Commemorating the 70th Anniversary of Red Swastika School Red Swastika School,2021 *Red Swastika School* Red Swastika School,1991 The Rape of Nanking Zhang Sheng,2021-11-08 The Massacre of Nanking took place in 1937 during the War of the Japanese Invasion of China 75 years after the event we are finally able to analyze and study what happened in Nanking on three levels as an historical event as a legal case and as an object in the Chinese people s collective consciousness **Nanking** Masahiro Yamamoto,2000-08-30 The December 1937 incident that has come to be known as the Rape of Nanking is without doubt a tragedy that will not soon be forgotten While acknowledging that a tremendous loss of life occurred this study challenges the current prevailing notion that the incident was a deliberate planned effort on the part of the Japanese military and analyzes events to produce an accurate estimate of the scale of the atrocities Drawing on Chinese Japanese and English sources Yamamoto determines that what happened at Nanking were unfortunate atrocities of conventional war with precedents in both Eastern and Western military history He concludes that post war events such as the war crimes trials and the impact of the Holocaust in Europe affected public opinion regarding Nanking and led to a dramatic reinterpretation of events The Rape of Nanking consisted of two distinct phases the mass execution of prisoners of war as well as conscription age men who appeared to be combatants and the delinquent acts of individual soldiers The first phase which occurred immediately after Nanking s fall and which claimed most of the atrocity victims was the result of the Japanese military s attempt to clear the city of Chinese soldiers thought to be in plain clothes The second phase which lasted approximately six weeks was horrible but resulted in a much smaller number of fatalities It was characterized by numerous criminal acts ranging from rape and murder to arson and theft committed by unrestrained Japanese soldiers The root cause for both phases was the Japanese military s bureaucratic inefficiency and command irresponsibility While both Chinese and American contemporary sources initially attributed the incident to these causes subsequent Japanese atrocities against both military and civilian Allied personnel during World War II and evidence presented at war crimes trials would come to reshape perceptions of the Nanking events as an Asian counterpart to the Nazi Holocaust **Nanking 1937** Robert Sabella,Feifei Li,David Liu,2015-06-03 In recent years the international community has begun to scrutinize and in many cases condemn the atrocities that took place at Nanking in late 1937 This is all part of a larger worldwide movement in which both nations and multinational groups are attempting to reach closure regarding past atrocities and inhumanities As represented by the contributors to this book these activities have an importance reaching far beyond aggressors or victims beyond admission or vindication but rather are a search for the common causes of all human atrocities and for solutions that would set humanity on a path toward a more peaceful and harmonious international community The World Red Swastika Society Prospectus ,1932 2 Girls 1 Cup Lin Xun,Ian Tinny,Dead Writers Club,Rex Curry,2017-01-10 Supermodel and super writer Lin Xun exposes 2 girls 1 cup Her phrase is shorthand for Stalin and Hitler and especially when those two hooked up together It is

ARE YOU A NOT SEE? Mister Gusano, Robert C. Prentice, William Phideaux, Are you a Not See Do you not see Most historians did not see the amazing discoveries explained in this book about the academic work of Professor Dr Rex Curry Most people do not see it because they have been deceived by socialist schools government schools and the old media The symbol on the cover of this book represents the Not See movement Modern political debates often describe the only two opposing alternatives as Communists versus Nazis The description is a dishonest trick the words Communist and Nazi are used to divert attention from the larger shared problem of Socialism The famed Linguist Dr Rex Curry exposed modern historical amnesia concerning Hitler s vocabulary Almost everyone including every so called scholar refers ignorantly to Hitler as a Nazi or a Fascist and not as a Socialist Educational Outreach Programs EOPs energized by Dr Rex Curry s scholarship are the only services that inform benighted scholars that Hitler self identified as Socialist He did not self identify as Nazi nor as Fascist No other linguist provides this vital public awareness So if you ever see a sentence like the following one then you know it was from EOPs for Dr Curry s work Hitler didn t call himself Nazi or Fascist he called himself Socialist The linguistic EOPs above led to many amazing historical discoveries including revelations about Anne Frank s Diary Adolf Hitler s Mein Kampf Sophie Scholl s White Rose group Joseph Goebbels Der Nazi Sozi Martin Niemoller s verse First They Came For the Socialists the swastika symbol the hexagram Star of David and how Hitler changed BOTH symbols together the etymological history of Roman Salute and much more Except for the American Linguist Laureate Dr Rex Curry every other historian did not see how the USA s Pledge of Allegiance led to Nazi salutes and Nazi behavior and how the original pledge s use of military salutes led to Nazi salutes Also historians did not see the similar symbolism of Adolf Hitler s NSV SA and SS logos as compared with the logo of Hitler s party the National Socialist German Workers Party Even today only exceptional scholars with extraordinary skills e g Dr Curry are able to discern the S letter shape of the NSV s logo The National Socialist People s Welfare in German Nationalsozialistische Volkswohlfahrt The S symbolism is almost as difficult to perceive as in Hitler s Hakenkreuz hooked cross It is as undetectable as in the symbols for the SS and SA Schutzstaffel and Sturmabteilung

