Izbicki,2023-05-31 Nicholas of Cusa is known as one of the most original philosophers of the 15th century but by training he was a canon lawyer who received his degree from the University of Padua in 1423 The essays in this book analyse his legal and political ideas against the background of medieval religious legal and political thought and its development in the Renaissance The first two pieces deal with the legal ideas and humanism that affected Cusanus and with some of the problems faced by 15th century lawyers including his friends The central section of the book also discusses how he reacted to the religious legal and political issues of his day Cusanus as reformer of the Church is a theme that runs through many of the essays The final studies look at some of Cusanus contemporaries with special emphasis on Gregor Heimburg the sharpest critic of Cusanus

King James VI and I and the Reunion of Christendom W. B. Patterson,2000-09-14 This book shows King James VI and I king of Scotland and England in an unaccustomed light Long regarded as inept pedantic and whimsical James is shown here as an astute and far sighted statesman whose reign was focused on achieving a permanent union between his two kingdoms and a peaceful and stable community of nations throughout Europe **The Church's Worship** Thaddaeus A. Schnitker,2009-11-01 **Readers, Texts and Compilers in the Earlier Middle Ages** Martin Brett,Kathleen G.

Cushing,2017-05-15 Reflecting the focus but also range of their honorand s work in medieval canon law in the era before Gratian the essays in this volume explore the creation and transmission of canonical texts and the motives of their compilers but also address the issues of how the law was interpreted and used by diverse audiences in the earlier middle ages with especial focus on the eleventh and early twelfth centuries These issues have lain at the heart of Linda Fowler Magerl s distinguished body of scholarly work on judicial ordines and procedural literature on the transmission of canonical texts and their formal sources before Gratian and perhaps most especially her pioneering role in the creation of a database of canon law manuscripts before Gratian now published as *Clavis canonum* Linda Fowler Magerl s work has fundamentally transformed our understanding of canonistic activity in the era before Gratian and its reception across the Church throughout Europe Individually the scholars whose studies are included in this volume offer new viewpoints on several key issues and questions relating to the creation of canonical texts the concerns of their compilers and the transmission of their work as well as the use of such texts by readers with the most various interests in the period As a whole the volume contributes to an understanding of the increasing importance of the written law for a far wider circle than Roman reformers and local advocates These issues are especially highlighted by the editors introduction **Humanism and Renaissance**

Civilization Charles G. Nauert, 2023-04-21 The essays collected in this volume represent many years of Professor Nauert's research and teaching on the history of Renaissance humanism and more particularly on humanism north of the Alps. Much of the early work involved the significant but often overlooked history of humanism at the University of Cologne, notoriously the most anti-humanist of the German universities. Later essays deal with the most famous humanist of the early sixteenth century, Erasmus of Rotterdam, and natural philosophy, a broad term covering many subjects now associated with natural science. The topic of three of the pieces published here, taken as a whole, the book presents a detailed study of intellectual development among European elites.

Inside the Vatican Thomas J. Reese S.J., 1998-02-19 There are one billion Catholics in the world today, spread over every continent, speaking almost every conceivable language and all answering to a single authority. The Vatican is a unique international organization, both in terms of its extraordinary power and influence and in terms of its endurance. Popes come and go, but the elaborate and complex bureaucracy called the Vatican lives on. For centuries it has served and sometimes undermined popes; it has been praised and blamed for the actions of the pope and for the state of the church. Yet an objective examination of the workings of the Vatican has been unavailable until now. Drawing on more than a hundred interviews with Vatican officials, this book affords a firsthand look at the people, the politics, and the organization behind the institution. Reese brings remarkable clarity to the almost Byzantine bureaucracy of congregations, agencies, secretariats, tribunals, nunciature, and offices, showing how they serve the pope and through him the universal church. He gives a lively account of how popes are elected and bishops appointed, how dissident theologians are disciplined, and how civil authorities dealt with them. Throughout, revealing and colorful anecdotes from church history and the present day bring the unique culture of the Vatican to life. The Vatican is a fascinating institution, a model of continuity and adaptation which remains constant while functioning powerfully in a changing world. As never before, this book provides a clear, objective perspective on how the enormously complex institution surrounding the papacy operates on a day-to-day level, how it has adapted and endured for close to two thousand years, and how it is likely to face the challenges of the next millennium.

The Discernment of Spirits Wendy Love Anderson, 2011 Anderson succeeds in neatly fitting together selected pieces of the history of discernment of spirits to provide a valuable, readable description of the contours of its evolution in the late Middle Ages.

