River One Mans Journey Down The Colorado Source To Sea:

River Colin Fletcher, 2014-10-15 At age sixty seven Colin Fletcher the guru of backpacking in America undertook a rigorous six month raft expedition down the full length of the Colorado River alone He needed something to pare the fat off my soul to make me grateful again for being alive The 1 700 miles between the Colorado s source in Wyoming and its conclusion at Mexico s Gulf of California contain some of the most spectacular vistas on earth and Fletcher is the ideal guide for the terrain As his privileged companions we travel to places like Disaster Falls and Desolation Canyon observe beaver and elk experience sandstorms and whitewater rapids and share Fletcher s thoughts on the human race the environment and the joys of solitude

Restoring Colorado River Ecosystems Robert W.

Adler,2012-06-22 Over the past century humans have molded the Colorado River to serve their own needs resulting in significant impacts to the river and its ecosystems Today many scientists public officials and citizens hope to restore some of the lost resources in portions of the river and its surrounding lands Environmental restoration on the scale of the Colorado River basin is immensely challenging in addition to an almost overwhelming array of technical difficulties it is fraught with perplexing questions about the appropriate goals of restoration and the extent to which environmental restoration must be balanced against environmental changes designed to promote and sustain human economic development Restoring Colorado River Ecosystems explores the many questions and challenges surrounding the issue of large scale restoration of the Colorado River basin and of large scale restoration in general Robert W Adler evaluates the relationships among the laws policies and institutions governing use and management of the Colorado River for human benefit and those designed to protect and restore the river and its environment He examines and critiques the often challenging interactions among law science economics and politics within which restoration efforts must operate Ultimately he suggests that a broad concept of restoration is needed to navigate those uncertain waters and to strike an appropriate balance between human and environmental needs While the book is primarily about restoration of Colorado River ecosystems it is also about uncertainty conflict competing values and the nature pace and implications of environmental change It is about our place in the natural environment and whether there are limits to that presence we ought to respect And it is about our responsibility to the ecosystems we live in and use

Exploring the Colorado River John Wesley Powell,2012-07-19 Powell s 1869 expedition was the first successful attempt to map the Colorado River This volume assembles the explorers journals accounts and letters into a compelling day by day narrative

Kinds of Winter Dave Olesen,2014-12-05 A veteran dog musher Dave Olesen finished the Iditarod Trail Sled Dog Race eight times After a fifteen year career as a sled dog racer Olesen set out to fulfill a lifelong dream In four successive winters he steered his dogs and sled on long trips away from his remote Northwest Territories homestead setting out in turn to the south east north and west and home again to Hoarfrost River His narrative ranges from the personal and poignant musings of a dogsled driver to loftier planes of introspection and contemplation Olesen describes his journeys day by day but this book is not merely an account of his travels Neither is it yet another offering in the genre of wide eyed southerner meets the Arctic because Olesen is a firmly rooted northerner having lived and travelled in the boreal outback for over thirty years Olesen s life story colours his writing educated immigrant husband and father professional dog musher working bush pilot and denizen of log cabins far off the grid He and his dogs feel at home in country lying miles back of beyond This book demolishes many of the clichés that imbue writings about bush life the Far North and dogsledding It is a unique blend of armchair adventure personal memoir and thoughtful down to earth reflection

Mountain Harmonies Howard L. Smith,2004 This book is about adventures in nature primarily in the mountains and about how wildness touches the very depth of our being The experiences I relive in this book occurred principally in the

mountains of New Mexico and bordering wild areas of Colorado but also in the Rocky Mountains of Wyoming and Montana as well as Washington in the Pacific Northwest Most of the events happened as I was walking hiking camping and backpacking

Pref **Glen Canyon Dammed** Jared Farmer,1999 Focusing on the saddening maddening example of Glen Canyon Jared Farmer traces the history of exploration and development in the Four Corners region discusses the role of tourism in changing the face of the West and shows how the invention of Lake Powell has served multiple needs He also seeks to identify the point at which change becomes loss How do people deal with losing places they love How are we to remember or restore lost places

BOOK JACKET Outdoors in the Southwest Andrew Gulliford,2014-04-18 More college students than ever are majoring in Outdoor Recreation Outdoor Education or Adventure Education but fewer and fewer Americans spend any time in thoughtful respectful engagement with wilderness While many young people may think of adrenaline laced extreme sports as prime outdoor activities with Outdoors in the Southwest Andrew Gulliford seeks to promote appreciation for and discussion of the wild landscapes where those sports are played Advocating an outdoor ethic based on curiosity cooperation humility and ecological literacy this essay collection features selections by renowned southwestern writers including Terry Tempest Williams Edward Abbey Craig Childs and Barbara Kingsolver as well as scholars experienced guides and river rats Essays explain the necessity of nature in the digital age recount rafting adventures and reflect on the psychological effects of expeditions True life cautionary tales tell of encounters with nearly disastrous flash floods 900 foot falls and lightning strikes The final chapter describes the work of Great Old Broads for Wilderness the Colorado Fourteeners Initiative and other exemplars of wilderness tithing giving back to public lands through volunteering stewardship and eco advocacy Addressing the evolution of public land policy the meaning of wilderness and the importance of environmental protection this collection serves as an intellectual guidebook not just for students but for travelers and anyone curious about the changing landscape of the West
