The Heart of Encouragement: 176 Reflections to Build You Up and Empower You to Build Up Others Stavros N. Akrotirianakis,2022-11-07 As Christians we reflect the spirit of Christ s belief in our personal worth Yet believing in ourselves can be difficult No one wants to lack confidence No one likes feeling anxious Yet narcissistic living in feeling or behavior is equally dissatisfying Living at either extreme does not allow us to become the best version of ourselves The answer lies somewhere in the center and encouragement is a vital component in finding the balance we seek This book is about encouragement building up others and creating safe spaces where it s okay to be honest and vulnerable These three things encouragement reassurance and safety foster environments of honesty confidence and productivity Most people if asked for an honest answer would say they lack confidence in at least some regard Self doubt leads to low self esteem which leads to low productivity which leads to anxiety all of which fuel a lack of confidence This vicious cycle is not a challenge only for teenagers Many people never break out of this trap lacking confidence throughout life Compounding this destructive habit is an overall problem with dishonesty in our society In many areas of our lives it s not safe to be vulnerable So we create stories about ourselves based on lies we don t tell people we are stressed out uncertain or need help because confessing these weaknesses might cost us our job or reputation or cause us to be the subjects of gossip So we play this game where we are less than honest The Heart of Encouragement contains 176 reflections based on 18 verses of scripture 1 Thessalonians 5 11 28 each offered with the goal to encourage and build you up in one area of life and in turn give concrete ideas of how to encourage and build up other people as well Most reflections include a daily Encouragement Challenge practice to infuse encouragement into our world With a forward by Tim Tassopoulos president and COO of Chick fil A Inc The Heart of Encouragement guides us to find that middle ground be the best version of ourselves and help others by our example to do the same

Commentary on the Psalms Heinrich Ewald,1881 [Understanding the Nature of Motivation and Motivating Students through Teaching and Learning in Higher Education](#) David Kember,2015-11-17 This book is based upon three interrelated open naturalistic studies conducted to better characterise the motivational orientation of students in higher education Open semi structured individual interviews were conducted with undergraduates students at community colleges and students in taught postgraduate courses in Hong Kong The analysis used an exploratory grounded theory approach and resulted in a motivational orientation framework with six continua with positive and negative poles On enrolment students had positions on the six facets of motivation which shifted as they progressed through their degree according to their perceptions of the teaching and learning environment The framework can therefore be used to explain
