Sweet! Love! Vanessa Vanney Thompson,2014-02-12

Thank you for the opportunity to read your book I found it refreshing Here is my review Word of Expressions on a Page is a true love story seen through the eyes of one woman Here these are expressed in the form of poetry and short stories I was thoroughly surprised at how completely Ms Thompson covered the subjects she chose to address love marriage and life Ironically as a poet I often find the views of others on these particular topics more than interesting The style of writing in this volume is brisk There is very little flowery wordplay Ms Thompson is quick and to the point with her word imagery contained within more than 150 pages to enchant you This is refreshing to me Two of my favorite poems are I and A Mixture I have many others I certainly recommend this book to anyone who wants a fresh perspective on relationships both the good and the bad It doesn t get any clearer than this LJ Thomas Asoral Publishing P S I love the candid picture of you sprinkled throughout

the volume nice touch Photo by Vanessa Vanney Thompson Pain and Pleasure Harry Waton,1919 **It's not What You Do, It's How You Become** Deborah Rae Hall,2025-03-26 Deborah Hall's book How You Become is the result of a writing partnership with Star Beings from the Pleiades who have been communicating with her since 1999 This book is an amazing handbook of love with lessons in learning to love your self along with challenges to put your love into action for the benefit of Mother Earth and others struggling to survive Organized as a daybook with an essay to read each day the words will uplift you and hold your spirit high while helping you open your heart There are 52 exercises which are as inspiring and full of love as the essays They will stretch your heart muscles until you find the love you have been searching for Listen to your heart and let this book find you Extraordinary Space Stan Burns,2005-08 Extraordinary Space is a work of science fiction that blends romance and adventure with a newly postulated scientific thesis In the novel a new direction of travel available to humans is discovered mathematically and later brought to reality by the main character Lyte Donner Lyte with the help of his female assistant Jaseta Zee makes use of his newly developed technology in a variety of ways including eradicating drug rings dissolving street gangs busting international terrorist organizations and many others Due to ordinary forces of Earth gravity this new direction of travel has gone unrealized until Lyte neutralizes gravity in a realistic way consistent with current cutting edge technology Lyte then balances all other forces that could cause movement in every heretofore known direction and this in turn causes movement in the path of least resistance which is in the new direction The novel refers to this new direction as the fourth dimension but hold on to your hats because this is not the usual concept of the fourth dimension Much theory and fiction have already been advanced about the fourth dimension time space continuum but this novel deals with none of that New science is proposed in the novel and the new direction of movement is the result of extending the rules of 3 dimensional Euclidean space to 4 dimensional space It is Euclidean Four Space Before arguing the point the question is who can prove that this space doesn't exist Caution is called for here Proceed with an open mind Lyte uses a device called the INTEGRAL to move into the new space which fully encompasses every point in the old ordinary space A person reading the novel for the first time will likely make judgments based of his/her circle of knowledge and frame of reference and could refer to the INTEGRAL as a Teleportation device This is new science It would be a mistake to call the INTEGRAL a Teleportation device The characters simply move into a new space They are not teleported anywhere Teleportation was probably a term new to many of us and introduced by the entertainment industry during the 1960s We have advanced far beyond that and few if any of the old cliches are adequately able to describe the new science axiomated by the novel It took several years to develop and complete the novel The novel was completed prior to the events of 9 11 01 Ironically Lyte Donner's first lead to terrorists in the book was centered around a pair of Middle Easterners traveling from London to Paris The subject of terrorism is a major part of the book The novel culminates on a complication of terrorism which is resolved nicely The book is alive with patriotism again written even before the events of 9 11 01 Patriotism is now

alive and well again in our country It is a popular thing at present and throughout the novel patriotism is thrust to the forefront The book even explains how and why patriotism was subdued for such a long period of time from Lyte s point of view of course In the book the term Ground Zero is used in its original sense The term has now become a well recognized and repeated term The book is appropriate for the time The events described in the book are purely fictitious Any resemblances to real events is strictly coincidental Although the events in the book are fictional some but not all of the events in the book carry an underlying theme that should be the concern of every American citizen **Forbidden Love, Joy & Trials #2**

LaTim,2011-08-09 Though they have different tongues with the same thoughts different faith with the same soul different cultures with the same characters from different lands in their hearts they met Forbidden Love Joy and Trials is a short romantic yet heartbreaking story superbly written by LaTim whose core substance is the racial issue faced by his characters in several affecting instances in their lives LaTim drew concrete pictures through his words describing plausible conditions experienced by many couples bound in love though in different races Forbidden Love Joy and Trials will test one s point of view on racial discrimination and will later on leave you to attest your own prejudices on the vast differences occurring in the world Forbidden Love Joy it will leave you in tears and test what your heart is made of Cassie
