Loving God And A Suffering World

John C. Peckham

Loving God And A Suffering World:

A Loving God & a Suffering World Jon Tal Murphree, 1981 **Good God of a Bad World**, 2014-02-09 Many Christians at some point wrestle with the question If God is all powerful and all loving how can he allow the world to continue as it does filled with suffering and grief How can any Christian hope to make sense of the apparent contradiction of an omnipotent and good God and a broken painful world In **Good God of a Bad World** author James T Hargreaves wrestles with this question from the perspective of a fully Bible believing Christian and draws some conclusions which might just make you think about the question in a new light How Could a Loving God? Ken Ham, 2007-01-01 It really isn't a fair fight is it The finite against the infinite The limited against the unlimited Is God indifferent to my suffering How do I resolve this anger at God Why didn't God prevent this from happening Will I see loved ones again Or is heaven just a feel good myth People assume Christians have all the answers yet in the face of tragedy death or suffering everyone struggles to find just the right words to bring comfort or closure to those in need Sometimes just hearing It is God's will isn't enough Sometimes just saying God will turn this to good seems so meaningless when despair is so profound Often the pain goes too deep the questions won't go away and even the assurance of faith doesn't help How could God let this happen How can God love us yet allow us to suffer in this way What is the point of this What is the purpose In this provocative new book Ken Ham makes clear answers found in the pages of Scripture powerful definitive and in a way that helps our hearts to go beyond mere acceptance When you grasp the reality of original sin and all that it means it creates a vital foundation for your heart to finally understand what follows

God's Seven Ways To Ease Suffering, **How Could a Loving God ...?** James R. Murphy, 2013-07-29 I had the privilege early in my writing career to work with a number of Christian ministries I found the work both challenging and satisfying delighted to play some small role in the work of transforming lives that was our common goal And yet I would often find myself deeply troubled by what I saw When confronted with personal disaster and all disasters are personal for someone the aware believer must sooner or later ask himself or herself the question How could a loving God allow this In fact it is the question the unbelieving world throws in the face of the Church as an excuse to discount our claims It is an honest and disturbing question Standing in the midst of a developing world slum surrounded by cardboard and corrugated shanties my nose assaulted by open sewers body and throat covered with the fine dust of unpaved streets and watching nursing mothers with eyes devoid of hope I ask myself How could a loving God permit this Does He not hear their cry Standing on a now peaceful coastline littered with the evidence of a killer tsunami is not my God of love touched by the tragedy of whole villages drowned Lassoed to a halt by the desperate pleading gaze of a roomful of Romanian orphans overwhelmed by the need for love of just one much less a hundred does not the heart of my God break At home in Los Angeles walking down a skid row street on a balmy summer night the only shelter the climate itself does not my Lord remember having no place to lay his head How many times in the midst of doing what little I can have I cried out in anguish God it's too much How do You stand it How

