identity crises were augmentative during the Romantic epoch the literary double serves to express an epoch's fear of the collapse of social values therefore authors used the double motif in literature in order to illustrate the issue of the fragmentability of the human soul 36 While split personality was a feature of the prototype of a double ganger in the Gothic genre the Second Self mostly contains aspects of the demonic the monstrous and is bound into a context of moral ambiguity ebd4 These features demonstrate the Second Self as a diabolical alter ego who always appears as a self divided villain marked by the uncanny and the evil
