David Kirk

Refiguring Critical Theory Jurgen Habermas And The Possibilities Of Political Change:

Refiguring Critical Theory Craig J. Hanks, 2002-08-26 Refiguring Critical Theory offers some thoughts about the nature of democracy and the possibilities of individual and collective self determination The text traces theories of the relationship between being and consciousness from Marx through Lukacs and the Frankfurt School to Habermas recent work The Theory of Communicative Action J Craig Hanks argues that an analysis of Habermas work will be incomplete if we do not understand it as growing out of a tradition of radical political thinking from Hegel through Marx and the early Critical Theorists **The**

Philosophy of Habermas Andrew Edgar, 2014-12-18 This comprehensive introduction to the thought of Jurgen Habermas covers the full range of his ideas from his early work on student politics to his recent work on communicative action ethics and law Andrew Edgar examines Habermas key texts in chronological order revealing the developments shifts and turns in Habermas thinking as he refines his basic insights and incorporates new sources and ideas Some of the themes discussed include Habermas early reshaping of Marxist theory and practice his characterization of critical theory his conception of universal pragmatics his theories of communicative action and discourse ethics and his defence of the project of modernity Edgar offers much more than a schematic run through of Habermas big ideas He deals in detail with Habermas arguments in order to demonstrate how he weaves together multiple strands of thought and he usefully situates Habermas ideas within the contexts of the history of German philosophy the history of sociology and within contemporary debates in both continental and analytic philosophy By engaging with some of Habermas key critics and contrasting his views with the ideas of contemporaries Edgar is able to give a clear sense of Habermas place and importance in contemporary philosophy and social theory **Habermas: The Key Concepts** Andrew Edgar, 2006-04-18 An independently minded champion of the project of modernity in a supposedly post modern age Jurgen Habermas 1929 is one of the most widely influential thinkers of our times An easy to use A Z guide to a body of work that spans philosophy sociology politics law and cultural theory Habermas The Key Concepts explores Habermas writings on capitalism genetics law neo conservatism universal pragmatics Fully cross referenced with extensive suggestions for further reading this is an essential reference guide to one of the most important social theorists of the last century

Refiguring Critical Theory James Craig Hanks, 2002 Refiguring Critical Theory offers some thoughts about the nature of democracy and the possibilities of individual and collective self determination The text traces theories of the relationship between being and consciousness from Marx through Lukacs and the Frankfurt School to Habermas recent work The Theory of Communicative Action J Craig Hanks argues that an analysis of Habermas work will be incomplete if we do not understand it as growing out of a tradition of radical political thinking from Hegel through Marx and the early Critical Theorists **Sport And Society: History, Power And Culture** Scambler, Graham, 2005-05-01 This text presents a comprehensive account of the contemporary sociology of sport It examines the changing role of sport in society and analyses topics such as representations of sport in the media and violence in sport [The Life of Hinduism](#) John

Stratton Hawley, Vasudha Narayanan, 2006-12-04 The Life of Hinduism brings together a series of essays many recognized as classics in the field that present Hinduism as a vibrant truly lived religion Celebrating the diversity for which Hinduism is known this volume begins its journey in the new India of Bangalore India s Silicon Valley where global connections and local traditions rub shoulders daily Readers are then offered a glimpse into the multifaceted world of Hindu worship life cycle rites festivals performances gurus and castes The book s final sections deal with the Hinduism that is emerging in diasporic North America and with issues of identity that face Hindus in India and around the world militancy versus tolerance and the struggle between owning one s own religion and sharing it with others Contributors Andrew Abbott Michael Burawoy Patricia Hill Collins Barbara Ehrenreich Evelyn Nakano Glenn Sharon Hays Douglas Massey Joya Misra Orlando Patterson Frances Fox Piven Lynn Smith Lovin Judith Stacey Arthur Stinchcombe Alain Touraine Immanuel Wallerstein William Julius Wilson Robert Zussman *International Philosophical Quarterly*, 2003 **Current Publications in Legal and Related Fields**, 2003 *Forthcoming Books* Rose Arny, 2003 **Sociological Abstracts**, 2004 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers **Self-Constitution of European Society** Jiří Příbáň, 2016-05-26 Recent social and political developments in the EU have clearly shown the profound structural changes in European society and its politics Reflecting on these developments and responding to the existing body of academic literature and scholarship this book critically discusses the emerging notion of European constitutionalism its varieties and different contextualization in theories of EU law general jurisprudence sociology of law political theory and sociology The contributors address different problems related to the relationship between the constitutional state and non state constitutionalizations and critically analyze general theories of constitutional monism dualism and pluralism and their juridical and political uses in the context of EU constitutionalism Individual chapters emphasize the importance of interdisciplinary and socio legal methods in the current research of EU constitutionalism and their potential to re conceptualize and re think traditional problems of constitutional subjects limitation and separation of power political symbolism and identity politics in Europe This collection simultaneously describes the EU and its self constitution as one polity differentiated society and shared community and its contributors conceptualize the sense of common identity and solidarity in the context of the post sovereign multitude of European society **Late Modernity and Social Change** Brian Heaphy, 2007-09-12 In this incisive text Heaphy introduces the work of Giddens Bauman Foucault and Baudrillard to show exactly how the arguments of the great contemporary theorists play out against extended examples from real life **Books in Print Supplement**, 2002 **The Cambridge History of Literary Criticism: Volume 9, Twentieth-Century Historical, Philosophical and Psychological Perspectives** George Alexander Kennedy, Christa Knellwolf, 1989 This ninth

