Loving Pioneers:

Pioneers Phillip Mann, 2011-09-29 Blue Genes Ape like and with one arm replaced by a claw the not quite human Angelo and his beautiful female partner Ariadne are genetically bred rescuers programmed to travel vast distances through space in suspended animation to bring back Pioneers explorers sent out from Earth generations ago to settle other planets The latest mission is to rescue Pioneer Murray from the planet La Plage and to return to Earth where as usual decades have passed while they have been travelling between the stars But Earth itself has gone through a catastrophic collapse from which its burnt out civilization is trying to recover And amongst the remnants of a sterile and despairing humanity there is less room than ever before for such strange creatures as Angelo Combining rich and weird alien environments with exciting deep space adventure Pioneers is a brilliant novel of love and alienation in a strange and poignant future **A Victorian Educational**

Pioneer's Evangelicalism, Leadership, and Love Pauline A. Phipps, 2022-11-15 This book examines the relatively unknown English late Victorian educational pioneer Constance Louisa Maynard 1849 1935 whose innovative London based Westfield College produced the first female BAs in the mid 1880s An atypical and powerful woman Maynard is also notable for her unique knowledge of psychology and patriotic Evangelicalism both of which profoundly shaped her ambitions and passions In contrast to most history about an individual's life this book builds a fascinating life story based upon evidence and clues from minutia The focus is on nine enigmatic actions motivated by Maynard in her quests for educational leadership global conversion and same sex love Maynard's acts that she called mistakes caused deep enmities with administrators and college women Yet amid her trials and conflicts Maynard made key decisions about her public and private life Moreover her so called mistakes reveal astonishing new insights into a past mindset and the rapidly changing world in which Maynard lived

Loving God's Wildness Jeffrey Bilbro, 2015-04-30 Analyzing writings ranging from the Puritans to the present day Loving God's Wildness traces the effects of Christian theology on America's ecological imagination revealing the often conflicted ways in which Americans relate to and perceive the natural world **O Pioneers!** Willa Cather, 1994-01-01 The first of Cather's renowned prairie novels O Pioneers established a new voice in American literature turning the stories of ordinary Midwesterners and immigrants into authentic literary characters O Pioneers was Willa Cather's first great novel and to many it remains her unchallenged masterpiece No other work of fiction so faithfully conveys both the sharp physical realities and the mythic sweep of the transformation of the American frontier and the transformation of the people who settled it Cather's heroine is Alexandra Bergson who arrives on the wind blasted prairie of Hanover Nebraska as a girl and grows up to make it a prosperous farm But this archetypal success story is darkened by loss and Alexandra's devotion to the land may come at the cost of love itself At once a sophisticated pastoral and a prototype for later feminist novels O Pioneers is a work in which triumph is inextricably enmeshed with tragedy a story of people who do not claim a land so much as they submit to it and in the process become greater than they were For more than seventy years Penguin has been the leading

publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators

Invitation To Love Ivonne Delaflor,2005 Follow the Sanatan Dharma the Eternal Religion of Prema Divine Love and the one and only that can only be found in your heart And remember YOU must guide others to it through love simplicity and truth That is the only way That is the unspoken eternal and nameless way Always remember that no time is ever wasted except for the time that one is not loving Move out of the house of ignorance There are better places to live Ring ring Wake up The Buddha nature and Christ like energy within are ready to be reawakened in all Become like a child Enter the kingdom of heaven The Christ and Buddha nature are within So where is the kingdom Excerpted from Invitation to Love 108 Reminders for the Enlightened Ones The greatest blessing in my life was the gift of being in the physical presence of Babaji in Herrekhan in 1980 One day he said that he would be leaving his body I asked him if he would still come to me if I asked He simply looked at me and smiled knowingly and said Of course Recently my work healing moved to a new level Some of the recent miracles have been so powerful as to leave me shaky I could only turn to God to keep myself stable and humble and so I asked for his advice Well he has answered my request And I imagine he will answer the prayers of many others through the writings of Ivonne Delaflor In them I recognize his voice his humor his teaching Thank you Babaji And thank you Ivonne for being such an open channel Dan Brul Guchu Ram Singh www breathmastery com

