[The Chronicles of Newgate](#) (Vol. 1&2) Arthur Griffiths, 2020-08-29 The Chronicles of Newgate feature a detailed history of the well known Newgate prison which is in itself an epitome of the criminal history of England from epoch to epoch closely and minutely Newgate as the annexe of the Old Bailey or great criminal law court of this city has ever been closely connected with the administration

of justice in the country In its records are to be read the variations of the Statute Book It is possible to trace at Newgate the gradual amelioration of the penal code from the days of its pitiless ferocity to the time when thanks to the incessant protests of humanitarian and philanthropist a milder system of punishment became the rule _x000D_ Volume 1 _x000D_ Medieval Newgate _x000D_ Newgate in the Sixteenth Century _x000D_ Newgate in the Seventeenth Century Down to the Great Fire _x000D_ Newgate in the Seventeenth Century After the Great Fire _x000D_ In the Press Yard _x000D_ Executions _x000D_ Escapes _x000D_ The Gaol Calendar _x000D_ The Gaol Fever _x000D_ The New Gaol _x000D_ Volume 2 _x000D_ Crimes and Criminals _x000D_ Newgate Down to 1818 _x000D_ Philanthropy in Newgate _x000D_ The Beginnings of Prison Reform _x000D_ The First Report of the Inspectors of Prisons _x000D_ Executions _x000D_ Newgate Notorieties _x000D_ Later Records _x000D_ Newgate Notorieties _x000D_ Newgate Reformed

The History and Romance of Crime: Chronicles of Newgate from the Twelfth to the Eighteenth Century (Complete) Arthur George Frederick Griffiths,2020-09-28 The combat with crime is as old as civilization Unceasing warfare is and ever has been waged between the law maker and the law breaker The punishments inflicted upon criminals have been as various as the nations devising them and have reflected with singular fidelity their temperaments or development This is true of the death penalty which in many ages was the only recognized punishment for crimes either great or small Each nation has had its own special method of inflicting it One was satisfied simply to destroy life another sought to intensify the natural fear of death by the added horrors of starvation or the withholding of fluid by drowning stoning impaling or by exposing the wretched victims to the stings of insects or snakes Burning at the stake was the favourite method of religious fanaticism This flourished under the Inquisition everywhere but notably in Spain where hecatombs perished by the autos da f or trials of faith conducted with great ceremony often in the presence of the sovereign himself Indeed so terrible are the records of the ages that one turns with relief to the more humane methods of slowly advancing civilization the electric chair the rope the garotte and even to that sanguinary daughter of the Revolution la guillotine the timely and merciful invention of Dr Guillotin which substituted its swift and certain action for the barbarous hacking of blunt swords in the hands of brutal or unskilful executioners Savage instinct however could not find full satisfaction even in cruel and violent death but perforce must glut itself in preliminary tortures Mankind has exhausted its fiendish ingenuity in the invention of hideous instruments for prolonging the sufferings of its victims When we read to day of the cold blooded Chinese who condemns his criminal to be buried to the chin and left to be teased to death by flies of the lust for blood of the Russian soldier who in brutal glee impales on his bayonet the writhing forms of captive children of the recently revealed torture chambers of the Yildiz Kiosk where Abdul Hamid wreaked his vengeance or squeezed millions of treasure from luckless foes or of the Congo slave wounded and maimed to satisfy the greed for gold of an unscrupulous monarch we are inclined to think of them as savage survivals in Darkest Africa or in countries yet beyond the pale of western civilization Yet it was only a few centuries ago that Spain did to death by unspeakable cruelties the gentle

racers of Mexico and Peru and sapped her own splendid vitality in the woeful chambers of the Inquisition Even as late as the end of the eighteenth century enlightened France was filling with the noblest and best of her land those oubliettes of which the very names are epitomes of woe La Fin d Aise The End of Ease La Boucherie The Shambles and La Fosse The Pit or Grave in the foul depths of which the victim stood waist deep in water unable to rest or sleep without drowning Buoyed up by hope of release some endured this torture of La Fosse for fifteen days but that was nature s limit None ever survived it longer
