Love Letters Michelle Janning, 2018-06-14 In today's world of Tinder and texting do we write and save love letters anymore Are we more likely to save a screenshot of a text exchange or a box of paper letters from a lover How might these different ways to store a love letter make us feel Sociologist Michelle Janning's *Love Letters Saving Romance in the Digital Age* offers a new twist on the study of love letters what people do with them and whether digital or paper format matters Through stories a rich review of past research and her own survey findings Janning uncovers whether and how people from different groups including gender and age approach their love letter curatorial practices in an era when digitization of communication is nearly ubiquitous She investigates the importance of space and time showing how our connection to the material world and our attraction to nostalgia matter in actions as seemingly small and private as saving storing stumbling upon or even burning a love letter Janning provides a framework for understanding why someone may prefer digital or paper love letters and what that preference says about a person's access and attachment to powerful cultural values such as individualization taking time in a hectic world longevity privacy and keeping cherished things in a safe place Ultimately Janning contends the cultural values that tell us how romantic love should be defined are more powerful than the format our love letters take

Women's Life Stories in France, 1647-1720 Elizabeth C. Goldsmith, 2017-03-02 In this new study Elizabeth Goldsmith continues her pursuit of issues treated in her earlier books on conversation epistolary writing and the female voice in literature She examines how French women in the seventeenth and early eighteenth centuries first came to publish their private life stories in doing so she explores what the writers have to say about why they decide to write about themselves what they choose to write how they get their stories circulated and printed and what they do to defend themselves against the threat to personal reputation and credibility that was implied by such public self exposure Goldsmith scrutinizes the

autobiographical writing of six women all of whom were for different reasons the objects of fairly intense publicity during their lifetime at the historical moment when the idea of publicity via the printed word was still a new concept Three of the women Jeanne des Anges Marie de l Incarnation and Jeanne Guyon were charismatic religious figures whose writings were widely circulated The other three writers the sisters Hortense and Marie Mancini and Madame de Villedieu are more worldly but like their spiritual counterparts they undertook self publication as a form of conversation with the world and a way of participating in other forms of public discourse Publishing Women s Life Stories in France 1647 1720 considers the different forms that the life writing of these three women took autobiographies letter correspondences which in four of the six cases have never before been published trial transcripts testimonials published as part of other authors works and written self portraits that were circulated among friends Drawing on the work of Michel de Certeau on voice and communities of readers in the 17th century as well as the work of Roger Chartier and other historians of the book and print culture Goldsmith retraces the complicated networks of human interaction that underlie these early a

The Secret History of Domesticity Michael McKeon, 2006-12-06 Taking English culture as its representative sample, *The Secret History of Domesticity* asks how the modern notion of the public-private relation emerged in the seventeenth and eighteenth centuries. Treating that relation as a crucial instance of the modern division of knowledge, Michael McKeon narrates its pre-history along with that of its essential component, domesticity. This narrative draws upon the entire spectrum of English people's experience. At the most public extreme are political developments like the formation of civil society over against the state, the rise of contractual thinking and the devolution of absolutism from monarch to individual subject. The middle range of experience takes in the influence of Protestant and scientific thought, the printed publication of the private, the conceptualization of virtual public society, public opinion, the market, and the capitalization of production, the decline of the domestic economy, and the increase in the sexual division of labor. The most private pole of experience involves the privatization of marriage, the family, and the household, and the complex entanglement of femininity, interiority, subjectivity, and sexuality. McKeon accounts for how the relationship between public and private experience first became intelligible as a variable interaction of distinct modes of being, not a static dichotomy but a tool to think with. Richly illustrated with nearly 100 images including paintings, engravings, woodcuts, and a representative selection of architectural floor plans for domestic interiors, this volume reads graphic forms to emphasize how susceptible the public-private relation was to concrete and spatial representation. McKeon is similarly attentive to how literary forms evoked a tangible sense of public-private relations among them: figurative imagery, allegorical narration, parody, the author-character-reader dialectic, aesthetic distance, and free indirect discourse. He also finds a structural analogue for the emergence of the modern public-private relation in the conjunction of what contemporaries called the secret history and the domestic novel. A capacious and synthetic historical investigation, *The Secret History of Domesticity* exemplifies how the methods of literary interpretation and historical analysis can inform and enrich one another.

