Cinema of Contradiction Sally Faulkner, 2006-02-22 A key decade in world cinema the 1960s was also a crucial era of change in Spain *A Cinema of Contradiction* the first book to focus in depth on this period in Spain analyses six films that reflect and interpret these transformations The coexistence of traditional and modern values and the timid acceptance of limited change by Franco's authoritarian regime are symptoms of the uneven modernity that characterises the period *Contradiction* the unavoidable effect of that unevenness is the conceptual terrain explored by these six filmmakers One of the most significant movements of Spanish film history the New Spanish Cinema art films explore contradictions in their subject matter yet are themselves the contradictory products of the state's protection and promotion of films that were ideologically opposed to it *A Cinema of Contradiction* argues for a new reading of the movement as a compromised yet nonetheless effective cinema of critique It also demonstrates the possible contestatory value of popular films of the era suggesting that they may similarly explore contradictions This book therefore reveals the overlaps between art and popular film in the period and argues that we should see these as complementary rather than opposing areas of cinematic activity in Spain

Contemporary Spanish cinema and genre Jay Beck, Vicente Rodríguez Ortega, 2021-06-15 This volume is the first English language collection exclusively dedicated to the study of genre in relation to Spanish cinema Providing a variety of critical perspectives the collection gives the reader a thorough account of the relationship between Spanish cinema and genre drawing on case studies of several of the most remarkable Spanish films in recent years The book analyses the significant changes in the aesthetics production and reception of Spanish film from 1990 onwards It brings together European and North American scholars to establish a critical dialogue on the topics under discussion while providing multiple perspectives on the concepts of national cinemas and genre theory In recent years film scholarship has attempted to negotiate the tension between the nationally specific and the internationally ubiquitous discussing how globalisation has influenced film making and surrounding cultural practice These broader social concerns have prompted scholars to emphasise a redefinition of national cinemas beyond strict national boundaries and to pay attention to the transnational character of any national site of film production and reception This collection provides a thorough investigation of contemporary Spanish cinema within a transnational framework by positing cinematic genres as the meeting spaces

between a variety of diverse forces that necessarily operate within but also across territorial spaces Paying close attention to the specifics of the Spanish cinematic and social panorama the essays investigate the transnational economic cultural and aesthetic forces at play in shaping Spanish film genres today **The Americanization of Europe** Alexander Stephan,2006 Using Germany as a case study of the impact of American culture throughout a period characterized by a totalitarian system two destructive wars ethnic cleansing and economic disaster this book explores the political and cultural parameters of Americanization and anti Americanism *Youth Culture in Global Cinema* Timothy Shary,Alexandra Seibel,2009-01-27 Coming of age is a pivotal experience for everyone So it is no surprise that filmmakers around the globe explore the experiences of growing up in their work From blockbuster U S movies such as the Harry Potter series to thought provoking foreign films such as Bend It Like Beckham and Whale Rider films about youth delve into young people s attitudes styles sexuality race families cultures class psychology and ideas These cinematic representations of youth also reflect perceptions about youth in their respective cultures as well as young people s worth to the larger society Indeed as the contributors to this volume make plain films about young people open a very revealing window on the attitudes and values of cultures across the globe Youth Culture in Global Cinema offers the first comprehensive investigation of how young people are portrayed in film around the world Eighteen established film scholars from eleven different national backgrounds discuss a wide range of films that illuminate the varied conditions in which youth live The essays are grouped thematically around the issues of youthful resistance and rebellion cultural and national identity including religion and politics and sexual maturation including gender distinctions and coming of age queer Some essays engage in close readings of films while others examine the advertising and reception of films or investigate psychological issues The volume concludes with filmographies of over 700 youth related titles arranged by nation and theme *Spanish Cinema in the Global Context* Samuel Amago,2013-09-11 Across a broad spectrum of media markets and national contexts self reflexivity continues to be a favored narrative mode with wide ranging functions In this book Amago argues that in addition to making visible industry and production concerns within the film text reflexive aesthetics have a cartographic function that serves to map the place of a film geographic and cultural within the global cinemascape and thus to bring into sharper relief images of the national Focusing on films in the contemporary Spanish context that in some way reflect back on themselves and the processes of their own production that purposefully blur the distinction between reality and fiction or that draw attention to the various modes of cinematic exhibition and reception Amago proposes ways in which these movies can be employed to understand Spanish national cinemas today as imbedded within a dynamic global system **Postmodern Paletos** Nathan E. Richardson,2002 When Spanish dictator Francisco Franco legalized internal immigration in 1947 he unwittingly inaugurated the greatest period of urban expansion and rural de population that Spain had known During the next two decades nearly four million citizens would move from Spain s traditional pueblos perdidos to overburdened urban metropolises Along with wooden trunks and

