Sex Race And The Law Legislating For Equality

Sally Jane Kenney

Sex Race And The Law Legislating For Equality:

Sex, race, and the law Jeanne Gregory, 1987 In the last two decades many countries have recognized the existence of widespread and persistent discrimination against women and racial minorities and have sought to reduce or eliminate discrimination through legislation In this book Jeanne Gregory examines the British experience in using the law to reduce inequality and assesses what has been done and can be achieved in this way In Britain the passing of the Sex Discrimination Act 1975 and the Race Relations Act 1976 gave victims of discrimination direct access to the tribunals and courts for the first time and created two new Commissions with wide ranging powers In assessing how far these laws have been successful Jeanne Gregory offers a clear forceful analysis of the issues and problems raised by equal rights legislation She concentrates on the key employment provisions and compares the British experience with that of equal rights legislation elsewhere particularly in the USA Among the issues explored are the procedural obstacles encountered by people attempting to use the law and the conflicts internal and external that have dogged the two Commissions charged with its implementation Consideration is given throughout to the steps needed to close the gap between the ostensible aims of equal rights legislation and its actual achievements This book will be essential reading for students of law and social policy as well as for professionals concerned with the implementation and effects of contemporary equal rights legislation Legislating for Equality Talia Naamat, Dina Porat, Nina Osin, 2012-07-19 This publication consists of a comprehensive collection of all UN member states legislation on non discrimination protection of minorities prohibition of hate crimes and hate speech The book divided into four volumes provides a legal model for combating discrimination through national legislation *Systemic Discrimination in Employment and the Promotion of Ethnic Equality* Ronald L. Craig, 2007 This book argues that traditional complaint based antidiscrimination laws are inherently inadequate to respond to systemic discrimination in employment It examines the mechanisms and characteristics of systemic discrimination and the shortcomings of complaint based laws Yet these characteristics can also inform employers and government authorities of the kinds of preventive action that help alleviate systemic discrimination at the workplace In its search for a rational government policy response to systemic discrimination the book evaluates selected legal regimes which impose proactive obligations on employers to promote equality at the workplace Proactive regimes are regulatory in nature rather than adjudicatory They induce employer compliance through technical assistance dialogue and regulatory pressure rather than court orders By examining the key elements of these regimes the author explains why some proactive regimes function better than others and why proactive regimes function better than complaint based laws in addressing systemic discrimination **Gender and Family in European Economic Policy** Diana Auth, Jutta Hergenhan, Barbara Holland-Cunz, 2016-12-13 This collection explores how pioneering gender equality policies have shaped women s economic presence in Europe since 2000 Equal pay policies parental leave reforms corporate quotas and electoral quotas have raised pressing questions about the effectiveness in

promoting equal participation as researchers quote both quantitative improvement in gender diversity and qualitative lag in cultural change The chapters in this book present interlocking cross national and cross policy comparisons of the three most controversial reforms equal pay parental leave and quotas for political representatives The contributors address the cultural context in which reforms arose internally contradictory policies and the relative effectiveness of fast track quotas and incentives compared to long term efforts to change the overall culture of gender This critical examination of the new millennium s groundbreaking gender policies will appeal to academics and practitioners interested in the progress of gender equality in the economic political and social welfare fields *For Whose Protection?* Sally Jane Kenney,1992 Probes the complex issues that underlie policies regarding women s reproduction and the workplace **Civil Liberties and Human Rights** Helen Fenwick,2009-06-02 This book is a detailed thought provoking and comprehensive text that is valuable not only for students but also for all those interested in the development of civil liberties in the Human Rights Act era

