The Seventh Million Tom Segev, 1993-04-01 This monumental history shows the decisive impact of the Holocaust on the identity ideology and politics of Israel With unflinching honesty Segev examines the most sensitive and heretofore closed chapters of his country s history and reveals how this charged legacy has at critical moments the Exodus affair the Eichmann trial the Six Day War been molded

The Fear and the Freedom Keith Lowe, 2017-10-24 The international bestselling author of Savage Continent examines how the world has been transformed by World War II The Fear and the Freedom is Keith Lowe s follow up to Savage Continent While that book painted a picture of Europe in all its horror as WWII was ending The Fear and the Freedom looks at all that has happened since focusing on the changes that were brought about because of WWII simultaneously one of the most catastrophic and most innovative events in history It killed millions and eradicated empires creating the idea of human rights and giving birth to the UN It was because of the war that penicillin was first mass produced computers were developed and rockets first sent to the edge of space The war created new philosophies new ways of living new architecture this was the era of Le Corbusier Simone de Beauvoir and Chairman Mao But amidst the waves of revolution and idealism there were also fears of globalization a dread of the atom bomb and an unexpressed longing for a past forever gone All of these things and more came about as direct consequences of the war and continue to affect the world that we live in today The Fear and the Freedom is the first book to look at all of the changes brought about because of WWII Based on research from five continents Keith Lowe s The Fear and the Freedom tells the very human story of how the war not only transformed our world but also changed the very way we think about ourselves Magnificent The Fear and the Freedom can justly claim to be one of the best most useful books on World War II to have emerged in the past decade It belongs in everyone s library Paul Kennedy The Wall Street Journal

Nationalism Jie-Hyun Lim,2025-04-01 Nationalism today depends on the perception of victimhood The historical memory of past suffering endows nationalist movements with political legitimacy and a sense of moral superiority Koreans recall Japanese colonial atrocities while Japan commemorates the atomic bombings of Hiroshima and Nagasaki Israel sanctifies the Holocaust and Poland trumpets the Nazi and Soviet occupations Even Germany and Russia perpetrators of historical crimes today cast themselves as victims by pointing to national suffering In this theoretically sophisticated and empirically rich book Jie Hyun Lim offers a new way to understand nationalism and its political instrumentalization of suffering developing the concept of victimhood nationalism and exploring it in a range of global settings He examines relations among Poland Germany Israel Korea and Japan focusing on how memories of colonialism the Holocaust and Stalinist terror have converged and intertwined in transnational spaces With an emphasis on memory formation Lim scrutinizes how perpetrators in Germany and Japan transformed themselves into victims as well as how nationalists in Poland Korea and Israel portray themselves as hereditary victims in order to rebut external criticism He considers the construction of nations as victims and perpetrators tracing the interaction of history and memory Ultimately the book contends challenging victimhood nationalism is necessary to overcome the endless competition over national suffering and instead promote reconciliation mutual understanding and transnational solidarity **Universal Jurisdiction** Stephen Macedo,2004 Universal jurisdiction is

The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
