Or you may think that meeting people via the Internet is only for the disenfranchised or socially unskilled. From their own experiences, 20 million people can tell you otherwise. Online Dating For Dummies will get you off the fence and on the Internet dating path with the skill of a seasoned pro. Like your best friend, this fun reference will give you the straight scoop on: Gearing up with the right computer hardware. Overcoming preconceived notions of who is online. Talking the online lingo. Enjoying conversation in chat rooms. Considering date site options. Establishing your screen identity. Facing the consequences of not posting a photo. Internet dating is growing at double-digit rates every year, while other forms of finding a connection are flat or falling off. Internet dating, although far from perfect, is becoming the most effective and efficient method of getting introduced to a large number of available singles. Online Dating For Dummies shows you how to get your feet wet and how to dive in, making informed choices and exercising good judgment as you: Sign up for a trial run on a dating site. Try to describe yourself for your personal profile. Initiate your first e-mail contact. Make your first in-person meeting memorable. Identify frauds and players. Figure out what not to do if you really want to meet someone. Jumping into online dating with no preparation at all is possible but not practical. If you follow the techniques in this friendly guide, your odds of meeting great potential matches will greatly improve, and you'll have far more fun in the process.

The Things That Matter Nate Berkus, 2012-10-16 Does your home tell the story of who you are? In The Things That Matter, Nate Berkus shares intimate stories from his life, introduces us to people who influenced him, and helped him forge his sense of style, and opens up about the remarkable experiences that have left him forever changed, all of which find expression in how he lives today. From his most cherished flea market finds to his beloved books and photos, to the many extraordinary mementos he's collected in his travels, every piece defines who he's become and what endures in his world. Berkus invites readers into his own home, as well as into twelve others, including a sleek steel and glass high-rise that soars above Chicago, a rustic cottage in the Hudson Valley, an ultra-chic atelier that maximizes every inch of space, a Greenwich Village townhouse that holds multiple art collections, and a study in meaningful minimalism in Marfa, Texas. The distinctive interiors beautifully displayed in this book offer revealing portraits of their owners' lives and the inspiring choices that have made them who they are today. The Things That Matter convincingly lays out Nate Berkus's philosophy: that things do matter. Our homes tell our stories; they reflect the places we've been and the people we've loved along the way, and there can be no more beautiful design for living than that. **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE SEATTLE TIMES**
