Setting Municipal Priorities 1988

Brian D. Goldstein

Setting Municipal Priorities 1988:

A Phoenix in the Ashes John Hull Mollenkopf, 2021-04-13 In the years following its near bankruptcy in 1976 until the end of the 1980s New York City came to epitomize the debt driven deal oriented economic boom of the Reagan era Exploring the interplay between social structural change and political power during this period John Mollenkopf asks why a city with a large minority population and a long tradition of liberalism elected a conservative mayor who promoted real estate development and belittled minority activists Through a careful analysis of voting patterns political strategies of various interest groups and policy trends he explains how Mayor Edward Koch created a powerful political coalition and why it ultimately failed

Power Failure Charles Brecher, Raymond D. Horton, 1993-04-08 New York City's municipal government is the largest and most complex in the nation perhaps in the world Its annual operating budget is now a staggering 29 billion a year plus it has a capital budget of 4 billion more The city and its various agencies employ approximately 360 000 full time workers The Office of the Mayor alone employs some 1 600 people and spends some 135 million And the Police Department boasts a small army of over 25 000 officers with a budget of 1.5 billion Anyone wanting to make sense of an organization this vast needs an excellent guide In *Power Failure* Charles Brecher and Raymond Horton provide a complete guidebook to the political workings of New York City Ranging from 1960 to the present the authors explore in depth the political machinery behind City Hall from electoral politics to budgetary policy to the delivery of city services They examine the operation of the Office of the Mayor and the City Council covering everything from the number of members and their annual salaries Council Members receive 55 000 per year the Council President 105 000 to the mayoral races of John V Lindsay Abraham Beame and Edward I Koch Much of this encyclopedic work focuses on New York's ever present financial woes including the financial crisis of the mid 1970s when the City had an unaudited deficit of over a billion dollars and the public credit markets closed their doors They examine the repeated failure of collective bargaining to set wage policy before the annual operating budget is set which undermines the integrity of the budgetary process and they look at the main source of revenue the property tax homeowners pay 84 cents per hundred dollars of market value commercial property owners pay 4.31 a politically motivated imbalance which the authors find economically harmful and grossly unfair to renters and businesses Finally they examine service delivery and discover not surprisingly that the highest local taxes in the nation are not spent efficiently The authors offer detailed looks at the uniformed services police fire sanitation corrections the Department of Parks and Recreation and the Health and Hospitals Corporation which operates the country's largest municipal hospital system revealing which departments are run well and which are not For New York City residents this is an essential volume for understanding City Hall Indeed anyone baffled by big city government whether you live in New York or in any major metropolis will find in this volume a wealth of information on how to run a city well and how to run it into the ground

"*Code of Massachusetts regulations, 1988*" ,1988 Archival snapshot of entire looseleaf Code of Massachusetts Regulations held by the Social Law

