Masculinity and Irish Popular Culture Conn Holohan, Tony Tracy, 2015-12-30 Masculinity and Irish Popular Culture Tiger s Tales is an interdisciplinary collection of essays by established and emerging scholars analysing the shifting representations of Irish men across a range of popular culture forms in the period of the Celtic Tiger and beyond **Lives of illustrious and distinguished Irishmen ...** James Wills (D.D.), 1841 **Unionism in Modern Ireland** R. English, G. Walker, 1996-09-18 This collection of essays brings together exciting fresh work by young scholars working on vital aspects of modern Irish unionism Its range is broad taking in much material literary political cultural intellectual which has previously been ignored Using new and extensive sources the contributors examine important features of modern unionism and do so in ways which challenge much previous thinking about the subject The book will be of value to scholars working on any aspect of modern Ireland and also to students and to a wider public with an interest in Irish history politics culture and society

Masculinities and Manhood in Contemporary Irish Drama Cormac O'Brien, 2021-12-10 This book charts the journey in terms of both stasis and change that masculinities and manhood have made in Irish drama and by extension in the broader culture and society from the 1960s to the present Examining a diverse corpus of drama and theatre events both mainstream and on the fringe this study critically elaborates a seismic shift in Irish masculinities This book argues then that Irish manhood has shifted from embodying and enacting post colonial concerns of nationalism and national identity to performing models of masculinity that are driven and moulded by the political and cultural practices of neoliberal capitalism
Masculinities and Manhood in Contemporary Irish Drama charts this shift through chapters on performing masculinity in plays set in both the Irish Republic and Northern Ireland and through several chapters that focus on Women s and Queer drama It thus takes its readers on a journey a journey that begins with an overtly patriarchal nationalist manhood that often made direct comment on the state of the nation and ultimately arrives at several arguably regressive forms of globalised masculinity which are couched in misaligned notions of individualism and free choice and that frequently perceive themselves as being in crisis *A New History of Ireland Volume VII* J. R. Hill, 2003-12-04 A New History of Ireland is the largest scholarly project in modern Irish history In 9 volumes it provides a comprehensive new synthesis of modern scholarship on every aspect of Irish history and prehistory from the earliest geological and archaeological evidence through the Middle Ages down to the present day Volume VII covers a period of major significance in Ireland s history It outlines the division of Ireland and the eventual establishment of the Irish Republic It provides comprehensive coverage of political

developments north and south as well as offering chapters on the economy literature in English and Irish the Irish language the visual arts emigration and immigration and the history of women The contributors to this volume all specialists in their field provide the most comprehensive treatment of these developments of any single volume survey of twentieth century Ireland

Men and Masculinities in Irish Cinema D. Ging, 2012-12-03 Spanning a broad trajectory from the New Gaelic Man of post independence Ireland to the slick urban gangsters of contemporary productions this study traces a significant shift from idealistic images of Irish manhood to a much more diverse and gender politically ambiguous range of male identities on the Irish screen

Irish Writers and the Thirties Katrina Goldstone, 2020-12-29 This original study focusing on four Irish writers Leslie Daiken Charles Donnelly Ewart Milne and Michael Sayers retrieves a hitherto neglected episode of Thirties literary history which highlights the local and global aspects of Popular Front cultural movements From interwar London to the Spanish Civil War and the USSR the book examines the lives and work of Irish writers through their writings their witness texts and their political activism The relationships of these writers to George Orwell Samuel Beckett T S Eliot Nancy Cunard William Carlos Williams and other figures of cultural significance within the interwar period sheds new light on the internationalist aspects of a Leftist cultural history The book also explores how Irish literary women on the Left defied marginalization The impetus of the book is not merely to perform an act of literary salvage but to find new ways of re imagining what might be said to constitute Irish literature mid twentieth century and to illustrate how Irish writers played a role in a transforming political moment of the twentieth century It will be of interest to scholars and students of cultural history and literature Irish diaspora studies Jewish studies and the social and literary history of the Thirties

The Making of Modern Irish History D. George Boyce, Alan O'Day, 2006-09-07 This volume brings together distinguished historians of Ireland, each of whom tackles a key question, issue or event in Irish history since the eighteenth century and examines its historiography. It assesses the context of new interpretations, considers the strengths and weaknesses of revisionist ideas, offers their own interpretation. Topics covered are not only of historical interest but in the context of recent revisionist debates of contemporary political significance. These original contributions take account of new evidence and perspectives as well as up-to-date historical methodology. Their combination of synthesis and analysis represents a valuable guide to the present state of the writing of modern Irish history.

Engendering Ireland Rebecca Barr, Sarah-Anne Buckley, Laura Kelly, 2015-09-18 *Engendering Ireland* is a collection of ten essays showcasing the importance of gender in a variety of disciplines. These essays interrogate gender as a concept which encompasses both masculinity and femininity and which permeates history and literature, culture and society in the modern period. The collection includes historical research which situates Irish women workers within an international economic context; textual analysis which sheds light on the effects of modernity on the home and rising female expectations in the post-war era; the rediscovery of significant Irish women modernists such as Mary Devenerport O'Neill and changing representations of masculinity, race, ethnicity and interculturalism in modern Irish theatre. Each of these ten essays provides a thought-provoking picture of the complex and hitherto unrecognised roles gender has played in Ireland over the last century. While each of these chapters offers a fresh perspective on familiar themes in Irish gender studies, they also illustrate the importance and relevance of gender studies to contemporary debates in Irish society.
