il ritorno d'Ulisse* 1640 and *L'incoronazione di Poppea* 1642 from a new perspective. Ellen Rosand considers these works as not merely a pair but constituents of a trio: a Venetian trilogy that Rosand argues properly includes a third opera, *Le nozze d'Enea* 1641. Although its music has not survived, its chronological placement between the other two operas opens new prospects for better understanding all three, both in their specifically Venetian context and as the creations of an old master. A thorough review of manuscript and printed sources of *Ritorno* and *Poppea* in conjunction with those of their erstwhile silent companion offers new possibilities for resolving the questions of authenticity that have swirled around Monteverdi's last operas since their discovery in the late nineteenth century. *Le nozze d'Enea* also helps to explain the striking differences between the other two, casting new light on their contrasting moral ethos: the conflict between a world of emotional propriety and restraint and one of hedonistic abandon.