All historians other than Dr Curry did not see how Hitler used his party's symbol to represent S letter shapes for SOCIALIST. Do you not see Professor Curry transformed the culture of India along with Hinduism and Buddhism? Before Dr Curry's discoveries, Buddhists and Hindus published complaints that Hitler stole their swastika symbol and ruined it, and they want to restore respect for their ancient symbol. Educational Outreach Programs EOP about Dr Curry's work taught India's commentators that Hitler's symbol was not a swastika and that Hitler never called it a swastika. An upheaval occurred among Buddhists and Hindus in their objections. Now they proudly assert Hitler called his symbol a Hakenkreuz, hooked cross, not a swastika. It was not the same symbol, Dr Curry told us.

Superstitious Regimes Rebecca Nodostup, 2010-07-01. We live in a world shaped by secularism, the separation of numinous power from political authority and religion from the political, social, and economic realms of public life. Not only has progress toward modernity often been equated with secularization, but when religion is admitted into modernity, it has been distinguished from superstition. That such ideas are continually contested does not undercut their extraordinary influence. These divisions underpin this investigation of the role of religion in the construction of modernity and political power during the Nanjing Decade, 1927-1937, of Nationalist rule in China. This book explores the modern recategorization of religious practices and people and examines how state power affected the religious lives and physical order of local communities. It also looks at how politicians conceived of their own ritual role in an era when authority was meant to derive from popular sovereignty. The claims of secular nationalism and mobilizational politics prompted the Nationalists to conceive of the world of religious association as a dangerous realm of superstition that would destroy the nation. This is the first superstitious regime of the book's title. It also convinced them that national feeling and faith in the party state would replace those ties. The second superstitious regime.

Urbanizing China in War and Peace Toby Lincoln, 2015-05-31. Urbanizing China in War and Peace rewrites the history of rural-urban relations in the first half of the twentieth century by arguing that urbanization is a total societal transformation and as important a factor as revolution, nationalism, or modernity in the history of modern China. Linking the global and the local in space and time, China's urbanization was not only driven by industrial capitalism and the expansion of the state but also shaped how these forces influenced daily life in the city and the countryside. Although the conflict that beset China after the Japanese invasion in 1937 affected the development of cities, towns, and villages, it did not derail previous changes. To truly understand how China has emerged as the world's largest urban society, we must consider such continuities across the first half of the twentieth century during periods of war as well as peace. The book focuses on Wuxi, a city that lies a hundred miles to the west of Shanghai. In the early twentieth century, local industrialists were responsible for it quickly becoming the largest industrial city in China outside treaty ports. They built factories, roads, and other infrastructure outside the old city walls and in surrounding towns and villages. Chapters examine the county's transformation as recorded in guidebooks and travel magazines of the time and the role of the state in the early 1920s and into the Nanjing Decade, when new administrative laws led to the continued

expansion of the city under both municipal and county officials They explore the revival of the silk industry during the Japanese occupation and the industry's role in driving urbanization as well as efforts by Chinese leaders to carry out prewar development plans despite lockdowns and qingxiang clean the countryside campaigns In the midst of the barbed wire and watch towers plans to shape the built environment in Wuxi County and the region as a whole persisted and were carried out Ambitious and well researched Urbanizing China in War and Peace will appeal to scholars and students of Chinese urban history the Anti Japanese War of Resistance and the Republican period Its engagement with issues of urbanization in general will interest urban historians of other times and places

AGNOTOLOGY American Psycho Association, Ignatius J. Reilly III, Agnes Moorehead, Ian Tinny, Agnotology is the study of ignorance This expose unleashes a new attack on traditional questions about how we know to ask Why don't we know what we don't know Agnotology formerly agnatology shows that ignorance is often more than just a lack of knowledge it can also be the deliberate manufactured outcome of political and cultural struggles What keeps ignorance alive or allows it to be used as a political weapon of mass destruction Ignorance has a history and a political geography but there are also things people don't want you to know Ignorance is bliss is a common cliché This book treats examples from the realms of economic illiteracy history global climate change militarism environmental denialism archaeology and an archaeology racial ignorance and more Those who do not study the past are condemned to repeat it The goal of Agnotologists is to better understand how and why various forms of knowing do not come to be or have disappeared or have become invisible
