Referendum Experience In Europe Pr

Laurence Morel, Matt Qvortrup

Referendum Experience In Europe Pr:

The Referendum Experience in Europe Pier Vincenzo Uleri, Michael Gallagher, 2016-07-27 The referendum has become established as part of the decision making process in many European countries Experts from each country survey the historical experience and current debates in Austria Denmark Finland France Ireland Italy the Netherlands Norway Russia and eastern Europe Sweden Switzerland and the United Kingdom The impact of the referendum experience upon European politics is assessed and the merits of the use of the referendum are evaluated with a discussion on the implications for political parties party systems and representative government *The Politics of Referendum Use in European Democracies* Saskia Hollander, 2019-04-02 This book demonstrates that the generally assumed dichotomy between referendums and representative democracy does not do justice to the great diversity of referendum types and of how referendums are used in European democracies Although in all referendums citizens vote directly on issues rather than letting their political representatives do this for them some referendums are more direct than others Rather than reflecting the direct power of the People most referendums in EU countries are held by and serve the interests of the political elites most notably the executive The book shows that these interests rarely match the justifications given in the public debate Instead of being driven by the need to compensate for the deficiency of political parties decision makers use referendums primarily to protect the position of their party In unravelling the strategic role played by national referendums in decision making this book makes an unconventional contribution to the debate on the impact of referendums on democracy *Referendums and the European Union* Fernando Mendez, Mario Mendez (College teacher), Vasiliki Triga, 2014-06-12 A comprehensive and comparative treatment of the EU referendum experience based on an interdisciplinary approach that combines law and politics **EU Enlargement and Referendums** Aleks Szczerbiak, Paul Taggart, 2013-09-13 A series of EU accession referendums were held in nine candidate countries eight post communist states and Malta between March and September 2003 These referendums provide us with an excellent comparative opportunity to deepen our understanding of the European integration issue and how it interacts with domestic politics and of the dynamics of referendums in general and referendums on the European issue in particular This book therefore provides a set of focused comparisons between these different cases Each of the individual chapters provides an authoritative analysis of the referendum campaign and outcome in each of the countries concerned by a leading specialist on the politics of that country This book was previously published as a special issue of the journal West European Politics *The Routledge Handbook to Referendums and Direct Democracy* Laurence Morel, Matt Qvortrup, 2017-12-12 Over the last 30 years referendums have played an increasingly important role in determining government policy Recent high profile referendums in Scotland Catalonia and Ukraine have continued the movement towards independence referendums following decolonization and the end of the Cold War The Greek bailout referendum and Britain's vote on membership of the EU reflect a tradition of European states giving their people a direct say in the transfer

of sovereign powers to the European Union seen through the ratification of key treaties such as Maastricht Amsterdam Nice and Lisbon This Routledge Handbook covers key aspects and issues of direct democracy and referendums throughout the world including their history when why where how and on which issues referendums are held why some referendums are more democratic than others how referendums are won whether they produce good policies if referendums increase participation and improve the quality of representative democracies do referendums increase trust in democracy and the political actors the impact of new technology on the possibilities methods and frequency of direct public political participation how they should be regulated Covering other related areas such as recall citizen juries and random selection this compendium is an indispensable guide to referendums and the workings of modern democracy **Handbook of Direct Democracy in Central and Eastern Europe after 1989** Maria Marczevska-Rytko, 2018-04-23 Since the collapse of the Soviet Union the political history of Central and Eastern Europe has been mainly the story of arise consolidation transformation and struggles of new democratic regimes and societies The handbook offers an instructive approach to that history focusing on the relevance of practices and institutions of direct democracy It collects 20 political analyses of direct democracy in 20 Central and Eastern European countries after 1989 [The Palgrave Handbook of European Referendums](#) Julie Smith, 2021-03-02 This handbook provides an empirically rich analysis of referendums in Europe from the end of the Second World War to the present It addresses a range of perennial theoretical and legal questions that face policy makers when they offer citizens the chance to take or influence decisions by referendum not least whether to accept the will of the people Taking a multi disciplinary approach drawing on historical philosophical and political science perspectives the book includes a contextual section on the history of referendums the theoretical questions underpinning their use and on constitutional and legal questions about the use of referendums The empirical sections are divided into those referendums that focus on domestic issues such as constitutional matters or questions of social policy and those related to the European Union including membership referendums and treaty ratification **Citizens' Initiatives in Europe** M. Setälä, T. Schiller, 2012-03-13 An exploration and analysis of the regulation and practices of citizens initiatives in eleven European democracies and the EU The contributors to this volume shed light on how citizens initiatives influence patterns of political agenda setting in representative democracies and how they can contribute to participatory democracy *A Comparative Study of Referendums* Mads Qvortrup, Matt Qvortrup, 2005-10-07 Combining an account of the political history and philosophy of the referendum with a thorough assessment of the practical experiences with referendums in western democracies this book has established itself as the unrivalled market leader in the field Fully revised and with new chapters on campaign spending and the administration of referendums the second edition of this book provides a thorough overview of the theory and practice of referendums **Referendums Around the World** Matt Qvortrup, 2017-08-16 This book provides a comprehensive summary and analysis of all the nationwide referendums since 1793 Referendums are ubiquitous and they

