mechanisms and technologies which enabled their return The book examines the multiple identities that migrants adopted and the huge range and complexity of homecomers motives and experiences It also dissects migrants perception of home and the social economic cultural and political change that their return engendered Settlement Or Return Keijo Virtanen,1979

A Short History of Finland Fred Singleton, 1998-10 Finland has often been ignored or misunderstood by the English speaking world and this work presents the reader with a readable and authoritative introduction to the life of the Finns and the position of their country in the modern world The book explains how a small nation placed in an unfavorable geopolitical situation won its independence and

eventually achieved a high material standard of living together with an enviable degree of social and political stability by adapting itself to the realities of life in an unpromising environment Copyright Libri GmbH All rights reserved Las patrias ausentes Xoxé M. Núñez Seixas, 2015-03-03 Se recogen en Las patrias ausentes varios artículos publicados en diversas revistas y libros colectivos de Europa y América a lo largo de los primeros tres lustros del siglo xxi cuyo denominador común es la historia de las migraciones ibéricas y particularmente las migraciones gallegas a América entre 1850 y 1960 Se agrupan en torno a tres ejes temáticos Primero la reflexión historiográfica y comparativa acerca del pasado de las migraciones ibéricas abordando cuestiones como las fuentes epistolares la migración de retorno o la construcción de liderazgos en las comunidades emigrantes Segundo el estudio de las imágenes los estereotipos y las representaciones de los colectivos migrantes así como de sus identidades colectivas de índole territorial Y tercero diversos aspectos de la historia de las migraciones gallega a América Latina como la inserción social de los gallegos en la Argentina la articulación de espacios asociativos en Argentina y Cuba y el papel de la prensa en la conformación de una esfera pública emigrante capaz de influir en los destinos del país de origen Todos los ensayos responden a un enfoque centrado en la historia sociocultural del fenómeno migratorio que busca aprehender sus dinámicas sociales grupales e identitarias mediante la combinación de la mirada local con la global de la microhistoria con la reflexión teórica de la visión desde Europa con la perspectiva desde las sociedades de destino americanas Y tiene como objetivo dar protagonismo a los actores de los procesos migratorios en particular a los migrantes individuales y sus estrategias Sea, Gold and Sugarcane Olavi Koivukangas, 1986 **Under the northern lights** Nelma Sillanpää, 1994-01-01 What was it like for young immigrant girls growing up in the lumber camps and mining towns of northern Ontario in the 1920s How did teenagers in Canada cope with the Great Depression of the Dirty Thirties What did young women on the home front do during World War II while their menfolk were overseas with the Canadian Forces This autobiography shows us what ordinary life has been like for many women in Canada over the last 75 years and it illuminates a largely unknown chapter of Canada's diverse multicultural heritage Published in English **Germans and Texans** Walter Struve, 2014-03-07 During the brief history of the Republic of Texas 1836-1845 over 10 000 Germans emigrated to Texas Perhaps best remembered today are the farmers who settled the Texas Hill Country yet many of the German immigrants were merchants and businesspeople who helped make Galveston a thriving international port and Houston an early Texas business center This book tells their story Drawing on extensive research on both sides of the Atlantic Walter Struve explores the conditions that led nineteenth century Europeans to establish themselves on the North American frontier In particular he traces the similarity in social economic and cultural conditions in Germany and the Republic of Texas and shows how these similarities encouraged German emigration and allowed some immigrants to prosper in their new home Particularly interesting is the translation of a collection of letters from Charles Giesecke to his brother in Germany which provide insight into the business and familial concerns of a German merchant and farmer This wealth of information illuminates previously

neglected aspects of intercontinental migration in the nineteenth century The book will be important reading for a wide public and scholarly audience