is it You do not rend the heavens and scatter the stars reaching out in your awesome power to feed the hungry heal the sick comfort the broken and console the lonely How can You possibly know all things and yet do nothing How is it that I being a man of dust with a heart of stone find myself brought to my knees in tears at the plight of my brothers and sisters while You who can do all things remain untouched Aloof Unmoved How do I answer the unbeliever who challenges my assertion that God is love that He knows all things and can do all things and has provided a way out of sin by the death of his Son What do I say when they look around at the world and say If this is what your God is like I want nothing to do with Him With what argument do I refute a child dying of diarrhea who could have been saved by clean water and a few pennies worth of salts When my own heart is pierced with impotent compassion how do I shield my God from the accusatory arrows of suffering For too many years the answer has been I don t know Someday I will For now I stand in faith believing in a God I cannot see and whom I do not understand but whom I know to be love Yes I ve heard the arguments about someday about sovereignty about predestination and sin and the arrogance of man to question the will and motivation of his Maker I ve staunchly defended in public while agonizing in private the answer to what in my opinion is one of the most troubling questions of our times For me the answer to the question How could a loving God has been a key that has opened a new phase in my relationship with a God who I am now persuaded in fact loves the world with a love more amazing than ever before I must warn you however the answer to the title question will usher you into a new responsibility as a child of God because we hold the key and as we discover it in our hand we are called to use it to unlock a new and powerful revelation of the love of God demonstrated to a hurting and unbelieving world We have been given a priceless gift and awesome accountability May the Spirit of God use this simple book written by a broken and unworthy messenger to challenge us all to walk worthy of the high calling of God in Messiah Yeshua Theodicy of Love John C. Peckham,2018-11-06 If God is all powerful and entirely good and loving why is there so much evil in the world Based on a close canonical reading of Scripture this book offers a new approach to the challenge of reconciling the Christian confession of a loving God with the realities of suffering and evil John Peckham offers a constructive proposal for a theodicy of love that upholds both the sovereignty of God and human freedom showing that Scripture points toward a framework for thinking about God s love in relation to the world **If There Is a Loving God, Why Do Evil and Suffering Exist?** Rodolfo Martin Vitangcol,2022-11-03 Man is intelligent so very intelligent Behold all the scientific and technological wonders man has made that are so breathtaking and mind boggling you would think they are magic Henceforth it baffles me no end to find that when man gets to be faced with the existence of EVIL SUFFERING in our world man is calling God for help as if man is too dumb to know the root and the solution to such a problem And that because such problem of evil and suffering exists how many so called INTELLIGENT MEN have quickly reached the conclusion There just cannot be a God Happy reading *Strength in Adversity* Gary Nicolosi,2023-01-25 No one is spared suffering no one To be human is to suffer Grief pain injustice disappointment life serves these up in portions great and small We can try to deny

this reality or escape from it through endless diversions We can even fall into despair the seemingly rational response of a caring person when faced with a cold uncaring world Denial diversion and despair Is that all there is Is there another way A way that is honest about suffering and yet offers hope rather than despair victory rather than victimhood About twenty five hundred years ago a literary masterpiece came on the scene Known as The Book of Job a wisdom book in the Hebrew Bible and Christian Old Testament it has stirred serious thinkers and honest seekers for generations To be sure the grim story of a righteous man who loses everything wealth health and even his children raises almost as many questions as it answers But that is to its credit The Book of Job never stoops to simplistic answers to hard questions Instead this narrative openly wrestles with some of life s most difficult moral and spiritual puzzles including how to reconcile a loving just God with a suffering and unjust world Powerful and poetic it points a way through life s most difficult challenges the setbacks and sufferings that inevitably come our way This is the way of Strength in Adversity a way of honest hope and courageous faith

T&T Clark Handbook of Suffering and the Problem of Evil Matthias Grebe, Johannes Grössl, 2023-07-13 This wide ranging work provides an extensive exploration of the theology of theodicy asking questions such as should all instances of suffering necessarily be understood as evil Why would an omnipotent and benevolent God allow or perpetrate evil Is God unable or unwilling to reduce human and non human suffering on Earth Does humanity have the capacity to exercise a moral evaluation of God s motives and intentions Conventional disciplinary boundaries have tended to separate theological approaches to these questions from philosophical ones This volume aims to overcome these boundaries by including biblical Part I historical Part II doctrinal Part III philosophical Part IV and pastoral interreligious perspectives and alternative intersections Part V on theodicy Authors include thinkers from analytic and continental traditions multiple Christian denominations and other religions and both established and younger scholars providing a full variety of approaches What unites the essays is an attempt to answer these questions from the perspective of biblical testimony historical scholarship modern theological and philosophical thinking about the concept of God non Christian religions science and the arts The result is a combination of in depth analysis and breadth of scope making this a benchmark work for further studies in the theology of suffering and evil

Causality Jeaneane Fowler, 2020-02-21 This book examines the concepts of cause and effect from two dimensions The first concerns the macrocosm of the Universe and how each belief system views creation The second dimension explores the ways in which beliefs about creation influence the microcosmic world in terms of the nature of the self the proximate goals within each system the answers each belief system offers to the presence of evil and suffering in existence and ideas about the ultimate goal of release from them All these ideas inform and are fundamental to the understanding of the present day practices of different faiths presenting challenges for scriptural testimony balanced with existential living The final two chapters explore current research in physics concerning the beginnings of the cosmos and what implications such research might have for existence within it with the final chapter examining scientific views of the