volume in *The Cambridge History of Literary Criticism* presents a wide ranging survey of developments in literary criticism and theory during the last century Drawing on the combined expertise of a large team of specialist scholars it offers an authoritative account of the various movements of thought that have made the late twentieth century such a richly productive period in the history of criticism The aim has been to cover developments which have had greatest impact on the academic study of literature along with background chapters that place those movements in a broader intellectual national and socio cultural perspective In comparison with Volumes Seven and Eight also devoted to twentieth century developments there is marked emphasis on the rethinking of historical and philosophical approaches which have emerged especially during the past two decades as among the most challenging areas of debate

Theory and Practice Jürgen Habermas, 2015-10-07
Theory and Practice is one of Habermas's major works and is widely recognized as a classic in contemporary and social and political theory Through a series of highly original historical studies Habermas re-examines the relations between philosophy science and politics Beginning with the classical doctrine of politics as developed by Aristotle he traces the changing constellation of theory and practice through the work of Machiavelli More Hobbes Hegel and Marx He argues that with the development of the modern sciences politics has become increasingly regarded as a technical discipline concerned with problems of prediction and control Politics has thus lost its link with the practical cultivation of character that is with the praxis of enlightened citizens *Theory and Practice* includes a major re-assessment of Marx's work and of the status of Marxism as a form of critique In an important concluding chapter Habermas examines the role of reason and the prospects for critical theory in our modern scientific civilization

Humanity & Society, 2004 **Legitimation Crisis** Jürgen Habermas, 2015-10-07
 In this enormously influential book Jürgen Habermas examines the deep tensions and crisis tendencies which underlie the development of contemporary Western societies and develops a powerful analysis of the legitimation problems faced by modern states Habermas argues that Western societies have succeeded to some extent in stabilizing the economic fluctuations associated with capitalism but this has created a new range of crisis tendencies which are expressed in other spheres States intervene in economic life and attempt to regulate markets but they find themselves confronted by increasing and often conflicting demands As individuals become increasingly disillusioned the state is faced with the possibility of a mass withdrawal of loyalty or support a legitimation crisis Widely recognized as a classic of contemporary social and political analysis *Legitimation Crisis* sheds light on a range of issues which are central to current debates from the decline of class conflict and the disillusionment with established political institutions to the crisis of the welfare state It remains essential reading for students of sociology politics and the social sciences generally

Critical Theory After Habermas Dieter Freundlieb, Wayne Hudson, John F. Rundell, 2004-01-01
 The essays in this book engage with the broad range of Jürgen Habermas work including politics and the public sphere nature aesthetics the linguistic turn and the paradigm of intersubjectivity Each essay responds to particular difficulties with Habermas approach to these topics Each contributor also

draws on different theoretical and philosophical traditions in order to explore recent developments in critical theory The Recent Work of Jürgen Habermas Stephen K. White, 1989-08-25 Jürgen Habermas is one of the foremost philosophers and social theorists in the world today But the complexity and breadth of his thought make him often difficult to understand In this book Stephen White offers a clear accessible and reliable introduction to Habermas's work particularly that which he has written since the publication of *Knowledge and human interest* produced in English in 1971 During this period new themes and directions have emerged in Habermas's thought which culminated in *The Theory of Communicative Action* a massive work that has not hitherto been the subject of extended commentary and analysis This book is the first to provide a full length study of Habermas's mature thought Locating the latter in the context of contemporary debates White explains Habermas's ideas about action rationality communicative ethics contemporary capitalism and new social movements which characterize his later work He also examines Habermas's interpretation of modernity showing that although like his forerunners in the Frankfurt School Habermas maintains a critical stance towards modernity's instrumentalization of reason he nonetheless offers a sophisticated defense of the universal significance of other aspects of modern consciousness that are too often forgotten by many recent radical critics of modernity Throughout White presents Habermas's work in such a way as to emphasize its coherence and to demonstrate how it constitutes the beginnings of a distinctive new research program in the social sciences As a well researched and lucid account of Habermas's thought this book will appeal to readers wanting an introduction to the complexity of his ideas as well as to those already conversant with them It will also interest social and political theorists concerned with the general theoretical issues that it covers **Jürgen Habermas on Society and Politics** Jürgen Habermas, 1989-11-01 Here for the first time are Habermas's most important writings on society the state and social theory collected in one volume For more than three decades Habermas has consistently attempted to supply foundations for a reconstructed Marxist social theory that provides a critical analysis of modernity He has defended the position that only if a general notion of reason can be invoked can we hope to sustain a democratic social order This carefully edited volume includes selections from Habermas's earliest works through his most recent essays on the aim of social science the structure of a theory of action and society the development of modern society psychoanalysis and the crisis of the welfare state
