Raising the Love-Light of a Child Darlene Westhelle,2021-08-03 You are a loving person and you love kids But what is love exactly by your definition Have you ever really thought about it Is love simply some warm fuzzy that you ve been taught to express with three little words Or is it much more than that And how would you describe it Have you explored any of the beliefs the rote script comments the auto responses the unquestioned systems all the that s just the way it is programs the generational patterns the inconsistent behaviors that send mixed messages and the copy and paste words and attitudes that you inadvertently share with kids And have you intentionally worked to raise the frequency of your own lovelight revealing and healing any parts of you that may affect the energy and thus the growth brilliance and resilience of children in your care Come Let s explore and train our hearts to see through the lens of love to make the necessary adjustments to our programming Let s shine the light on and disrupt the old ways of thinking and behaving that have created the undesirable inequitable energies of the collective consciousness and the current systems With that light we can heal change grow and create a brighter new environment for the kids with the kids preserving and maintaining the strength of our inherent lovelights