Writing Love Katharine Ann Jensen, 1995 In this compelling new addition to Sandra M. Gilbert's *Ad Feminam: Women and Literature* series, Katharine Ann Jensen examines the cultural form of the love letter and its intersection with the novel in the works of seventeenth and eighteenth-century French women writers. Traditionally, French literary history has focused on eighteenth-century male writers, Rousseau and Laclos, as the master artists of the epistolary novel. That emphasis on one century, one gender, and one epistolary form, the novel, obscures the history of women's writing in France. In the seventeenth century, the love letter was viewed as a feminine literary form in which a woman's passionate and emotional nature found its logical expression. Such emotional writing was criticized for its structural and grammatical imperfections, rendering it, in the eyes of men, invalid as true literary material. However, men often wrote under female pseudonyms, composing letters of seduction and betrayal that were published as true accounts. Jensen contends that men

disguised their words as women's words because writing as women allowed them to experiment with narrative fiction at a time when men's writing was rigidly defined by classical rhetoric. She further argues that men were able to moderate women's linguistic strengths by limiting their epistolary expertise to a social rather than literary practice, thereby maintaining literature as an almost exclusively male province. Jensen argues for a tradition of women's writing by examining both the love letters and novels of such writers as Desjardins, Ferrand, Graffigny, Riccoboni, and Lespinasse. In her novel *Les D'sordres de l'amour*, Desjardins' Madame de Villedieu creates an ambitious letter-writing heroine. Through an analysis of the textual similarities between the heroine's letters and Desjardins's personal love letters to her unfaithful lover, Jensen concludes that Desjardins rewrites her own unfortunate epistolary relationship. Jensen draws similar conclusions from an examination of the personal letters of Ferrand in relation to her novel *Histoire des amours de Cl'ante et de B'lise*. In order to chart the legacy of seventeenth-century feminine epistolarity, Jensen goes on to consider the works of eighteenth-century French women writers. Like Desjardins's novel, Graffigny's *Lettres d'une Pruvienne* and Riccoboni's *Lettres de Mistress Fanni Butler* present letter-writing heroines who overturn the conventions of seduction and betrayal in order to claim their independence and desire to write. This desire correlates to Graffigny's and Riccoboni's own writing ambitions, thereby asserting the ability of women to write self-consciously rather than emotionally and to create narrative fiction rather than cyclical letters of love and suffering. Jensen demonstrates that these assertions constitute a significant break with seventeenth-century ideas about feminine letter-writing that inextricably bind women to a supposedly natural language of sexual and literary disempowerment. This important and insightful book will prove a valuable addition to the libraries of scholars in French seventeenth- and eighteenth-century studies, feminist studies, epistolary fiction, and novel and narrative studies.

The Unknown History of Jewish Women Through the Ages Rachel Elior, 2023-05-22. *The Unknown History of Jewish Women: On Learning and Illiteracy, On Slavery and Liberty* is a comprehensive study on the history of Jewish women, which discusses their absence from the Jewish Hebrew library of the People of the Book and interprets their social condition in relation to their imposed ignorance and exclusion from public literacy. The book begins with a chapter on communal education for Jewish boys, which was compulsory and free of charge for the first ten years in all traditional Jewish communities. The discussion continues with the striking absence of any communal Jewish education for girls until the late nineteenth and early twentieth century, and the implications of this fact for twentieth-century immigration to Israel, 1949-1959. The following chapters discuss the social, cultural, and legal contexts of this reality of female illiteracy in the Jewish community, a community that placed a supreme value on male education. The discussion
