Redemption Realized Through Christ Leland M. Haines,1997-03-01 **Biblical Dogmatics** Milton Spenser Terry,1907

All the Doctrines of the Bible Herbert Lockyer,1964 His systemized study and analysis of the major Bible doctrines provides for readers Dr Lockyer s approach to understanding doctrines in logical sequence This method of biblical presentation can and should lead to a valuable comprehension of the Christian faith *Biblical Theology* Ben Witherington, III,2019-07-04 In *Biblical Theology* Ben Witherington III examines the theology of the Old and New Testaments as a totality Going beyond an account of carefully crafted Old and New Testament theologies he demonstrates the ideas that make the Bible a sacred book with a unified theology Witherington brings a distinctive methodology to this study Taking a constructive approach he first examines the foundations of the writers symbolic universe what they thought and presupposed about God and how they revealed those thoughts through the narratives of the Old and New Testaments He also shows how the historical contexts and intellectual worlds of the Old and New Testaments conditioned their narratives and in the process created a large coherent Biblical world view one that progressively reveals the character and action of God Thus the Yahweh of the Old Testament the Son in the Gospels and the Father Son and Spirit in the New Testament writings are viewed as persons who are part of the singular divine identity Witherington s progressive revelation approach allows each part of the canon to be read in its original context and with its original meaning *THE TESTIMONY OF JOHN: 1907 Biblical Study Notes on the Gospel of John* George N.H. Peters,2017-01-01 From cover to cover conception to completion this book is about Jesus It addresses and answers the fundamental question of His identity and mission The book never waivers from this original purpose and structure Who better to inform us of Jesus than John the disciple whom Jesus loved the person to whom Jesus often confided in and to whom He ultimately entrusted with His own future Revelation And who better to expose these truths than Mr George N H Peters gifted Bible teacher and faithful steward of the Word of God throughout his lifetime Composed in the form of study notes the author directs attention away from modern mystical interpretations of this Gospel towards what John intended to accomplish i e confront the reader with the predicted Messiah Jesus and in so doing provide reasons to believe and through believing find the very promise of eternal life John calls this work his testimony like a witness pleading before a jury of his peers he lays out a selection of evidence He claims that he could easily have written volumes but these things he wrote so that the reader might believe The beauty of this book lies in the evidence John chooses to put forth the impact of the book slightly over 100 years old stems from the ability of Mr Peters to point out these things and then allow the testimony to speak for itself Over the last century many able men and women have undertaken to expound the Gospel of John The reader will not find a more plainly written account than what Mr Peters penned during the last years of his life

Olson,2016-12-12 Paul quotes and alludes to a great variety of Old Testament scriptural sources as he writes his epistle to the Romans Yet among these scriptural sources the apostle evidences a unique indebtedness to the prophecy of Isaiah Robert C Olson explains how from this great prophecy and its redemptive narrative centering in the proclamation of good news Paul derives all the major facets of the gospel he sets forth in the epistle **The Biblical repositior (and quarterly observer)**

Robinson. [With] General index, January 1831-October 1844 Edward Robinson,1848 A Categorical, Alphabetical Bible Study Vol. 2 Dr. Terry L. Puett, *The Testimony of Jesus: 1907 Biblical Study Notes on the Book of Revelation* George N.H. Peters,2015-10-15 This book contains the author s George N H Peters never before published 1907 study notes on the biblical book of Revelation Mr Peters unique approach to interpretation faithfully adheres to the the plain grammatical sense of scripture By doing so He successfully combines biblical prophecy with oath bound covenants Abrahamic and Davidic to unlock this book s predominant symbolic language Peters correctly identifies Jesus not St John as the real source of this prophecy He clarifies the main subject of the book as being not a Revelation of future events but rather an Apocalypse a personal appearing He further demonstrates through the symbols used that the Day of the Lord or 2nd Advent like the 1st Advent will unfold in distinct stages and over a discernible period of time Therefore although this study is today over 100 years old the reader is instantly confronted through this Testimony by Jesus the predicted Son of Man righteously administering the judgements of God and proclaiming His physical return to establish His Kingdom on earth The prophetic future series of events laid out strikes the reader as eerily similar to today s dangerous and chaotic world *The Churchman* ,1913 Cyclopaedia of Biblical, Theological, and Ecclesiastical Literature: Rh-St John McClintock,1880 **Cyclopædia of Biblical, Theological, and Ecclesiastical Literature** John McClintock,James Strong,1891 **RELIGIOUS SYNCRETISM**

IN AFRICAN CHRISTIANITY ISALIAH OLUWAJEMIRIYE OLATOYAN, 2024-04-18 Christianity among the African people whether on the soil of Africa or in diaspora is perceived and defined differently by different people For instance among African traditional religious people and Muslims Christianity is a foreign religion that must not be allowed to thrive in Africa To several Africans who profess Jesus Christianity is good but it is not adequate and effective enough to handle all human needs Still among some Western Christians and missionaries African Christianity is superficial and lacks total commitment to Christ Of course the Africans are a cultural people with profound religious inclinations Their traditional religion ATR has tremendously shaped their worldviews and socioeconomic and political activities Consequently when traditional Africans are converted to Christianity they do not break ties with their traditional religions completely The examination of relevant biblical texts on syncretism however reveals that God condemns the worship of many gods and places a curse on anyone who offers sacrifices to carved images and bows to them in worship Therefore this work investigates the root cause of religious syncretism among African people In the attempt to find answers to why the average African Christian finds it difficult if not impossible to abandon his her traditional religious belief systems completely to embrace Christianity the author concludes that unless the issues surrounding the African forgotten and secret covenants are exposed and decisively addressed in the light of biblical teaching syncretism will continue to be a stigma on the fabric of African Christianity Therefore to overcome the threats of syncretism in African Christianity there is a need to establish a sound theological and missiological framework that can address the problems associated with the African worldviews and belief systems This task must be carried out under the searchlight of Scriptures **The Oberlin Evangelist** ,1839 *The Concordia Cyclopedia* Ludwig Fuerbringer,1927 A handbook of religious information with special reference to the history doctrine work and usages of the Lutheran Church