Institutionalizing Intersectionality A. Krizsan,H. Skjeie,J. Squires,2012-07-31 An exploration of the ways that multiple inequalities are being addressed in Europe Using country based and region specific case studies it provides an innovative comparative analysis of the multidimensional equality regimes that are emerging in Europe and reveals the potential that these have for institutionalizing intersectionality Bound by Our Constitution Vivien Hart,1994-08-08 What difference does a written constitution make to public policy How have women workers fared in a nation bound by constitutional principles compared with those not covered by formal written guarantees of fair procedure or equitable outcome To investigate these questions Vivien Hart traces the evolution of minimum wage policies in the United States and Britain from their common origins in women s politics around 1900 to their divergent outcomes in our day She argues contrary to common wisdom that the advantage has been with the American constitutional system rather than the British Basing her analysis on primary research Hart reconstructs legal strategies and policy decisions that revolved around the recognition of women as workers and the public definition of gender roles Contrasting seismic shifts and expansion in American minimum wage policy with indifference and eventual abolition in Britain she challenges preconceptions about the constraints of American constitutionalism versus British flexibility Though constitutional requirements did block and frustrate women s attempts to gain fair wages they also as Hart demonstrates created a terrain in the United States for principled debate about women work and the state and a momentum for public policy unparalleled in Britain Hart s book should be of interest to policy labor women s and legal historians to political scientists and to students of gender issues law and social policy Equal Value/Comparable Worth in the UK and the USA Elizabeth Meehan,Peggy Kahn,2016-07-27 Including contributions by both British and American researchers this book explores equal value developments in the two countries Through thematic chapters and case studies it examines legal developments trade union activity the operation of job evaluation and the race and class politics of equal value Both the possibilities and the limits of equal value reform are discussed **New Agendas**

for Women S. Walby, 1999-05-24 An excellent book addressing the dilemmas in the new policy agendas for women and government Gender relations are being transformed and a new gender settlement is being created The challenge to ensure the social inclusion of women within this new settlement is complicated by the diversity in women's lives in particular between those who are qualified and able to engage in employment and those who are not This wide ranging book is written by leading academics who have advised key members of the Labour Party

Fenwick on Civil Liberties & Human Rights Helen Fenwick, Richard Edwards, 2016-11-25 More than merely describing the evolution of human rights and civil liberties law this classic textbook provides students with detailed and thought provoking coverage of the most crucial developments in the field clearly explaining the law in context and practice Updated throughout for this new edition Fenwick on Civil Liberties and Human Rights considers a number of recent major changes in the law in particular proposals to replace the Human Rights Act with a British Bill of Rights and the Counter Terrorism and Security Act 2015 whilst also contextualising the impact of reforms on hate speech and contempt due to advances in new media Comprehensive and authoritative this textbook offers an essential resource for students on human rights or civil liberties courses as well as a useful reference for students and scholars of UK Public Law

Women and Management Michele A. Paludi, 2013-02-20 For every woman still bumping the glass ceiling and every man who cares these volumes recount challenges female leaders face and strategies that will smooth the path to managerial positions in corporate America and worldwide Expert contributors offer a global perspective on issues women leaders and managers must confront every day from sex discrimination sexual harassment and gender mainstreaming

to pay inequity and male perceptions of women leaders Volume 1 Degrees of Challenge addresses both overt and subtle biases women encounter in trying to meet their career aspirations Volume 2 Signs of Solutions offers concrete empowering strategies for organizational change intended to eliminate discriminatory treatment of women in the workplace The 30 research based studies here are drawn from nations as disparate as the United States Turkey Puerto Rico Australia Japan Great Britain Israel the Czech Republic the Dominican Republic India Nepal Korea Sri Lanka and Indonesia to showcase new and emerging solutions worldwide Accounts from woman managers are also included to provide the reader with real life examples of how women deal with organizations that welcome them and those that hinder their performance **Equality**

Great Britain: Parliament: House of Commons: Communities and Local Government Committee,2007-08-02 The Committee undertook this enquiry to examine the issues surrounding the establishment of the Commission for Equality and Human Rights CEHR and to further the debate on equality in preparation for the introduction of a Single Equality Bill Despite some practical concerns that the CEHR might not be ready in time that its budget will not be sufficient and there might be some loss of expertise the Committee supports the creation of a body that will bring together all the strands of equality and human rights At the same time the Government should press ahead with a Single Equality Bill to remove simplify current provisions remove anomalies and promote action to prevent unfair discrimination *Compliance Patterns with EU Anti-Discrimination Legislation* Vanja Petri?evi?,2016-01-06 This book provides an in depth and timely analysis of the member states compliance patterns with the key European Union Anti Discrimination Directives It examines the various structural administrative and individual aspects which significantly affect the degree and the nature of compliance patterns in select European Union member states *The New Zealand Law Journal* ,1992
