Wilson, 2009-04-07 What is America Is it a hegemonic superpower composed of ruthlessly selfish capitalists Or is it a land of hope and glory a shelter for the huddled masses and a beacon of freedom and enlightenment The definition of this complex nation has been debated substantially yet all seem to agree on one thing it is unique The idea of an exceptional America can be traced all the way back to Alexis de Tocqueville s nineteenth century observations of a newly formed democracy that seemed determined to distinguish itself from the rest Little it seems has changed Building on de Tocqueville s concept of American exceptionalism this collection of essays contributed by some of the nation s top scholars and thinkers takes on the weighty task of sizing up America in a way its people and others can comprehend Far more than simple history they outline the current state of American institutions and policies from the legal system to marriage to the military to the Drug War and anticipate where these are headed in the future     *Export America* ,1999     **America's Denouement** Brian Strobel, 2005-06 DA c nouement de nu maw n Fr the ultimate outcome to a complicated sequence of contributing events In this powerful and immensely readable book Brian Strobel diagnoses the subtle yet continuous changes experienced by American society over the last fifty years Cchanges that have the potential to destroy the nation By showing how the decline of morality growth of government and impact of modern liberalism are combining with synergistic effects upon American society he makes the immediacy of this threat surprisingly clear This work challenges generally accepted aspects of society as its essence examines America from a historical philosophical and political perspective The concluding analysis of synergistic impacts draws on this earlier discussion and relates choices that America must ultimately decide upon America s DA c nouement presents an opportunity to assist in these choices by reviewing what America once was what it is now and what its future holds     *Departments of Labor, Health and Human Services, Education, and Related Agencies Appropriations for 2000* United States.
