Forthcoming Books Rose Arny,2004 **HyperManifest: The Secret Law of Attraction Booster From Ancient Far East** David Teng,2023-07-22 As I got extremely ill and my Qi deteriorated my desired manifestations never occur anymore I could also say the same for the undesired manifestations My world came to a grinding halt what I always accepted as normal and take for granted disappeared from my life Of course what I thought was out of my league for me became even farther Here is the truth When you have a broken system of Qi flows you will have weaker manifestation power in your life as your thoughts become weaker each day The truth is your thoughts have energy and there are power levels to your thoughts When your manifesting power is low life becomes reactive You are no longer in control of your life You will slowly become puppets of others realities In just two months of noticing something was wrong I lost over seventy pounds I deteriorated quickly I became gaunt Bony looking One of the most common outward appearances of individuals with little life bio energy left is that of gaunt facial and body image Yet I would meet a key person and many masters by the way synchronicity starting an incredible journey of spiritual evolution *The British National Bibliography* Arthur James Wells,2005 THE LIGHT OF SELF: The Secret of Luminosity in Life, Death, and Beyond Laing Z. Matthews,2025-11-09 The Light of Self Awakening the

Inner Radiance of Consciousness By Laing Z Matthews There are books that tell you what to believe and books that teach you how to see The Light of Self belongs to the second kind Written as both revelation and reflection this seminal work explores light as the living essence of consciousness not as symbol or metaphor but as the original condition of existence itself Drawing from Daoist internal alchemy Hermetic cosmology Buddhist clear light meditation and modern physics Laing Z Matthews unveils the luminous continuum between cosmic radiance and human awareness The Structure of Illumination Divided into four movements The Mystery of Light The Anatomy of Luminosity Living in the Light and The Return to Source the book moves from cosmogenesis to embodiment guiding the reader through the physics and metaphysics of awakening Each chapter unfolds as a contemplative rhythm rather than argument blending philosophy neuroscience and sacred poetry into a single act of remembrance that light does not come from the sun or stars but from the awareness that perceives them Key Insights The cosmological birth of light how darkness gives rise to illumination The Daoist anatomy of body breath and spirit as mirrors of Heaven and Earth The heart as the furnace of Dao where energy refines into virtue and compassion The alchemy of emotion sexuality and mortality into radiant consciousness Meditative methods for perceiving the white born of emptiness without leaving the body The final recognition that the light within the reader is the same light that reads these words A New Science of Seeing Like The Tao of Physics The Secret of the Golden Flower and The Radiance Sutras this work dissolves the boundary between mysticism and science Matthews language is both precise and devotional each page a mirror polished to reflect stillness itself The Light of Self can be read linearly or opened at random like scripture its rhythm is its message This is not a book of doctrine but of direct perception an experiment in awareness The Trilogy of Light The Light of Self stands as the first volume in Laing Z Matthews Trilogy of Light followed by The Light of the Worlds and The Womb of Light Together they form a modern cosmology of consciousness light not merely seen but lived **Acupuncture Beyond**
