Robert Altman Incribed:

The Cinema of Robert Altman Robert Niemi, 2016-03-01 In a controversial and tumultuous filmmaking career that spanned nearly fifty years Robert Altman mocked subverted or otherwise refashioned Hollywood narrative and genre conventions Altman's idiosyncratic vision and propensity for formal experimentation resulted in an uneven body of work some rank failures and intriguing near misses as well as a number of great films that are among the most influential works of New American Cinema While Altman always professed to have nothing authoritative to say about the state of contemporary society this volume surveys all of his major films in their sociohistorical context to reposition the director as a trenchant satirist and social critic of postmodern America depicted as a lonely wasteland of fraudulent spectacle exploitative social relations and unfulfilled solitaires in search of elusive community

Transitional Justice and the Politics of Inscription

Joseph Robinson, 2017-08-04 Taking Northern Ireland as its primary case study this book applies the burgeoning literature in memory studies to the primary question of transitional justice how shall societies and individuals reckon with a traumatic past Joseph Robinson argues that without understanding how memory shapes moulds and frames narratives of the past in the minds of communities and individuals theorists and practitioners may not be able to fully appreciate the complex emotive realities of transitional political landscapes Drawing on interviews with what the author terms memory curators coupled with a robust analysis of secondary literature from a range of transitional cases the book analyses how the bodies of the dead the injured and the traumatised are written into or written out of transitional justice The author argues that scholars cannot appreciate the dynamism of transitional memory space unless they first engage with the often silenced or marginalised voices whose memories remain trapped behind the antagonistic politics of fear and division Ultimately challenging the imperative of national reconciliation the author argues for a politics of public memory that incubates at multiple nodes of social production and can facilitate a vibrant democratic debate over the ways in which a traumatic past can or should be remembered

Robert Altman's Soundtracks Gayle Sherwood Magee, 2014-10-01 American director Robert Altman 1925 2006 first came to national attention with the surprise blockbuster *MASH* 1970 and he directed more than thirty feature films in the subsequent decades Critics and scholars have noted that music is central to Altman's films and in addition to his feature films Altman worked in theater opera and the emerging field of cable television His treatment of sound is a hallmark of his films alongside overlapping dialogue improvisation and large ensemble casts Several of his best known films integrate musical performances into the central plot including *Nashville* 1975 *Popeye* 1980 *Short Cuts* 1993 *Kansas City* 1996 *The Company* 2003 and *A Prairie Home Companion* 2006 his final film Even such non musicals as *McCabe and Mrs Miller* 1971 have been described as in fellow director and protégé Paul Thomas Anderson's evocative phrase as musicals without people singing Robert Altman's *Soundtracks* considers Altman's celebrated innovative uses of music and sound in several of his most acclaimed and lesser known works In so doing these case studies serve as a window not only into Altman's considerable and

varied output but also the changing film industry over nearly four decades from the heyday of the New Hollywood in the late 1960s through the Indiewood boom of the 1990s and its bust in the early 2000s As its frame the book considers the continuing attractions of auteurism inside and outside of scholarly discourse by considering Altman s career in terms of the director s own self promotion as a visionary and artist the film industry s promotion of Altman the auteur the emphasis on Altman s individual style including his use of music by the director critics scholars and within the industry and the processes tensions and boundaries of collaboration

Robert Altman's Subliminal Reality Robert T. Self, 2002 With his complex and unconventional films Robert Altman often draws an impassioned response from critics but bafflement and indifference from the general public Some audiences have dismissed his movies as insignificant unsatisfying and unreadable Ironically Altman might agree he makes films in order to challenge filmgoers expectations of straightforward narratives and easily understood endings In Robert Altman s Subliminal Reality Robert T Self sheds light on Altman s work and provides the most comprehensive analysis of his films to date With close readings of classics like MASH McCabe Mrs Miller and Nashville as well as the more recent films The Player Short Cuts and Cookie s Fortune Self asserts the value of Altman s work not only to film theory and the entertainment industry but to American culture Book jacket

Robert Altman's America Helene Keyssar, 1991 Robert Altman is the most quintessentially American of contemporary directors His films cut across virtually all genres and though few have met with huge commercial success apart from the blockbuster M A S H Altman s unique vision of our society his distinctive directorial signature and his defiance of conventional film language have all helped reinvent the way we look at America Keyssar shows why it is time for us to consider this unusual auteur among the pantheon of great directors She identifies the peculiarities of the Altman style discusses his films from both a feminist and political perspective and offers a chapter length discussion of one of his most important films Nashville 1975 a gleeful vision of an American landscape perpetually exploding upon itself From publisher description