are increasingly becoming vehicles for political change or sometimes vehicles of conservatism In 2016 for example the voters in the United Kingdom caused a major upheaval when they voted for leaving the European Union Later in the same year a majority of the voters in Colombia rejected a peace plan carefully negotiated by the political elites to end decades of civil war Were these decisions prudent Why were these issues submitted to referendums Why did the majority of voters vote against the governments recommendations Have the people had grown tired of the old political class Was this a new tendency These are some of the questions addressed in this new edition which will be compulsory reading for anyone interested in or concerned about populism and democracy

Voices of Europe Simon Hug,2002 In order to assess the impact of referendums on European integration this study offers a comparative analysis of referendums that have occurred so far It then draws on comparative data to analyze the consequences of referendums

Direct Democracy and Minorities Wilfried Marxer,2012-02-27 Modern direct democracy has become an essential element of political life in many countries in Europe and worldwide The initiative and referendum process offers extra channels for citizen participation and thus represents an important supplementary institution in modern democracies This third volume of the series Direct Democracy in Modern Europe focuses on direct democratic decisions on minority affairs The main question is whether direct democracy tends towards a domination of the majority over a minority producing new conflicts or whether how and under what conditions it helps to solve problems in complex societies and leads to lasting solutions to political disputes This volume includes articles by specialist researchers on historical experiences of direct democratic decisions on territorial conflicts theoretical considerations on direct democracy and minorities case studies on popular votes concerning minority issues several country case studies the role of the media in direct democratic campaigns on minority affairs the potential of transnational direct democracy

The Dynamics of Referendum Campaigns Claes H. de Vreese,2007-10-24 This book focuses on the key actors in a referendum the political elites parties the media and citizens and is centred around themes such as campaign style campaign effects electoral mobilization and turnout as well as vote choice The contributors consider the impact and importance of referendum campaigns

Referendums and Representative Democracy Maija Setälä,Theo Schiller,2009-09-10 This volume analyses how the use of referendums affects the central functions and characteristics of representative democracy It provides a balanced account of the interaction between referendums and representative institutions and actors seeking to evaluate whether referendums supplement or undermine representative democracy Considering both normative and empirical questions the volume also examines the particular circumstances under which referendums strengthen or weaken representative democracy Providing a variety of theoretical and methodological approaches used in the study of referendums this book is divided into three sections Referendums and the Models of Democracy The Demand of Referendums Party Ideologies and Strategies and Referendum Campaigns and Voter Behaviour It features case studies on Ireland Israel Canada California Italy Liechtenstein Switzerland the Nordic Countries the

Netherlands Spain and the EU Constitutional Treaty In addition to system level evaluations of referendums studies on the ideological attitudes of political actors and strategic use of referendums the volume also provides analyses of referendum campaigns and voters choices in referendums Covering referendums on European integration the volume also demonstrates how supra national governance gives rise to the demand of referendums This volume will be of interest to students and scholars of political science political theory comparative politics and European studies *Referendum Democracy* M. Mendelsohn, A. Parkin, 2001-09-25 As the referendum becomes a more regular component of decision making it leaves few if any institutions processes and values of democracy untouched Political actors of all kinds including political parties and interest groups seek to use the referendum device to further their own objectives The end result is a different kind of democracy than existed before This book lays out the comparative research agenda on the impact of referendums on the practice of liberal democracy *Referendums as Representative Democracy* Leah Trueblood, 2024-04-18 In referendums on fundamental constitutional issues do the people come together to make decisions instead of representatives This book argues no It offers an alternative theory of referendums whereby they are one of many ordinary ways that voters give direction to their representatives In this way the book argues that referendums are better understood as exercises in representative democracy The book challenges the current treatment of referendums in processes of constitutional change both in the UK and around the world It argues that referendums have been used under the banner of popular sovereignty in a way that undermines representative institutions This book makes the case for the use of referendums stronger by showing how they can support rather than undermine institutions of representative democracy Understanding referendums as exercises in representative democracy has broader implications for constitutional democracy as well Rather than see the power to constitute constitutions as something that happens occasionally in exceptional moments through referendums this book argues instead that voters constantly have the power to constitute and reconstitute their constitutions *Comparative Politics* Daniele Caramani, 2014 This exciting and authoritative introduction to comparative politics provides a range of perspectives methods and theories at the heart of political systems around the world Alongside explanations of the most important themes students are presented with a wealth of empirical data to demonstrate similarities and differences in practice and to encourage research This new edition takes account of the latest developments in the wake of democratic uprisings in North Africa and the Middle East and sees a much stronger emphasis on the financial crisis paying particular attention to state finances and stressing the effects of the crisis on political attitudes and forms of participation

