Louis Faurer:

Louis Faurer, Photographs from Philadelphia and New York, 1937-1973 Louis Faurer, 1981 Louis Faurer Louis Faurer, 1981 **Louis Faurer** Louis Faurer, 1994 *Louis Faurer* Louis Faurer, Martin Harrison, Stuart Alexander, 1992

Photographe de mode le jour photographe de rue la nuit cette formule simpliste rend bien compte de ce que fut la vie professionnelle de Faurer dans les années 50 Louis Faurer Anne Tucker, Louis Faurer, Lisa Hostetler, Kathleen V. Jameson, Addison Gallery of American Art, Museum of Photographic Arts (San Diego, Calif.), Art Institute of Chicago, Philadelphia Museum of Art, 2002 Faurer also worked as a fashion photographer for nearly thirty years producing work for Harper's Bazaar Vogue and Flair with a particular gift for highlighting his subjects' ephemeral grace He was a lasting influence on Robert Frank and other members of the New York school of photography This book the first to examine Faurer's work in depth and bring it to a modern readership draws together a great deal of previously unpublished material as well as images not seen since they originally appeared in magazines in the 1940s and 1950s **BOOK JACKET** **Louis Faurer** , *Louis Faurer* Maurice Faurer, 1981 **Louis Faurer** Anne Tucker, Lisa Hostetler, Kathleen V. Jameson, 2002-01-01 **Encyclopedia of Twentieth-Century Photography, 3-Volume Set** Lynne Warren, 2005-11-15 The Encyclopedia of Twentieth Century Photography explores the vast international scope of twentieth century photography and explains that history with a wide ranging interdisciplinary manner This unique approach covers the aesthetic history of photography as an evolving art and documentary form while also recognizing it as a developing technology and cultural force This Encyclopedia presents the important developments movements photographers photographic institutions and theoretical aspects of the field along with information about equipment techniques and practical applications of photography To bring this history alive for the reader the set is illustrated in black and white throughout and each volume contains a color plate section A useful glossary of terms is also included **Louis Faurer** , 2016 This book is the first in fifteen years to present the largely overlooked work of Louis Faurer who depicted the melancholy streets of New York in the 1940s and 50s and whom Walter Hopps has described as a master of his medium Faurer initially worked for fashion magazines such as Harper's Bazaar in New York but soon focused his eye on the enchanting city itself Everywhere a new discovery awaited me Here Faurer made poetic darkly romantic images of the characters of the street often the poor and lonely amidst the bustle of Times Square during what he called its hypnotic dusk light Inspired by Walker Evans Faurer developed a personal highly empathetic vision comparable to that of Robert Frank with whom he shared a loft and darkroom in his early New York days Faurer solidified his ironic brooding aesthetic in the 50s often employing graphic contrasts reflections and distortions which show the influence of film noir and deepen his exploration of the psychology of the individual My eyes search for people who are grateful for life people who forgive and whose doubts have been removed who understand the truth whose enduring spirit is bathed by such piercing light as to provide their present and future with hope I have an intense desire to record life

as I see it as I feel it As long as I m amazed and astonished as long as I feel that events messages expressions and movements are all shot through with the miraculous I ll feel filled with the certainty I need to keep going When that day comes my doubts will vanish Louis Faurer **American Photo** ,2002-05 Photography and Everyday Life Lisa Hostetler,2004

Photography after Photography Abigail

Solomon-Godeau, 2017-03-23 Presenting two decades of work by Abigail Solomon Godeau Photography after Photography is an inquiry into the circuits of power that shape photographic practice criticism and historiography As the boundaries that separate photography from other forms of artistic production are increasingly fluid Solomon Godeau a pioneering feminist and politically engaged critic argues that the relationships between photography culture gender and power demand renewed attention In her analyses of the photographic production of Cindy Sherman Robert Mapplethorpe Susan Meiselas Francesca Woodman and others Solomon Godeau refigures the disciplinary object of photography by considering these practices through an examination of the determinations of genre and gender as these shape the relations between photographers their images and their viewers Among her subjects are the 2006 Abu Ghraib prison photographs and the Cold War era exhibition The Family of Man insofar as these illustrate photography's embeddedness in social relations viewing relations and ideological formations
