Smith,2012-02-01 Leo Cherne s life brimmed with paradox and improbability He was born in the Bronx to a poor immigrant Jewish family and yet rose to the heights of economic and political power in WASP America A successful entrepreneur and an unofficial advisor to nine presidents he nevertheless devoted the majority of his time to humanitarian causes particularly the International Rescue Committee which he chaired for forty years From Hungary to Cuba to Cambodia Cherne traveled across the globe on behalf of political refugees A consummate networker he also had the uncanny ability to attract and cultivate talented people before they became prominent including such figures as John F Kennedy Ronald Reagan Patrick Moynihan Claiborne Pell Tom Dooley William Casey John Whitehead and Henry A Kissinger He was presented with the Presidential Medal of Freedom in 1984 by Ronald Reagan who proclaimed that although never elected to governmental office Leo Cherne had more influence on American foreign policy than most elected officials The underlying theme of his life was that one person without family contacts or wealthy connections could make a difference worldwide in political and humanitarian affairs **The Message of the Rainsnow** J. Rainsnow,2002-02-05 THE MESSAGE OF RAINSNOW a book which stands by itself is the inspirational and practical sequel to THE JOURNEY OF RAINSNOW While the first book presented an esoteric chronicle filled with insights for our times THE MESSAGE OF RAINSNOW crystallizes the unfolding consciousness of THE JOURNEY into a pragmatic blueprint for achieving global transformation As many other books it upholds the values of community spirituality and respect for nature seeing in these elements the pillars of our collective salvation Unlike other books however this one seeks not only to promote these invaluable ideals but to build a concrete bridge from where we are now to where we must go to the new world of the future in which these cherished but distant ideals will finally become reality Most importantly of all THE MESSAGE OF RAINSNOW seeks to awaken and to create the living people who will become the embodiment of these indispensable ideals the advanced guard of our world s march to life It is a journey and a privilege which begins by reading this book **Advocacy Journalists** Edd Applegate,2009-05-11 In all likelihood advocacy journalism is the oldest form of reportage It appears frequently whenever journalists desire to advocate their beliefs or ideas about major political or social problems In Advocacy Journalists A Biographical Dictionary of Writers and Editors Edd Applegate identifies the most notable figures in this field Each entry contains biographical information about a writer or editor who either wrote advocacy journalism or edited one or more publications that featured such material Entries consist of discussions of the journalists lives professional careers major works and in some cases commentary on those works Among those profiled here are such notables as Ambrose Bierce William F Buckley Jr Eldridge Cleaver Daniel Defoe Germaine Greer Pete Hamill Karl Marx H L Mencken George Orwell Thomas Paine Wilfrid Sheed Gloria Steinem and

Jonathan Swift Unlike other books that focus on the form of advocacy journalism itself or how and why it developed this book focuses on the lives of journalists and editors and their contributions to advocacy journalism For scholars teachers and students of journalism along with general readers who wish to discover more about advocacy journalism this volume is an important and accessible resource **William F. Buckley Jr.** Lee Edwards, 2023-11-07 The modern day Renaissance man who built the conservative movement The polysyllabic vocabulary the wit the charm the sailing adventures the spy novels all of these have become part of the William F Buckley Jr legend But to consider only Buckley s charisma and ceaseless energy is to miss that above all he was committed to advancing ideas Now noted conservative historian Lee Edwards who knew Bill Buckley for more than 40 years delivers a much needed intellectual biography of the man who has been called the most important public intellectual in the United States in the past half century In this concise and compelling book Edwards reveals how Buckley did more to build the conservative movement than did any other person Once derided as a set of irritable mental gestures conservatism became under Buckley s guidance a political and intellectual force that transformed America As conservatives debate the ideas that should drive their movement William F Buckley Jr The Maker of a Movement reminds us of the principles that animated Buckley as well as the thinkers who inspired him Having dug deep into the voluminous Buckley papers Edwards also illuminates the profound influence of Buckley s close knit family and his unwavering Catholic faith Edwards brilliantly captures the free spirit and unbounded energy of the conservative polymath but he also shows that Buckley did not succeed merely on the strength of a winning personality Rather Buckley s achievements were the result of a long series of quite deliberate political acts many of them overlooked today William F Buckley Jr The Maker of a Movement tells the incredible story of a man who could have been a playboy sailing his yacht and skiing in Switzerland but who chose to be the St Paul of the conservative movement carrying the message far and wide Lee Edwards shows how and why it happened and the remarkable results
