Franz Liszt's Songs for Voice and Piano Małgorzata Gamrat, 2023-11-27 How does a Romantic composer approach the poetry he sets as raw material to be remade a pretext for self expression a sanctified artefact or a message to be illustrated with music In my book I examine Franz Liszt's songs for voice and piano which remain little known to scholars artists and music lovers alike The objective is to present Liszt's songs in all their complexity and diversity as well as identifying the key elements of the composer's broadly understood song writing technique both those that make him unique and those that relate him to the European tradition This approach also makes it possible to shed light on a major though previously neglected aspect of the composer's workshop namely his work with the poetic text which to Liszt was just as important as the musical setting

Critical Musicological Reflections Stan Hawkins, 2016-04-22 This collection of original essays is in tribute to the work of Derek Scott on the occasion of his sixtieth birthday As one of the leading lights in Critical Musicology Scott has helped shape the epistemological direction for music research since the late 1980s There is no doubt that the path taken by the critical musicologist has been a tricky one leading to new conceptions interactions and heated debates during the past two decades Changes in musicology during the closing decades of the twentieth century prompted the establishment of new sets of theoretical methods that probed at the social and cultural relevance of music as much as its self-referentiality All the scholars contributing to this book have played a role in the general paradigmatic shift that ensued in the wake of Kerman's call for change in the 1980s Setting out to address a range of approaches to theorizing music and promulgating

modes of analysis across a wide range of repertoires the essays in this collection can be read as a coming of age of critical musicology through its active dialogue with other disciplines such as sociology feminism ethnomusicology history anthropology philosophy cultural studies aesthetics media studies film music studies and gender studies The volume provides music researchers and graduate students with an up to date authoritative reference to all matters dealing with the state of critical musicology today

The Musical Times and Singing-class Circular ,1926 **The Musical Times & Singing-class Circular** ,1911 Liszt's Final Decade Dolores Pesce,2014 Liszt's Final Decade reveals in the composer's own words to his confidantes Carolyne von Sayn Wittgenstein and Olga von Meyendorff how he resolved his conflicted self image as a celebrated performer but underappreciated composer Toward the end of his life Franz Liszt maintained extensive correspondence with two women who were at the time his closest confidantes Carolyne von Sayn Wittgenstein and Olga von Meyendorff Liszt wrote to them regularly expressing his intimate feelings about personal and career events and his conflicted self image as a celebrated performer but underappreciated composer Absent a diary the letters offer the most direct avenue into Liszt's psyche in his final years Liszt's Final Decade explores through these letters the mind and music of one of the nineteenth century's most popular musicians providing insight into Liszt's melancholia in his last years and his struggle to gain recognition for his music yet avoid criticism The exchange indicates that Liszt ultimately resolved his inner conflict through a personally constructed Christian moral philosophy that embraced positive resignation to suffering compassionate love and trust in a just reward to come The book also examines how Liszt's late sacred compositions affirm the yielding of suffering to joy and hope Significantly Liszt viewed these works commonly overlooked today as a major part of his compositional legacy This volume thus challenges the idea of a single late Lisztian style and the notion that despair

overwhelmed the composer in his final years We are pleased to announce that Liszt's Final Decade is the winner of the 2017 Alan Walker Book Award given by the American Liszt Society Dolores Pesce is the Avis Blewett Professor of Music in Arts and Sciences at Washington University in St Louis
