

A photograph of a desert landscape. A long, straight asphalt road with double yellow lines stretches from the bottom center towards the horizon. The road is flanked by sandy dunes and sparse, low-lying desert shrubs. The sky is a clear, pale blue. Overlaid on the image is a large, semi-transparent red rectangular box containing white text. Below the text box, centered on the road, is a small black rectangular box containing white text.

Sex For Those Who Think They Know It All:

The 12 Lists Men and Women Think They Know Moisaquw Blanc, 2013-02-26 This book was written to help the common men and women to understand one another Majority of people out there who reads relationship books usually come out in the end with half the knowledge or none at all They seem to forget what they have just read The reason why this happen is either two things first the reader probably already knew about those topics thus making it daunting for him or her to relate to the scenarios the book presented Most relationship books may sound the same as the rest to the reader unless something new is introduced Second many authors want to sugarcoat everything We believe the ultimate mistake an author can do when writing relationship books is to treat readers like children by sugarcoating every word We feel the readers have the right to know all the truth The whole good dirty damn truth With that said we apologize in advance if any words in this book seem to be unmannerly Our intention is not to enrage you Nor is it to conceal what most authors are afraid to say in order to protect their prestige You will notice that this may be the only book on relationships so far that is not afraid to tell it how it is Sugar coating does not exist here

Forbidden Fruit : Sex & Religion in the Lives of American Teenagers Mark D. Regnerus Associate Professor of Sociology University of Texas at Austin, 2007-02-05 Americans remain deeply ambivalent about teenage sexuality Many presume that such uneasiness is rooted in religion But how exactly does religion contribute to the formation of teenagers sexual values and actions What difference if any does religion make in adolescents sexual attitudes and behaviors Are abstinence pledges effective What does it mean to be emotionally ready for sex Who expresses regrets about their sexual activity and why Tackling these and other questions *Forbidden Fruit* tells the definitive story of the sexual values and practices of American teenagers paying particular attention to how participating in organized religion shapes sexual decision making Merging analyses of three national surveys with stories drawn from interviews with over 250 teenagers across America Mark Regnerus reviews how young people learn and what they know about sex from their parents schools peers and other sources He examines what experiences teens profess to have had and how they make sense of these experiences in light of their own identities as religious moral and responsible persons Religion can and does matter Regnerus finds but religious claims are often swamped by other compelling sexual scripts Particularly interesting is the emergence of what Regnerus calls a new middle class sexual morality which has little to do with a desire for virginity but nevertheless shuns intercourse in order to avoid risks associated with pregnancy and STDs And strikingly evangelical teens aren't less sexually active than their non evangelical counterparts they just tend to feel guiltier about it In fact Regnerus finds that few religious teens have internalized or are even able to articulate the sexual ethic taught by their denominations The only and largely ineffective sexual message most religious teens are getting is Don't do it until you're married Ultimately Regnerus concludes religion may influence adolescent sexual behavior but it rarely motivates sexual decision making
