Reframing America:

Reframing America Andrei Codrescu, 1995 **Reframing Rural America** Aileen Webb, 2005 Handmaking America Bill Ivey, 2012-08-28 America has survived an economic near disaster While the state of employment and housing will one day improve we will never return to the delusional prosperity that defined the first decade of the 21st century Progressives should hold the key to quality of life in our coming post consumerist society but today Democrats have become timid our vision of the good life marginalized by three decades of partisan attacks and the think tank induced assumption that an unfettered marketplace low taxes and international adventurism will somehow give us an America capable of inspiring the world Handmaking America reaches back to the Arts and Crafts roots of progressive thought confronting the way right wing ideology and the power of post industrial capitalism have undermined work government our very way of life advancing a practical achievable vision for a good society that can use the capacity of government to recover the essential strength of the American idea An End to al-Qaeda Malcolm Nance, 2025-06-25 Osama Bin Laden is unquestionably the leader of the world s most deadly terrorist cult He has perverted the teachings of Islam to create a fringe religious ideology Bin Ladenism where only al Qaeda speaks for God In his cult suicide bombing is the highest form of worship and the mass murder of Muslims proves one s devotion Al Qaeda s 9 11 attack on the United States was just a small part of Bin Laden s long term strategy to win a civil war for control of Islam By fighting his terrorists solely with bullets and bombs and ignoring his war on Islam we have bolstered Bin Laden s recruiting efforts abroad undermined civil liberties and economic security at home and tarnished America s reputation internationally Career intelligence officer Malcolm Nance proposes a quantum shift in how to eliminate al Qaeda in less than twenty four months while recreating America s reputation as a force for good around the world His plan includes Exposing al Qaeda s mission to create a nuclear armed terror Emirate incite a Muslim civil war and eventually seize of control of Islam Challenging and breaking the perceived spiritual link between the mainstream Islam and al Qaeda s cultist ideology Attacking al Qaeda fighters through precision intelligence and special operations missions thereby reducing the deaths of innocent civilians Reframing and restoring America s shattered image in the developing world in order to support the global counterterrorism and counterinsurgency campaign An End to al Qaeda is both a revolutionary blueprint for destroying al Qaeda and a fierce critique of America s poorly executed war on Bin Laden s terrorists

Public Service and Good Governance for the Twenty-First Century James L. Perry, 2020-05-01 Expert analysis of American governance challenges and recommendations for reform Two big ideas serve as the catalyst for the essays collected in this book The first is the state of governance in the United States which Americans variously perceive as broken frustrating and unresponsive Editor James Perry observes in his Introduction that this perception is rooted in three simultaneous developments government's failure to perform basic tasks that once were taken for granted an accelerating pace of change that quickly makes past standards of performance antiquated and a dearth of intellectual capital that generate the capacity to bridge the gulf between expectations and performance The second idea harkens back to the Progressive era when Americans revealed themselves to be committed to better administration of their government at all levels federal state and local These two ideas the diminishing capacity for effective governance and Americans expectations for reform are veering in opposite directions Contributors to Public Service and Good Governance for the Twenty First Century explore these central ideas by addressing such questions as what is the state of government today Can future disruptions of governance and public service be anticipated What forms of government will emerge from the past and what institutions and structures will be needed to meet future challenges And lastly and perhaps most importantly what knowledge skills and abilities will need to be fostered for tomorrow's civil servants to lead and execute effectively Public Service and Good Governance for the Twenty First Century offers recommendations for bending the trajectories of governance capacity and reform expectations toward convergence including reversing the trend of administrative disinvestment developing talent for public leadership through higher education creating a federal civil service to meet future needs and rebuilding bipartisanship so that the sweeping changes needed to restore good government become possible Contributors Sheila Bair William W Bradley John J DiIulio Jr Angela Evans Francis Fukuyama Donald F Kettl Ramayya Krishnan Paul C Light Shelley Metzenbaum Norman J Ornstein James L Perry Norma M Riccucci Paul R Verkuil Paul A Volcker