baskets of chickens the immigrants or paletos as they were often called bore on their journey the weight of centuries of ideological meaning tied to the geographic regions they were traversing To abandon rural Spain had come to signify a rejection of manhood wealth Christian values and even Spanishness itself Paletos however innocent they may have appeared were not ideologically neutral In the coming decades the weight and complexity of the meanings behind immigration the country and the city would only grow as Spain advanced from economic under development social ignorance and political reaction to full fledged participation in global economics and politics activities that would reshape what it meant to be an immigrant and paleta both within and across the geographic border that had traditionally defined the Spanish nation

Following Franco Duncan Wheeler, 2020-10-15 The transition to democracy that followed the death of Spanish dictator Francisco Franco in 1975 was once hailed as a model of political transformation But since the 2008 financial crisis it has come under intense scrutiny Today

a growing divide exists between advocates of the Transition and those who see it as the source of Spain's current socio-political bankruptcy. This book revisits the crucial period from 1962 to 1992 exposing the networks of art, media and power that drove the Transition and continue to underpin Spanish politics in the present. Drawing on rare archival materials and over three hundred interviews with politicians, artists, journalists and ordinary Spaniards including former prime minister Felipe Gonzalez, 1982-96. Following Franco unlocks the complex and often contradictory narratives surrounding the foundation of contemporary Spain.

A History of Spanish Film Sally Faulkner, 2013-04-11. A History of Spanish Film explores Spanish film from the beginnings of the industry to the present day by combining some of the most exciting work taking place in film studies with some of the most urgent questions that have preoccupied twentieth century Spain. It addresses new questions in film studies like prestige film and middlebrow cinema and places these in the context of a country defined by social mobility including the 1920s industrial boom, the 1940s post-Civil War depression and the mass movement into the middle classes from the 1960s onwards. Close textual analysis of some 42 films from 1910-2010 provides an especially useful avenue into the study of this cinema for the student. Uniquely offers extensive close readings of 42 films which are especially useful to students and teachers of Spanish cinema. Analyses Spanish silent cinema and films of the Franco era as well as contemporary examples. Interrogates film's relations with other media including literature, pictorial art and television. Explores both auteur and popular cinemas. Establishes prestige and the middlebrow as crucial new terms in Spanish cinema studies. Spanish Cinema Rob Stone, 2014-10-13. From the surrealist films of Luis Buñuel to the colourful melodramas of Pedro Almodóvar, Spain has produced a wealth of exciting and distinctive film makers who have consistently provided a condoning or dissenting eye on Spanish history and culture. For modern cinema goers it has often been the sexually charged and colourful nature of many contemporary Spanish films which has made them popular world wide and led directors and stars such as Almodóvar, Banderas and Penélope Cruz to be welcomed by Hollywood. Using original interview material with Spanish Cinema luminaries such as Carlos Saura, Julio Medem, Imanol Uribe and Elías Querejeta, Rob Stone charts a history of Spanish Cinema throughout the turbulent Francoist years and beyond. The book aims to provide a broad introduction to Spanish Cinema, the nine chapters divided into four types: chapters on Spanish Cinema during the Dictatorship and following the transition to democracy; survey current debate and opinion while tracing the development of themes and film movements throughout those periods; chapters on early Spanish cinema and Basque cinema present vital and fascinating aspects of Spanish cinema.

that have previously been ignored chapters on childhood in Spanish cinema and sex and the new star system offer new pathways into the study of Spanish cinema chapters on Carlos Saura *El as Querejeta* and Julio Medem offer specific case studies of film makers who are emblematic of different periods in Spanish cinema and indeed Spanish history As with other titles in the *Inside Film* series the book is comprehensively illustrated with representative stills and has a thorough bibliography index and list of resources