Debra L. Stoudt, Virginia Polytechnic Institute and State University, *The Medieval Review*. Late medieval Christians lived in a world of visions, but they knew that not all visions came from God: angels, demons, illness, nature, or passion could also inspire an apparent divine visitation. During the thirteenth and fourteenth centuries, the involvement of visionaries in everything from reform movements to military campaigns to papal schisms raised the political and spiritual stakes of determining whether or not a vision was truly from God. In response, a diverse group of medieval thinkers, including men and women, clergy and laity, visionaries and theologians, gradually began to transform the loose patristic readings of Pauline *discretio spirituum* into a system with the potential to distinguish between true and false visions and between

genuine and delusional visionaries Wendy Love Anderson chronicles the historical political and spiritual struggles behind the flowering of late medieval mysticism and what came to be seen as the Christian doctrine of discernment of spirits **Jean Gerson and Gender** N. McLoughlin, 2016-01-12 Jean Gerson and Gender examines the deployment of gendered rhetoric by the influential late medieval politically active theologian Jean Gerson 1363 1429 as a means of understanding his reputation for political neutrality the role played by royal women in the French royal court and the rise of the European witch hunts

Law and Revolution, II Harold Joseph Berman, 2009-07 Berman's masterwork narrates the interaction of evolution and revolution in the development of Western law This volume explores two successive transformations of the Western legal tradition under the impact of the 16th century German Reformation and the 17th century English Revolution with particular emphasis on Lutheran and Calvinist influences **Bishops and Power in Early Modern England** Marcus K.

Harmes, 2013-10-24 Armed with pistols and wearing jackboots Bishop Henry Compton rode out in 1688 against his King but in defence of the Church of England and its bishops His actions are a dramatic but telling indication of what was at stake for bishops in early modern England and Compton's action at the height of the Restoration was the culmination of more than a century and a half of religious controversy that engulfed bishops Bishops were among the most important instruments of royal religious national and local authority in seventeenth century England While their actions and ideas trickled down to the lower strata of the population poor opinions of bishops filtered back up finding expression in public forums printed pamphlets and more subversive forms including scurrilous verse and mocking illustrations Bishops and Power in Early Modern England explores the role and involvement of bishops at the centre of both government and belief in early modern England It probes the controversial actions and ideas which sparked parliamentary agitation against them demands for religious reform and even war Bishops and Power in Early Modern England examines arguments challenging episcopal authority and the counter arguments which stressed the necessity of bishops in England and their status as useful and godly ministers The book argues that episcopal writers constructed an identity as reformed agents of church authority Charting the development of this identity over a hundred and fifty years from the Reformation to the Restoration this book traces the history of early modern England from an original and highly significant perspective This book engages with many aspects of the social political and religious history of early modern England and will therefore be key reading for undergraduates and postgraduates and researchers working in the early modern field and anyone who has an interest in this period of history **Renaissance Et Réforme**, 1983

Nicholas of Cusa on Christ and the Church, 2021-11-22 This volume contains studies on Nicholas of Cusa and his times The first section is concerned with Cusanus context beginning with a historiographic essay by Francis Oakley on the impact of Brian Tierney's Foundations of the Conciliar Theory Among the topics addressed are the long term continuation of the Council of Basel 1431 1449 and the issues of ecclesiastical income which it addressed The second part is concerned with Cusanus thought on the Church both in his conciliarist and papalist phases Included is the first translation

into English of Nicholas Reformatio generalis Attention also is paid to Cusanus reforming efforts and the relationship of his thought on these issues to his earliest speculative writings The third part is concerned with Nicholas ideas on Christ and mystical experience Particular attention is paid to the De visione dei including its relationship to Renaissance art The volume concludes with wide ranging essays on the larger significance of Cusanus speculative thought An update of Thomas M Izbicki's bibliography of Cusanus scholarship in English is included **Martin Luther** Heinz Schilling, 2017-03-24 No other German has shaped the history of early modern Europe more than Martin Luther In this comprehensive and balanced biography we see Luther as a rebel but not as a lone hero as a soldier in a mighty struggle for the universal reform of Christianity and its role in the world The foundation of Protestantism changed the religious landscape of Europe and subsequently the world but the author chooses to show not simply as a reformer but as an individual In his study of the Wittenberg monk Heinz Schilling one of Germany's leading social and political historians gives the reader a rounded view of a difficult contradictory character who changed the world by virtue of his immense will *The Salamanca School* Andre Azevedo Alves, Jose Moreira, 2013-03-14 Major Conservative and Libertarian Thinkers provides comprehensive accounts of the works of seminal conservative thinkers from a variety of periods disciplines and traditions the first series of its kind Even the selection of thinkers adds another aspect to conservative thinking including not only theorists but also thinkers in literary forms and those who are also practitioners The series comprises twenty volumes each including an intellectual biography historical context critical exposition of the thinker's work reception and influence contemporary relevance bibliography including references to electronic resources and an index Dictionary of the Middle Ages Joseph Reese Strayer, 1988