Referendums and Ethnic Conflict Matt Qvortrup, 2022-04-05 Although referendums have been used for centuries to settle ethnonational conflicts there had yet been no systematic study or generalized theory concerning their effectiveness until Matt Qvortrup's *Referendums and Ethnic Conflict* Qvortrup's study filled the gap with a comparative and empirical analysis of all the referendums held on ethnic and national issues from the French Revolution to the 2012 referendum on

statehood for Puerto Rico Drawing on political theory and descriptive case studies the scholar created typologies of referendums that are held to endorse secession redraw disputed borders legitimize a policy of homogenization or otherwise manage ethnic or national differences He considered the circumstances that compel politicians to resort to direct democracy such as regime change and the conditions that might exacerbate a violent response Qvortrup offers a clear eyed assessment of the problems raised when conflict resolution is sought through referendum as well as the conditions that are likely to lead to peaceful outcomes This updated and revised edition includes a new introduction bringing the general field to the present as well as new specific sections on Scotland 2014 Catalonia 2017 and the Brexit vote in the United Kingdom 2016 The original work s political framework now also covers the literature on identity politics online campaigning the regulation of social media and how referendums are used increasingly as populist devices This edition also updates referendum results through the end of 2020

Sovereignty Referendums in International and Constitutional Law İlker Gökhan Şen, 2015-01-28 This book focuses on sovereignty referendums which have been used throughout different historical periods of democratization decolonization devolution secession and state creation Referendums on questions of sovereignty and self determination have been a significant element of the international political and legal landscape since the French Revolution and have been a central element in the resolution of territorial issues from the referendum in Avignon in 1791 until today More recent examples include Quebec East Timor New Caledonia Puerto Rico and South Sudan The global aim of this book is to achieve a better empirical and legal understanding of sovereignty referendums and related problems in international and national law and politics Accordingly it presents readers a comprehensive study of sovereignty referendums from the perspectives of both international and constitutional law

Nationalism, Referendums and Democracy Matt Qvortrup, 2020-03-16 This revised and expanded edition analyses the factors conducive to holding independence and secession referendums to winning these votes and to their status in domestic and international law Taking into account the votes in Catalonia and Scotland the book shows that votes on secession and independence are not a passing phenomenon but an important part of international politics The book includes an overview of the history of referendums on independence and a summary of the legal issues involved in doing so as well as a chapter on referendums in unrecognised states and case study chapters exploring referendums in Kosovo Cyprus Kurdistan and Somaliland amongst others By considering the ethical arguments for secession and recognition the legal norms governing the process and the positive and political science theory of when would be states succeed in becoming recognized by the international community it shows the role of referendums in the process of establishing new states and as a corollary their role if any winning international recognition for these states This book will be of interest to all scholars and students of political science law and even philosophy

Referendum Experience In Europe Pr Introduction

Referendum Experience In Europe Pr Offers over 60,000 free eBooks, including many classics that are in the public domain.

Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works.

Referendum Experience In Europe Pr Offers a vast collection of books, some of which are available for free as PDF

downloads, particularly older books in the public domain. Referendum Experience In Europe Pr : This website hosts a vast

collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a

popular resource for finding various publications. Internet Archive for Referendum Experience In Europe Pr : Has an

extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free

downloadable books. Free-eBooks Referendum Experience In Europe Pr Offers a diverse range of free eBooks across various

genres. Referendum Experience In Europe Pr Focuses mainly on educational books, textbooks, and business books. It offers

free PDF downloads for educational purposes. Referendum Experience In Europe Pr Provides a large selection of free eBooks

in different genres, which are available for download in various formats, including PDF. Finding specific Referendum

Experience In Europe Pr, especially related to Referendum Experience In Europe Pr, might be challenging as theyre often

artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your

own Online Searches: Look for websites, forums, or blogs dedicated to Referendum Experience In Europe Pr, Sometimes

enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Referendum Experience In Europe Pr

books or magazines might include. Look for these in online stores or libraries. Remember that while Referendum Experience

In Europe Pr, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or

obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook

lending services. Many libraries have digital catalogs where you can borrow Referendum Experience In Europe Pr eBooks for

free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks.

Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors

provide excerpts or short stories for free on their websites. While this might not be the Referendum Experience In Europe Pr

full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd

offer subscription-based access to a wide range of Referendum Experience In Europe Pr eBooks, including some popular

titles.

FAQs About Referendum Experience In Europe Pr Books

What is a Referendum Experience In Europe Pr PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Referendum Experience In Europe Pr PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Referendum Experience In Europe Pr PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Referendum Experience In Europe Pr PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Referendum Experience In Europe Pr PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