O! South Africa Daniel J. Theron,2011-07-26 This book covers a concise history of South Africa to the present beginning with unintended colonization by Holland due to a shipwreck near the southern tip of Africa Between these two markers it touches just briefly on subjects covered more extensively by the author in his book Out of Ashes the Boers Struggle for Freedom During the English War 1899 1902 Then it proceeds with the country s political developments In South Africa as all over the world where possible settlements began with husbandry and agriculture Having been born on and grown up on a farm the author is salvaging the history of farming methods with the ox the horse the mule and farming implements all of which have now long ebbed away into the distant past The apartheid era is covered The impractical aspect of the theory is well understood but the author is fair and also exposes the frequently distorted and ignorant opinions that took hold in the western world lasting until today The world did not know and if it did it ignored the massive educational programs for millions and that were it not for the apartheid governments South Africa with all its mineral riches needed in the world with Russian involvement would be another Cuba today Throughout pictures that are indeed worth much more than a thousand words highlight what is beyond words alone

America, New Mexico Robert Leonard Reid, 1998-01-01 New Mexico is a land with two faces It is a land of enchantment legendary for its natural beauty and rich cultural heritage But it is also a land of paradox In America New Mexico Robert Leonard Reid explores deep inside New Mexico s landscape to find the real New Mexico with all of its gifts and challenges within Having traveled and hiked countless miles throughout the state Reid knows New Mexico s breathtaking landscape intimately But he knows the human landscape as well its artists and poets medicine men and businessmen preachers and politicians Hispanics and Anglos He knows that amid the glittering mansions of Santa Fe there are homeless shelters that the Indians of myth and legend combat alcoholism and poverty and that toxic waste lurks beneath a land of almost surreal beauty America New Mexico is a book about land sky and hope by a writer whose passion and inspiring prose invite us to see the promise and possibilities of reconnecting with the natural world It is unflinching in its depiction of the adversities facing New Mexicans and indeed all Americans But above all it searches behind and beyond these troubling issues to find standing staunchly against them a quiet and unshakable confidence rooted in New Mexico s natural world For anyone who has ever been moved by the incomparable beauty of New Mexico for anyone concerned with the landscape in which all Americans live America New Mexico is an unforgettable book *Love for Sale* David Hajdu, 2016-10-18 Named a Must Read by Vanity Fair and BBC One of our sharpest music critics recounts a life immersed in pop music An engaging history The Wall Street Journal In *Love for Sale* David Hajdu one of the most respected critics and music historians of our time draws on a lifetime of listening playing and writing about music to show how pop has done much more than peddle fantasies of love and sex to teenagers From vaudeville singer Eva Tanguay the I Don t Care Girl who upended Victorian conceptions of feminine

propriety to become one of the biggest stars of her day to the scandal of Blondie playing disco at CBGB Hajdu presents an incisive and idiosyncratic history of a form that has repeatedly upset social and cultural expectations Exhaustively researched and rich with fresh insights Love for Sale is unbound by the usual tropes of pop music history Hajdu for instance gives a star turn to Bessie Smith and the blues queens of the 1920s who brought wildly transgressive sexuality to American audience decades before rock and roll And there is Jimmie Rodgers a former blackface minstrel performer who created country music from the songs of rural whites and blacks entwined with the sound of the Swiss yodel And then there are today's practitioners of Electronic Dance Music who Hajdu celebrates for carrying the pop revolution to heretofore unimaginable frontiers At every turn Hajdu surprises and challenges readers to think about our most familiar art in unexpected ways Masterly and impassioned authoritative and at times deeply personal Love for Sale is a book of critical history informed by its writer's own unique history as a besotted fan and lifelong student of pop
