Love Thy Neighbor A Story Of War

Andrew D. DeCort

Love Thy Neighbor A Story Of War:

Love Thy Neighbor Peter Maass, 1996 What Michael Herr's *Dispatches* was to the Vietnam War *Love Thy Neighbor* is to the Bosnian War a brilliantly observed and deeply felt evocation of war by a writer who witnessed it The work immediately calls to mind Heller's *Catch 22* for its grasp of the absurdity of war and for its accurate presentation of the events Neil Sheehan's *A Bright Shining Lie* Bonhoeffer's New Beginning Andrew D. DeCort, 2018-09-15 Bonhoeffer's *New Beginning* investigates the ethics of making new beginnings after devastating moral rupture The work argues that new beginnings must be made in order to sustain the fundamental convictions that it is good to exist and that life in the world with others should be loved without exclusion Bonhoeffer's ethics of new beginning is set in conversation with the thought of four moral philosophers Friedrich Nietzsche Hannah Arendt Jonathan Glover and Jonathan Lear DeCort argues that Bonhoeffer's ethics of new beginning opens and energizes a more promising world affirming moral vision with radical hope for new beginnings vis vis the perceived absence of God in the face of devastation *The Remnants of War* John Mueller, 2013-02-15 War is merely an idea an institution like dueling or slavery that has been grafted onto human existence It is not a trick of fate a thunderbolt from hell a natural calamity or a desperate plot contrivance dreamed up by some sadistic puppeteer on high And it seems to me that the institution is in pronounced decline abandoned as attitudes toward it have changed roughly following the pattern by which the ancient and formidable institution of slavery became discredited and then mostly obsolete from the Introduction War is one of the great themes of human history and now John Mueller believes it is clearly declining Developed nations have generally abandoned it as a way for conducting their relations with other countries and most current warfare though not all is opportunistic predation waged by packs often remarkably small ones of criminals and bullies Thus argues Mueller war has been substantially reduced to its remnants or dregs and thugs are the residual combatants Mueller is sensitive to the policy implications of this view When developed states commit disciplined troops to peacekeeping the result is usually a rapid cessation of murderous disorder *The Remnants of War* thus reinvigorates our sense of the moral responsibility bound up in peacekeeping In Mueller's view capable domestic policing and military forces can also be effective in reestablishing civic order and the building of competent governments is key to eliminating most of what remains of warfare *Travel Narrative and the Ends of Modernity* Stacy Burton, 2014 Combining theoretical arguments with close reading this text traces how twentieth century writers have reinvented travel narrative for new purposes *Alliance Formation in Civil Wars* Fotini Christia, 2012-11-12 This book argues power balances rather than shared identities explain why warring Afghan groups aligned with and double crossed each other **The Cambridge World History of Genocide: Volume 3, Genocide in the Contemporary Era, 1914-2020** Ben Kiernan, Wendy Lower, Norman Naimark, Scott Straus, 2023-05-04 Volume III examines the most well known century of genocide the twentieth century Opening with a discussion on the definitions of genocide and ethnic cleansing and their relationships to modernity it continues with a survey

of the genocide studies field racism and antisemitism The four parts cover the impacts of Racism Total War Imperial Collapse and Revolution the crises of World War Two the Cold War and Globalization Twenty eight scholars with expertise in specific regions document thirty genocides from 1918 to 2021 in Europe the Middle East Africa Asia and Latin America The cases range from the Armenian Genocide to Maoist China from the Holocaust to Stalin s Ukraine from Indonesia to Guatemala Biafra Bangladesh Cambodia Bosnia and Rwanda and finally the contemporary fate of the Rohingyas in Myanmar and the ISIS slaughter of Yazidis in Iraq The volume ends with a chapter on the strategies for genocide prevention moving forward

Madness Visible Janine di Giovanni, 2007-12-18 As a senior foreign correspondent for The Times of London Janine di Giovanni was a firsthand witness to the brutal and protracted break up of Yugoslavia With unflinching sensitivity *Madness Visible* follows the arc of the wars in the Balkans through the experience of those caught up in them soldiers numbed by the atrocities they commit women driven to despair by their life in paramilitary rape camps civilians di Giovanni among them caught in bombing raids of uncertain origin babies murdered in hate induced rage Di Giovanni s searing memoir examines the turmoil of the Balkans in acute detail and uncovers the motives of the leaders who created hell on earth it raises challenging questions about ethnic conflict and the responsibilities of foreign governments in times of mass murder Perceptive and compelling this unique work of reportage from the physical and psychological front lines makes the madness of war wholly visible

The Muslim-Croat Civil War in Central Bosnia Charles R. Shrader, 2003-06-12 In *The Muslim Croat Civil War in Central Bosnia 1992 1994* Charles R Shrader offers the first full scale military history of a crucial conflict in Bosnia between two former allies When the Bosnian Serbs and their Serbian allies attacked Bosnia Herzegovina in March 1992 the Bosnian Croats and Muslims collaborated to defend themselves As Serbian pressure increased and it became clear that the West would not intervene the two allies began to stake out their own claims Drawing on testimony and exhibits from cases presented before the International Criminal Tribunal for the former Yugoslavia Shrader describes the organization and tactical doctrine of the Croatian Defense Forces and the Muslim led Army of Bosnia Herzegovina He analyzes the strengths and weaknesses of the two sides in such fields as communications training and logistics He assesses not only the problems of command and control in the newly formed armies but also the impact of criminal activity the mujahedeen and the intervention of peacekeeping forces What looked to many like aggression by the Bosnian Croats Shrader views as the adoption of an active defense a doctrine embraced by U S forces against a predatory

Muslim force He believes UN and European observers rushed to judgment regarding the aggressive intent of the Croatian command Far from being the attackers Shrader concludes the Bosnian Croats in Central Bosnia were clearly outnumbered outgunned and on the defensive Surrounded by superior Muslim forces they barely held out in their enclaves in the Lasva Valley until a cease fire was achieved in February 1994 Although Shrader s work is a detailed meticulous analysis by a neutral expert not everyone will find his conclusions comfortable But every serious student of the conflict in Bosnia will have to take his history into account Enhanced by maps useful appendices and a glossary this should become the standard work on military operations in Central Bosnia and a useful case study of internal warfare and ethnic conflict *The Unknown Europe*

James R. Payton Jr.,2021-11-03 The fascinating history of Eastern Europe includes highs of soaring cultural achievement and lows of almost unimaginable repression But we in the West don t know much about Eastern Europe or its history this book helps us see why We got interested when the region became a threat during the Cold War but what we learned focused on the Communist period after World War II not Eastern Europe itself or its deep history a history that continues to live in the hearts of its peoples James Payton offers an accessible treatment of the history of the region an opportunity to learn about Eastern Europeans as they are He overviews that story from pre history to the present examining eleven turning points that profoundly shaped Eastern European history His treatment considers the backgrounds to the turning points the events and the long lasting impacts they had for the various Eastern European nations This helps us understand how Eastern Europeans themselves see their history the long haul over the centuries with the influence and impact of events of the sometimes distant past shaping how they see themselves their neighbors and their place in the world
