Regarding Film Criticism Comment:

Cineaste on Film Criticism, Programming, and Preservation in the New Millennium Cynthia Lucia, Rahul Hamid, 2017-11-01 Digital technology and the Internet have revolutionized film criticism programming and preservation in deeply paradoxical ways The Internet allows almost everyone to participate in critical discourse but many print publications and salaried positions for professional film critics have been eliminated Digital technologies have broadened access to filmmaking capabilities as well as making thousands of older films available on DVD and electronically At the same time however fewer older films can be viewed in their original celluloid format and newer digitally produced films that have no material prototype are threatened by ever changing servers that render them obsolete and inaccessible Cineaste one of the oldest and most influential publications focusing on film has investigated these trends through a series of symposia with the top film critics programmers and preservationists in the United States and beyond This volume compiles several of these symposia Film Criticism in America Today 2000 International Film Criticism Today 2005 Film Criticism in the Age of the Internet 2008 Film Criticism The Next Generation 2013 The Art of Repertory Film Exhibition and Digital Age Challenges 2010 and Film Preservation in the Digital Age 2011 It also includes interviews with the late celebrated New Yorker film critic Pauline Kael and the critic John Bloom Joe Bob Briggs as well as interviews with the programmers curators Peter von Bagh and Mark Cousins and with the film preservationist George Feltenstein This authoritative collection of primary source documents will be essential reading for scholars students and film enthusiasts *The Complete History of American Film Criticism* Jerry Roberts, 2010-02-01 The Complete History of American Film Criticism is a chronicle of the lives and work of the most influential film critics of the past 100 years From the first movie review in the New York Times in 1896 through the Silent Era the pre and postwar years the Film Generation of the 1960s the Golden Age of the 1970s and into the 21st century critics have educated generations of discriminating moviegoers on the differences between good films and bad They call attention to great directors cinematographers production designers screenwriters and actors and shed light on their artistic visions and storytelling sensibilities People interested in what the great film critics had to say have usually been shortchanged as to their backgrounds and just why they are qualified to sit in judgment Using mini biographies placed within a chronological framework The Complete History of American Film Criticism is the biography of a profession whose cultural impact has left an indelible mark on the 20th century's most significant art form **Film Criticism and Digital Cultures** Andrew McWhirter, 2016-08-26 The critic is dead Everyone's a critic These statements reflect some of the perceptions of film criticism in a time when an opinion can be published in seconds yet reach an audience of millions This book examines the reality of contemporary film criticism by talking to leading practitioners in the UK and North America such as Nick James Mark Cousins Jonathan Rosenbaum and Richard Porton and by covering a broad spectrum of influential publications including Sight Sound The Guardian Cineaste indieWIRE and Variety Forming a major new contribution to an emerging field

of study these enquiries survey the impact of larger cultural economic and technological processes facing society media and journalism Historical perspectives on criticism from ancient times and current debates in journalism and digital media are used to unravel questions such as what is the relationship between crisis and criticism In what way does the web change the functions and habits of practitioners What influences do film industries have on the critical act And how engaged are practitioners with converged and creative film criticism such as the video essay In the face of transformative digital idealism empirical findings here redress the balance and argue the case for evolution rather than revolution taking place within film criticism

Murder Karla Oeler,2009-12-15 The dark shadows and offscreen space that force us to imagine violence we cannot see The real slaughter of animals spliced with the fictional killing of men The missing countershot from the murder victim s point of view Such images or absent images Karla Oeler contends distill how the murder scene challenges and changes film Reexamining works by such filmmakers as Renoir Hitchcock Kubrick Jarmusch and Eisenstein Oeler traces the murder scene s intricate connections to the great breakthroughs in the theory and practice of montage and the formulation of the rules and syntax of Hollywood genre She argues that murder plays such a central role in film because it mirrors on multiple levels the act of cinematic representation Death and murder at once eradicate life and call attention to its former existence just as cinema conveys both the reality and the absence of the objects it depicts But murder shares with cinema not only this interplay between presence and absence movement and stillness unlike death killing entails the deliberate reduction of a singular subject to a disposable object Like cinema it involves a crucial choice about what to cut and what to keep
