

Reforming Schools

What did schools look like prior to the mid-19th century?

Classrooms were not divided by grade and attendance was not mandatory. Many stopped going after the age of 10. There was also no uniform education policy throughout the nation.

Demands for state-funded public school led to controversy from the wealthy, why?

Horace Mann was the 1st secretary of the Mass Board of Ed in 1837, and through this position he established reforms such as curriculum changes, teacher training, and more money being spent on education.