Library of Massachusetts as of January 2020 **Dual City** John H. Mollenkopf, Manuel Castells, 1991-04-04 Have the last two decades produced a New York composed of two separate and unequal cities As the contributors to Dual City reveal the complexity of inequality in New York defies simple distinctions between black and white the Yuppies and the homeless The city s changing economic structure has intersected with an increasingly diversified population providing upward mobility for some groups while isolating others As race gender ethnicity and class become ever more critical components of the postindustrial city the New York experience illuminates not just one great city or indeed all large cities but the forces affecting most of the globe The authors constitute an impressive assemblage of seasoned scholars representing a wide array of pertinent disciplines Their product is a pioneering volume in the social sciences and urban studies the 20 page bibliography is a major research tool on its own Choice **City Schools** Diane Ravitch, Joseph P. Viteritti, 2003-05-01 How the story of NYC s schools contain lessons for other cities City Schools brings together a distinguished group of researchers and educators for an in depth look at the nation s largest school system Topics covered include the changing demographics of city schools the impending teacher shortage reading instruction special education bilingual education school governance charter schools choice school finance reform and the role of teacher unions City Schools also provides fresh and fascinating perspectives on Catholic schools Jewish day schools and historically black independent schools Diane Ravitch Joseph P Viteritti and their coauthors explore pedagogical institutional and policy issues in an urban school system whose challenges are those of American urban education writ large The authors conclude that we know a lot more about how to provide effective educational services for a diverse population of urban school children than performance data would suggest Contributors Dale Ballou University of Massachusetts Amherst Stephan F Brumberg Brooklyn College Mary Beth Celio University of Washington Gail Foster Toussaint Institute Michael Heise Case Western University Clara Hemphill Public Education Association Paul T Hill University of Washington William G Howell Harvard University Pearl Rock Kane Columbia University Frank J Macchiarola Saint Francis College Melissa Marschall University of South Carolina Thomas Nechyba Duke University Paul E Peterson Harvard University Christine Roch Georgia State University Christine H Rossell Boston University Marvin Schick Avi Chai Foundation Mark Schneider SUNY Stony Brook Lee Stuart South Bronx Churches Paul Teske SUNY Stony Brook Emanuel Tobier New York University Joanna P Williams Columbia University Setting Municipal Priorities, 1984 Charles Brecher, Raymond D. Horton, 1983 **Atop the Urban Hierarchy** Robert A. Beauregard, 1989 This volume contains a wealth of information and insights on contemporary patterns of urban economic growth and spatial transformations CONTEMPORARY SOCIOLOGY **All the Nations Under Heaven** Frederick M. Binder, David M. Reimers, 1995 From the influx of Irish and Germans in the nineteenth century to the recent arrival of Caribbean and Asian ethnic groups in large numbers All the Nations Under Heaven explores the social cultural political and economic lives of immigrants as they sought to form their own communities and struggled to define their identities within the growing

heterogeneity of New York **The Future of National Urban Policy** Marshall Kaplan, Franklin J. James, 1990 The Future of National Urban Policy brings together scholars policymakers and journalists to explore the condition of America's cities The authors focus on policies of the previous five presidential administrations to examine the history of urban policy and offer suggestions for its future Individual chapters address a variety of topics including housing employment education the infrastructure of cities and public policy **New York, New York, New York** Thomas Dyja, 2022-03-15 A lively immersive history by an award winning urbanist of New York City's transformation and the lessons it offers for the city's future

Economic Growth and Fiscal Planning in New York William Duncombe, 2017-09-08 In an era of federal deficits and struggling municipalities states have emerged as the most significant governmental actors But state governments face the major challenge of fiscal planning in the midst of economic change Roy Bahl and William Duncombe tackle this challenge head on Using New York as a case study they identify looming dangers for state revenue and expenditure planning Bahl and Duncombe begin with the premise that one cannot separate an evaluation of fiscal performance from an evaluation of economic performance Accordingly they describe and analyze the patterns of population employment and personal income growth Following this is a study of state and local government finances in New York since 1970 and a recounting of the fiscal adjustments that were taken in the face of slower and then faster growth in the economy The authors conclude that based on current conditions the state and its local governments are in for fiscal belt tightening They note that the state should take a comprehensive view in planning the development and retrenchment of its government sector The book is thought provoking exhaustively researched and sensibly written Its lessons are applicable everywhere and should be read by all those seeking a route through the tangled thicket of government policy for economic growth Spatial Regulation in New York City Themis Chronopoulos, 2012-03-28 This book explores and critiques the process of spatial regulation in post war New York focusing on the period after the fiscal crisis of the 1970s examining the ideological underpinnings and practical applications of urban renewal exclusionary zoning anti vagrancy laws and order maintenance policing It argues that these practices were part of a class project that deflected attention from the underlying causes of poverty eroded civil rights and sought to enable real estate investment high end consumption mainstream tourism and corporate success **Setting Municipal Priorities,**

