For Dummies has you covered Black San Francisco Albert S. Broussard, 1993-04-26 By 1867 black San Franciscans had gained access to public transportation In 1869 they were granted the right to vote by the state of California In 1875 they fought for desegregated schools and won Yet in 1957 Willie Mays was initially denied the opportunity to purchase a home in an exclusive San Francisco neighborhood because he was black In Black San Francisco Albert Broussard explores race relations in a city where whites for the most part were outwardly civil to blacks while denying them employment opportunities and political power Understanding the texture of the racial caste system he argues is critical to understanding why blacks made so little progress in employment housing and politics despite the absence of segregation laws When it came to racial equality in the early twentieth century Broussard argues the liberal progressive image of San Francisco was largely a facade Illustrating how black San Franciscans struggled to achieve equality in the same manner as their counterparts in the Midwest and East he challenges the rhetoric of progress and opportunity with evidence of the reality of inequality for black San Franciscans Black San Francisco is considerably broader in scope than any previous study of African Americans in the West It provides extensive coverage of the city's black community during the Great Depression and the New Deal details civil rights activities from 1915 to 1954 and provides extensive biographical material on local black leaders In his reconstruction of the plight of San Francisco's black citizens Broussard reveals a population that despite its small size before 1940 did not accept second class citizenship passively yet remained nonviolent into the 1960s He also shows how World War II was a watershed for Black San Francisco bringing thousands of southern migrants to the bay area to work in the war industries These migrants in tandem with native black residents formed coalitions with white liberals to attack racial inequality more vigorously and successfully than at any previous time in San Francisco's history
