Harris, 2005-01-01 Though more than a generation has passed since the revolutionary fervor of the Summer of Love of 1967 the 1960s in many ways seem with us still From recurring debates over the war in Vietnam to the perpetually appealing music of the Beatles and the Rolling Stone to the concern about youth drug use the legacy of the 1960s is ubiquitous in contemporary life The Summer of Love brings together an impressive group of historians artists and cultural critics to present a rich and varied interpretation of this seminal decade and its continuing influence on politics society and culture The Summer of Love which accompanies an exhibition at Tate Liverpool pays particular attention to the wildly creative

psychedelic art of the era Perceptive essays on psychedelic comics graphic design and typography light shows and film successfully rescue psychedelic art from the fog of nostalgia and unjust critical neglect Distinguished contributors also explore the role of 1960s fashion and architecture and they consider anew the central influence of hallucinogenic drugs on the art of the era Running throughout the essays are the elements of epochal change from sexual liberation to student revolutions that still form the backdrop of our collective consciousness of the 1960s An incisive collection of writings on all aspects of 1960s art and culture tempered by time and critical distance The Summer of Love will be indispensable for those who wish they had been there or for those who were but can't remember it *Diane Arbus's 1960s* Frederick Gross, 2012

Monografie over het werk van de Amerikaanse fotografe 1923-1971 en hoe zich dit verhoudt tot andere kunstzinnige en maatschappelijke ontwikkelingen in de zestiger jaren van de twintigste eeuw **Awakening the Eye** George

Kouvaros, 2015-09-01 Until now celebrated photographer Robert Frank's daring and unconventional work as a filmmaker has not been awarded the critical notice it deserves In this timely volume George Kouvaros surveys Frank's films and videos and places them in the larger context of experimentation in American art and literature since World War II Born in 1924 Frank emigrated from Switzerland to the United States in 1947 and quickly made his mark as a photojournalist A 1955 Guggenheim Foundation fellowship allowed him to travel across the country photographing aspects of American life that had previously received little attention The resulting book *The Americans* with an Introduction by Jack Kerouac is generally considered a landmark in the history of postwar photography During the same period Frank befriended other artists and writers among them Allen Ginsberg Peter Orlovsky and Gregory Corso all of whom are featured in his first film *Pull My Daisy* which is narrated by Kerouac This film set the terms for a new era of experimental filmmaking By examining Frank's films and videos including *Pull My Daisy* *Me and My Brother* and *Cocksucker Blues* in the framework of his more widely recognized photographic achievements Kouvaros develops a model of cross-media history in which photography film and video are complicit in the search for fresh forms of visual expression *Awakening the Eye* is an insightful compelling and at times moving account of Frank's determination to forge a personal connection between the circumstances of his life and the media in which he works *Beat Culture* William T. Lawlor, 2005-05-20

The coverage of this book ranges from Jack Kerouac's tales of freedom-seeking Bohemian youth to the frenetic paintings of Jackson Pollock including 60 years of the Beat Generation and the artists of the Age of Spontaneity *Beat Culture* captures in a single volume six decades of cultural and countercultural expression in the arts and society It goes beyond other works which are often limited to Beat writers like William Burroughs Charles Bukowski and Michael McClure to cover a wide range of musicians painters dramatists filmmakers and dancers who found expression in the Bohemian movement known as the Beat Generation Top scholars from the United States England Holland Italy and China analyze a vast array of topics including sexism misogyny alcoholism and drug abuse within Beat circles the arrest of poet Lawrence Ferlinghetti on obscenity charges Beat dress and speech and the Beat pad Through more

diary entries that fully bring his voice into the book In its singular combination of text and image its fearless self reflection and its insistence on photography and film as equal though different parts of his art The Lines of My Hand proved an inspiration for many photographers not least Robert Frank himself who expanded this approach in his visual diaries of 2010
