Loving Brand:

Brand Love is not Enough Max Blackston, 2018-03-15 How would you feel about a bank that handled all of your financial needs efficiently but made you feel like a dummy In a relationship between two people what the other person thinks of you or what you believe they think of you exerts great influence on the quality of your relationship The same is true for your relationship with brands In this trailblazing book Blackston extends his theory on consumer brand relationships introduced in the 1990s He introduces a new construct called brand s attitude which complements the idea of brand image and introduces a typology of consumer relationships that is richer and more varied than the familiar concept of brand love This construct describes more fully the two way street that exists between consumers and brands and fills a crucial gap in traditional branding literature in explaining consumers brand purchasing and usage behavior Drawing on numerous actual examples and cases from a variety of different industries and supported by 30 years of consumer data *Brand Love is not Enough* should be on the shelf of any serious marketer or student of branding

The Righteous Brand Max Blackston, 2025-04-29 Bringing order to the chaos of modern brand marketing the second edition of *Brand Love Is Not Enough* combines an intuitive model of how consumers relate to brands with an up to the moment analysis of how brands are both victims and players in today s raging culture wars Brand management now has to reach beyond traditional marketing objectives in order to encompass identity politics and corporate purpose But with no grounding or guidance marketers are swinging wildly from virtue signaling to woke washing and in the process brands are being damaged and careers brought to an abrupt end Uniquely this book offers not only updated case studies and content relating to Max Blackston s respected Consumer Brand Relationships model but goes on to show how an extension of the Brand Relationship concept to include the ethical moral and political values of brands as well as their brand images provides the tools for managing brands in this new environment This new set of Brands Moral Relationships allows a brand to embody the values of diverse groups of consumers even strongly contrasting ones and avoid becoming marooned in an identity defined positioning This book besides being essential reading for practitioners students and researchers in marketing advertising and market research provides fascinating insights for anyone who takes an interest in the brands they choose or choose not to buy

Brand Love Lydia Michael, 2023-07-03 The best brands evoke the emotions of their customers by tapping into their hearts and minds Individuals connect with brands the same way they connect with people As a marketer it s your responsibility to cultivate that relationship with your consumers In this book marketing and brand strategist Lydia Michael breaks down the process of building culturally inclusive long lasting consumer brand relationships *Brand Love* describes how brands appeal to the emotions of their consumers and why everybody benefits when brands earn the love of their customers The author explains what marketers need to do to make consumers fall for their brands The book builds on in depth brand interviews and insights from companies such as Huda Beauty LEGO and Toyota She also shares what she has learned through client work and her observations in multicultural

settings Offering insight into the use of emotional and rational drivers she introduces a brand love model designed to inspire brand loyalty and advocacy With emotional elements such as humanization personalization and trust alongside rational elements like relevance differentiation and innovation the author highlights the best ways to create or reinforce brand love to help your organization remain profitable and a source of inspiration even during challenging times Whether you re a marketer for a big or small brand Brand Love will show you how to capture the hearts of your customers Joy Ana Tkalac Verčič,Ralph Tench,Sabine Einwiller,2020-11-26 Successful relationships with publics are based on how people are treated so public relations should help foster happiness and joy and by that improve organisational success and the well being of people This book explores how public relations contributes to the well being of its publics and presents findings from current research in the field It Ain't Easy Being A Cowboy 5 Western Ranchmen Classics in One Volume Andy Adams,2017-10-06 The Log of a Cowboy is an account of a five month drive of 3 000 cattle from Brownsville Texas to Montana during 1882 along the Great Western Cattle Trail The book is considered by many to be literature s best account of cowboy life Reed Anthony Cowman An Autobiography is the fascinating story of the protagonist and how he became a successful rancher The Wells Brothers The Young Cattle Kings tells the story of two brothers who are broke and want to sell their father s ranch until one day everything changes A Texas Matchmaker a man makes it big in Texas The Outlet another cowboy story with a detailed account of how to herd cattle in a true cowboy fashion Andy Adams 1859 1935 was an American writer of western fiction and was born in Indiana Since childhood Andy used to help his parents with the cattle and horses on the family farm Due to this Andy s works have been lauded widely for his first hand and authentic portrayal of the life of a cowboy unlike his contemporaries like Owen Wister who romanticised it Guts! Kevin Freiberg,2008-12-10 Kevin and Jackie Freiberg s previous book Nuts Southwest Airline s Crazy Recipe for Business and Personal Success described the unconventional leadership that made Southwest an airline industry dynamo In GUTS the Freibergs look at twenty five gutsy and extraordinarily successful businesses and introduce the chief executives who are creating a new corporate ethos that blows the doors off business as usual Drawing on five years of research the Freibergs provide a behind the scenes look at these intensely focused passionate and unconventional leaders and their companies Among them James Blanchard CEO of Synovus Financial a financial services giant with more than 16 billion dollars in assets Roy Spence Jr President of GSD M Advertising which AdWeek magazine named Southwest Agency of the Year seven times James Goodnight of SAS a world leader in intelligence software Although the leaders in the book represent a wide range of industries they share a common vision They see business as a heroic cause and understand that good leadership isn t a matter of position but of influence They reject hierarchical rules rituals and expectations and have replaced in the box management with a culture based on passion and innovation They regard their employees not as human resources but as individuals with unique gifts and talents And make everyone in the company responsible for the company s brand and culture An exciting follow up to Nuts which has
