Love Trances:

Love Trances Craig Rovinsky, 2003-04 HYPNOTIZE MEN TO FALL IN LOVE WITH YOU without them being aware anything is happening Have you found it difficult to find love and wonder if you are doing something wrong Thousands of palm readings have shown me you are not alone Attractive sensual women everywhere seem to have trouble finding love and wonder what they can do about it Usually the answer was not much Until now Over the years I have shared many effective hypnotic techniques with my palm reading clients These simple methods allow you to hypnotize a man with apparently normal conversation Once he is in trance his experiences will be greatly magnified including positive emotions with you In the last twenty years thousands of women have used these ideas to successfully create love in their lives LOVE TRANCES teaches you how to obtain trance and what to do with it when you have it to create love in your life If you want to empower yourself like you've always dreamed possible if you are willing to learn a few basic ideas if you are willing to take a chance to improve your happiness then open LOVE TRANCES and begin changing your love life now **The Way of Trance** Dennis R. Wier, 2007 Dreams, Trances, Visions Dr. Philip D. Derber, 2015-06-11 In our modern culture we have everything from ATVs to MTV God will never be outdone by modern technology He has always had His DTV's dreams trances and visions which He uses to communicate His direction and deliverance for our lives In this book Dr Derber explores the Biblical basis for each of these and explains their purpose function and operation We don't pursue them merely to experience them but to better understand God's means of communication Although God's eternal Word is more than enough for our lives our supernatural God still chooses at times to speak to some of us in Dreams Trances and Visions *Trance: from Magic to Technology* Dennis R. Wier, 2006-05-01 This book describes a new model for trance as well as practical techniques to analyse and design trances Writing from his personal experience Wier suggests that some of these ideas might represent new practical precision tools for psychologists as well as for those who work with the occult Practical suggestions for meditators yogis witches and others are included to deepen trance and to increase the trance force as well as techniques to terminate a trance Pathological trance and trance abuse are also described with suggestions on how they may be recognized and prevented *The Psychology of Religious Mysticism* James Henry Leuba, 1925 **The Psychology of Religious Mysticism** James H. Leuba, 2013-11-05 First Published in 1999 This is Volume III of six of a series on the Psychology of Religion Written around 1925 this book is a psychological study of human nature It includes a philosophical chapter and also one in which are set forth the practical consequences to religion of some of its conclusions But whatever may be the importance of these two chapters the book is to be judged primarily as a psychological study of aspects of human nature conspicuous in mystical religion The Journal of Abnormal Psychology and Social Psychology, 1925 **Therapeutic Trances** Stephen Gilligan, 2018-09-03 Therapeutic Trances is a manifesto of the fundamental principles and techniques of Ericksonian hypnotherapy This innovative volume lays out the principles and practice of developing relationships with patients and

creating a hypnotic environment in which true healing can take place The book offers therapists specific questions to ask and practical ideas to pursue thereby illustrating how therapists may cooperate with clients to translate problems into solutions Stephen Gilligan synthesizes the approaches of Erickson Bandler Grinder and Bateson to bring a new perspective to the field
