Reflections On The Holocaust Festschrift For Raul Hilberg On His Seventy-fifth Birthday:

Reflections on the Holocaust Wolfgang Mieder, David Scrase, 2001 Contains 12 essays on the Holocaust but does not have a biography or bibliography of Hilberg Auschwitz, Poland, and the Politics of Commemoration, 1945-1979 Jonathan Huener, 2003-12-15 Few places in the world carry as heavy a burden of history as Auschwitz Recognized and remembered as the most prominent site of Nazi crimes Auschwitz has had tremendous symbolic weight in the postwar world Auschwitz Poland and the Politics of Commemoration is a history of the Auschwitz memorial site in the years of the Polish People's Republic Since 1945 Auschwitz has functioned as a memorial and museum Its monuments exhibitions and public spaces have attracted politicians pilgrims and countless participants in public demonstrations and commemorative events Jonathan Huener's study begins with the liberation of the camp and traces the history of the State Museum at Auschwitz from its origins immediately after the war until the 1980s analyzing the landscape exhibitions and public events at the site Based on extensive research and illustrated with archival photographs Auschwitz Poland and the Politics of Commemoration accounts for the development and durability of a Polish commemorative idiom at Auschwitz Emphasis on Polish national martyrdom at Auschwitz neglect of the Shoah as the most prominent element of the camp's history political instrumentalization of the grounds and exhibitions these were some of the more controversial aspects of the camp's postwar landscape Professor Huener locates these and other public manifestations of memory at Auschwitz in the broad scope of Polish history in the specific context of postwar Polish politics and culture and against the background of Polish Jewish relations Auschwitz Poland and the Politics of Commemoration will be of interest to scholars students and general readers of the history of modern Poland and the Holocaust An Introduction to Holocaust Studies Michael Bernard-Donals, 2016-09-13 This single volume traces three approaches to the study of the Holocaust through notions of history theories of memory and a focus on art and representation It introduces students to the different ways we have come to understand the Holocaust gives them an opportunity to ask questions about those conclusions and examines how this event can be understood once all the survivors are gone In addition the book looks at the different disciplines history sociology religious studies and literary interpretation among others through which studies of the Holocaust take place Psychoanalysis, Historiography, and the Nazi Camps Dan Stone, 2024-07-10 In the postwar years Dutch survivors Eddy de Wind Louis Micheels and Elie A Cohen who went on to become practicing psychoanalysts penned accounts of their survival of the Nazi camps Their sober assessments contrast sharply with those by Bruno Bettelheim and Viktor Frankl which emphasized decisiveness positive thinking and resistance missing the fact that many Holocaust victims with those characteristics or other qualities did not survive De Wind's Micheels and Cohen's accounts are more sober self-critical and shaped by analytical practice By analyzing them anew and comparing them with accounts by female doctors who survived Block 10 in Auschwitz this book argues that their theories of survival accord with contemporary sensibilities in psychoanalysis and Holocaust historiography Psychoanalytic concepts have

changed over time in response to greater understanding of the Holocaust and recent Holocaust historiography makes us more receptive to insights that were unfashionable in the first postwar decades *The Proverbial "Pied Piper"* Kevin J. McKenna, 2009 With more than one hundred fifty books and three hundred published articles on proverb studies that have attracted wide attention of folklorists around the world it is little wonder that international scholars look upon Wolfgang Mieder as the modern day Pied Piper of paremiology For this festschrift some of the world's leading proverb and folklore scholars have come together to commemorate Mieder's sixty fifth birthday Authors from Russia Eastern and Western Europe Israel and the United States have contributed essays representative of the scope and breadth of Mieder's own impressive scholarship The Proverbial Pied Piper honors Wolfgang Mieder's legendary contributions to the study of proverbs and contains new scholarship by some of the best paremiologists in the world *The Second Generation* Andreas W. Daum, Hartmut Lehmann, James J. Sheehan, 2015-12-01 Of the thousands of children and young adults who fled Nazi Germany in the years before the Second World War a remarkable number went on to become trained historians in their adopted homelands By placing autobiographical testimonies alongside historical analysis and professional reflections this richly varied collection comprises the first sustained effort to illuminate the role these men and women played in modern historiography Focusing particularly on those who settled in North America Great Britain and Israel it culminates in a comprehensive meticulously researched biobibliographic guide that provides a systematic overview of the lives and works of this second generation *Catalog of the Gerald K. Stone Collection of Judaica* Gerald K. Stone, 2021-01-05 Gerald K Stone has collected books about Canadian Jewry since the early 1980s This volume is a descriptive catalog of his Judaica collection comprising nearly 6 000 paper or electronic documentary resources in English French Yiddish and Hebrew Logically organized indexed and selectively annotated the catalog is broad in scope covering Jewish Canadian history biography religion literature the Holocaust antisemitism Israel and the Middle East and more An introduction by Richard Menkis discusses the significance of the Catalog and collecting for the study of the Jewish experience in Canada An informative bibliographical resource this book will be of interest to scholars and students of Canadian and North American Jewish studies

Rain of Ash Ari Joskowitz,2023-03-14 A major new history of the genocide of Roma and Jews during World War II and their entangled quest for historical justice Jews and Roma died side by side in the Holocaust yet the world did not recognize their destruction equally In the years and decades following the war the Jewish experience of genocide increasingly occupied the attention of legal experts scholars educators curators and politicians while the genocide of Europe s Roma went largely ignored Rain of Ash is the untold story of how Roma turned to Jewish institutions funding sources and professional networks as they sought to gain recognition and compensation for their wartime suffering Ari Joskowitz vividly describes the experiences of Hitler s forgotten victims and charts the evolving postwar relationship between Roma and Jews over the course of nearly a century During the Nazi era Jews and Roma shared little in common besides their simultaneous persecution Yet the decades of entwined struggles for recognition have deepened Romani Jewish relations which now center not only on commemorations of past genocides but also on contemporary debates about antiracism and Zionism Unforgettably moving and sweeping in scope

Rain of Ash is a revelatory account of the unequal yet necessary entanglement of Jewish and Romani quests for historical justice and self representation that challenges us to radically rethink the way we remember the Holocaust
