Now and Then Robert Hass, 2010-05 When a simple case turns into a treacherous and politically charged investigation Spenser faces his most difficult challenge yet keeping his cool while his beloved Susan Silverman is in danger Spenser knows something's amiss the moment Dennis Do Asian Diaspora Poetry in North America Benzi Zhang, 2007-12-12 Presenting a new way of reading that helps us discern some previously unnoticed or unnoticeable features of Asian diaspora poetry this volume highlights how poetry plays a significant role in mediating and defining cross cultural and transnational positions Asian diaspora poetry in North America is a rich body of poetic works that not only provide valuable material for us to understand the lives and experiences of Asian diasporas but also present us with an opportunity to examine some of the most important issues in current literary and cultural studies As a mode of writing across cultural and national borders these poetic works challenge us to reconsider the assumptions and meanings of identity nation home and place in a broad cross cultural context In recent postcolonial studies diaspora has been conceived not only as a process of migration in which people crossed and traversed the borders of different countries but also as a double relationship between different cultural origins With all its complexity and ambiguity associated with the experience of multi cultural mediation diaspora as both a process and a relationship suggests an act of constant repositioning in confluent streams that accommodate to multiple cultural traditions By examining how Asian diaspora poets maintain and represent their cultural differences in North America Zhang is able to seek new perspectives for understanding and analyzing the intrinsic values of Asian cultures that survive and develop persistently in North American societies
