*People and Races* Alice Mossie Brues,1990      **The People's Race Inc.** Michael S. K. N. Tsai,2016-11-30 The Honolulu Marathon debuted in 1973 as the shared vision of a maverick cardiologist bent on proving the benefit of long distance running for cardiac patients and an impetuous mayor eager to prove Honolulu the equal of the top cities in the country Over a span of forty plus years the race matured into one of the largest marathons in the world a 100 million economic engine for its home state and a launch pad for some of the most dominant long distance runners in modern history From its modest start as a community event for local amateurs the race now regularly attracts 30 000 entrants more than half from Japan and boasts elite fields led by Kenyan and Ethiopian professional runners each hoping to earn a share of a 150 000 prize purse The People s Race Inc captures the personalities politics and power plays behind the burgeoning growth of the Honolulu Marathon and provides a unique lens for understanding the complex history of the sport itself Drawn from revealing interviews with those closest to the event as well as exhaustive research journalist Michael Tsai presents an insider s account of how organizers forged lucrative partnerships with foreign investors helped initiate the age of African dominance of the marathon and weathered some of the most bizarre challenges imaginable The book also exposes the ways in which the marathon s expansive growth mirrored the explosive at times bewildering development of post statehood Hawai i

**Chambers's Information for the People** William Chambers,1884      With the World's People: Greece. Rome. Southern Italy John Clark Ridpath,1913      Indigenous People, Race Relations and Australian Sport Christopher J. Hallinan,Barry Judd,2016-05-06 The Indigenous peoples of Australia have a proud history of participation and the achievement of excellence in Australian sports Historically Australian sports have provided a rare and important social context in which Indigenous Australians could engage with and participate in non Indigenous society Today Indigenous Australian people in sports continue to provide important points of reference around which national public dialogue about racial and cultural relations in Australia takes place Yet much media coverage surrounding these issues and almost all academic interest concerning Indigenous people and Australian sports is constructed from non Indigenous perspectives With a few notable exceptions the racial and cultural implications of Australian sports as viewed from an Indigenous Australian Studies perspective remains understudied The media coverage and academic discussion of Indigenous people and Australian sports is largely constructed within the context of Anglo Australian nationalist discourse and becomes most emphasised when reporting on aspects of racial and cultural explanations of Indigenous sporting excellence and failures associated anomalous behaviour This book investigates the many ways that Indigenous Australians have engaged with Australian sports and the racial and cultural readings that have been associated with these engagements Questions concerning the importance that sports play in constructions of Australian indigeneities and the extent to which these have been maintained as marginal to Australian national identity are the central critical themes of this book This book was published as a special issue of Sport in Society

Races & Immigrants in USA John R. Commons, 2020-12-17 All men are created equal So wrote Thomas Jefferson and so agreed with him the delegates from the American colonies But we must not press them too closely nor insist on the literal interpretation of their words They were not publishing a scientific treatise on human nature nor describing the physical intellectual and moral qualities of different races and different individuals but they were bent upon a practical object in politics They desired to sustain before the world the cause of independence by such appeals as they thought would have effect and certainly the appeal to the sense of equal rights before God and the law is the most powerful that can be addressed to the masses of any people This is the very essence of American democracy that one man should have just as large opportunity as any other to make the most of himself to come forward and achieve high standing in any calling to which he is inclined To do this the bars of privilege have one by one been thrown down the suffrage has been extended to every man and public office has been opened to any one who can persuade his fellow voters or their representatives to select him Race, Ethnicity and Law Mathieu Deflem, 2017-06-01 This new volume of Sociology of Crime Deviance and Law addresses issues of race and ethnicity within the law and law related phenomena *Races and Immigrants in America* John R. **Intersectionality** Anna Lawson,2016-07-22 This book contributes to a critical reflection of current legislative and jurisprudential developments in Non Discrimination Law focusing on the European Union The book is focused on intersectionality between gender race and disability and the question of whether and to what extent this intersection can be

adequately addressed in EU law The discussion rests on two basic assumptions First the multiplication of discrimination grounds in EU law and other legal regimes should not result in a dilution of the demands of equality law Accordingly the book focuses on the three key grounds race gender and disability These constitute nodes around which other discrimination grounds can be grouped Second any multi ground non discrimination law framework needs to engage with the question of discrimination on several grounds This book provides a critical evaluation of some of the problems presented by such intersectionality and an opportunity to explore the issues in depth This collection offers some new proposals relating to the regrouping of identity categories and to the general approach to socio legal research in the field It also contains a comparative section which expands on practical experiences with intersectionality and law and a section dedicated to juridical responses to intersectionality The book will be a valuable resource for researchers academics and those working in the area of EU non discrimination law and policy

**Read Me, Liberals!** Stacey Smith, 2023-08-11 *Read Me Liberals* is an attempt to awaken a certain class of people that are morally at risk The modern United States political system is dominated by a two party system Democrats and Republicans Either party is perfect nor will the ever be perfect but the Democratic party has gone so far left it is a threat to the freedom and safety of American citizens The modern Democratic party and their allies want to dramatically alter the United States to their fascist ideology They want total control of you and I by any means necessary They want to control how you think and what you can say Most importantly they want you to be submissive to a complete totalitarian government control This book exposes all the hypocrisy corruption and moral insanity that comes from the left Most importantly it exposes the two tiered justice system one for Democrats and one for the rest of us This book is meant to target liberals democrats and independents but will help educate conservatives and Republicans as well I challenge anyone that loves the United States to read this and help save this country while we still can Liberals will continue to push their one world order agenda until they get what they want The United States is more politically divided than any other time in history and we need to come together somehow