1988 Charles Brecher, Raymond D. Horton, 1988-02-01 *Community Power in a Postreform City* Robert F. Pecorella, 2019-07-26 This book represents the culmination of several years of research on community politics in New York City **PAIS Bulletin** , 1988 *The Roots of Urban Renaissance* Brian D. Goldstein, 2023-03-14 An acclaimed history of Harlem's journey from urban crisis to urban renaissance With its gleaming shopping centers and refurbished row houses today's Harlem bears little resemblance to the neighborhood of the midcentury urban crisis Brian Goldstein traces Harlem's Second Renaissance to a surprising source the radical social movements of the 1960s that resisted city officials and fought to give Harlemites control of their own destiny Young Harlem activists inspired by the civil rights movement envisioned a

Harlem built by and for its low income predominantly African American population In the succeeding decades however the community based organizations they founded came to pursue a very different goal a neighborhood with national retailers and increasingly affluent residents The Roots of Urban Renaissance demonstrates that gentrification was not imposed on an unwitting community by unscrupulous developers or opportunistic outsiders Rather it grew from the neighborhood s grassroots producing a legacy that benefited some longtime residents and threatened others

The Changing U.s. Labor Market Eli Ginzberg, 2019-07-09 This book focuses on the aspects of the changing U S labor market including the role that the export of advanced business services from the United States plays in the increasing globalization of the world s economy and the reemergence of national employment policy

Community Power in a Postreform City Eugene B. Rumer, Dmitrii Trenin, Huasheng Zhao, 2007 The eminent contributors to this volume offer a four part analysis of Central Asia s new importance in world affairs since the disintegration of the Soviet Union

Journal of Policy Analysis and Management , 1989 Encompasses issues and practices in policy analysis and public management Listed among the contributors are economists public managers and operations researchers Featured regularly are book reviews and a department devoted to discussing ideas and issues of importance to practitioners researchers and academics

Public Hospital Systems in New York and Paris Victor Rodwin, 1992 With sixteen hospitals and almost 10 500 beds the New York City Health and Hospitals Corporation HHC is the largest municipal hospital system in the United States With forty seven hospitals and almost thirty three thousand beds the Paris Hospital Corporation Assistance Publique Hopitaux de Paris AP is three times as large the biggest municipal hospital system in France This book compares these two vast systems It analyzes staffing outpatient and inpatient care the desirability of private faculty practice plans budgeting quality assurance and the role of medical education in these two very different systems In addition it reviews how both HHC and AP plan to adapt their systems over the next decade and beyond Aging populations the development and diffusion of new medical technologies and the growth of hospitals and physicians throughout the 1960s and 1970s have led to massive increases in health care costs in both the United States and in France Both New York City and Paris have suffered the shock of the AIDS epidemic Detailed informed and authoritative this book will stand for years as the standard comparative study of two large municipal hospital systems

The book delves into Setting Municipal Priorities 1988. Setting Municipal Priorities 1988 is a vital topic that needs to be grasped by everyone, ranging from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Setting Municipal Priorities 1988, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:

- Chapter 1: Introduction to Setting Municipal Priorities 1988
- Chapter 2: Essential Elements of Setting Municipal Priorities 1988
- Chapter 3: Setting Municipal Priorities 1988 in Everyday Life
- Chapter 4: Setting Municipal Priorities 1988 in Specific Contexts
- Chapter 5: Conclusion

2. In chapter 1, the author will provide an overview of Setting Municipal Priorities 1988. The first chapter will explore what Setting Municipal Priorities 1988 is, why Setting Municipal Priorities 1988 is vital, and how to effectively learn about Setting Municipal Priorities 1988.
3. In chapter 2, this book will delve into the foundational concepts of Setting Municipal Priorities 1988. This chapter will elucidate the essential principles that need to be understood to grasp Setting Municipal Priorities 1988 in its entirety.
4. In chapter 3, the author will examine the practical applications of Setting Municipal Priorities 1988 in daily life. The third chapter will showcase real-world examples of how Setting Municipal Priorities 1988 can be effectively utilized in everyday scenarios.
5. In chapter 4, this book will scrutinize the relevance of Setting Municipal Priorities 1988 in specific contexts. This chapter will explore how Setting Municipal Priorities 1988 is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, the author will draw a conclusion about Setting Municipal Priorities 1988. This chapter will summarize the key points that have been discussed throughout the book.

This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Setting Municipal Priorities 1988.
