Low Life Lucy Sante, 2016-03-08 The classic social history of corruption and vice in nineteenth century NYC A cacophonous poem of democracy and greed like the streets of New York themselves John Vernon Los Angeles Times Book Review Lucy Sante's *Low Life* is a portrait of America's greatest city the riotous and anarchic breeding ground of modernity This is not the familiar saga of mansions avenues and robber barons but the messy turbulent often murderous story of the city's slums the teeming streets scene of innumerable cons and crimes whose cramped and overcrowded housing is still a prominent feature of the cityscape *Low Life* voyages through Manhattan from four different directions Part One examines the actual topography of Manhattan from 1840 to 1919 Part Two the era's opportunities for vice and entertainment theaters and saloons opium and cocaine dens gambling and prostitution Part Three investigates the forces of law and order which did and didn't work to contain the illegalities Part Four counterposes the city's tides of revolt and idealism against the city as it actually was *Low Life* is one of the most provocative books about urban life ever written an evocation of the mythology of the quintessential modern metropolis which has much to say not only about New York's past but about the present and future of all cities

Where the Dark and the Light Folks Meet Randall Sandke, 2023-06-14 *Where the Dark and the Light Folks Meet* tackles a controversial question Is jazz the product of an insulated African American environment shut off from the rest of society by strictures of segregation and discrimination or is it more properly understood as the juncture of a wide variety of influences under the broader umbrella of American culture This book does not question that jazz was created and largely driven by African Americans but rather posits that black culture has been more open to outside influences than most commentators are likely to admit The majority of jazz writers past and present have embraced an exclusionary viewpoint *Where the Dark and the Light Folks Meet* begins by looking at many of these writers from the birth of jazz history up to the present day to see how and why their views have strayed from the historical record This book challenges many widely held beliefs regarding the history and nature of jazz in an attempt to free jazz of the socio political baggage that has s

Shakespeare in a Divided America James Shapiro, 2020-03-10 One of the New York Times Ten Best Books of the Year A National Book Critics Circle Award Finalist A New York Times Notable Book A timely exploration of what Shakespeare's plays reveal about our divided land In this sprightly and enthralling book Shapiro amply demonstrates that for Americans the politics of Shakespeare are

not confined to the public realm but have enormous relevance in the sphere of private life The Guardian London The plays of William Shakespeare are rare common ground in the United States For well over two centuries Americans of all stripes presidents and activists soldiers and writers conservatives and liberals alike have turned to Shakespeare's works to explore the nation's fault lines In a narrative arching from Revolutionary times to the present day leading scholar James Shapiro traces the unparalleled role of Shakespeare's four hundred year old tragedies and comedies in illuminating the many concerns on which American identity has turned From Abraham Lincoln's and his assassin John Wilkes Booth's competing Shakespeare obsessions to the 2017 controversy over the staging of Julius Caesar in Central Park in which a Trump like leader is assassinated Shakespeare in a Divided America reveals how no writer has been more embraced more weaponized or has shed more light on the hot button issues in our history

Urban Formalism David Faflik, 2020-04-07 Urban Formalism radically reimagines what it meant to read a brave new urban world during the transformative middle decades of the nineteenth century At a time when contemporaries in the twin capitals of modernity in the West New York and Paris were learning to make sense of unfamiliar surroundings city peoples increasingly looked to the experiential patterns or forms from their everyday lives in an attempt to translate urban experience into something they could more easily comprehend Urban Formalism interrogates both the risks and rewards of an interpretive practice that depended on the mutual relation between urbanism and formalism at a moment when the subjective experience of the city had reached unprecedented levels of complexity This book not only provides an original cultural history of forms It posits a new form of urban history comprising the representative rituals of interpretation that have helped give meaningful shape to metropolitan life

Birth of the Cool Lewis MacAdams, 2012-04-10 Miles Davis and Juliette Greco Jackson Pollock and Jack Kerouac Marlon Brando and Bob Dylan and William Burroughs What do all these people have in common Fame of course and undeniable talent But most of all they were cool Birth of the Cool is a stunningly illustrated brilliantly written cultural history of the American avant garde in the 1940s and 1950s the decades in which cool was born From intimate interviews with cool icons like poet Allen Ginsberg bop saxophonist Jackie McLean and Living Theatre cofounder Judith Malina award winning journalist and poet Lewis MacAdams extracts the essence of cool Taking us inside the most influential and experimental art movements of the twentieth century from the Harlem jazz joints where Dizzy Gillespie and Charlie Parker invented bebop to the back room at Max's Kansas City when Andy Warhol was holding court to backstage at the Newport Folk Festival the night Bob Dylan went electric from Surrealism to the Black Mountain School to Zen MacAdams traces the evolution of cool from the very fringes of society to the mainstream Born of World War II raised on atomic age paranoia cast out of the culture by the realities of racism and the insanity of the Cold War cool is now perversely

as conventional as you can get Allen Ginsberg suited up for Gap ads Volvo appropriated a phrase from Jack Kerouac's *On the Road* for its TV commercials How one became the other is a terrific story and it is presented here in a gorgeous package rich with the coolest photographs of the black and white era from Robert Doisneau Henri Cartier Bresson Man Ray and many others Drawing a direct line between Lester Young wearing his pork pie hat and his crepe sole shoes staring out his hotel window at Birdland to the author's three year old daughter saying cool while watching a Scooby Doo cartoon at the cusp of a new millennium *Birth of the Cool* is a cool book about a hot subject maybe even the coolest book ever *Staging the Slums,*

Slumming the Stage J. Westgate, 2014-10-15 Drawing on traditional archival research reception theory cultural histories of slumming and recent work in critical theory on literary representations of poverty Westgate argues that the productions of slum plays served as enactments of the emergent definitions of the slum and the corresponding ethical obligations involved therein **Slumming in New York** Robert M. Dowling, 2007 This remarkable exploration of the underbelly of New York

City life from 1880 to 1930 takes readers through the city's inexhaustible variety of distinctive neighborhood cultures *Slumming in New York* shows how the city's rich and poor foreign born and native born competed for a voice from such diverse vantage points as the East Side waterfront the Bowery the Tenderloin's black bohemia the Jewish Lower East Side and mythic Harlem Investigating a wide range of New York slumming narratives in which mainstream outsiders write about marginalized urban insiders Robert M Dowling shows how literary works transformed moral threats into cultural treasures

The Irish and the Making of American Sport, 1835-1920 Patrick R. Redmond, 2014-02-10 Jerrold Casway coined the phrase The Emerald Age of Baseball to describe the 1890s when so many Irish names dominated teams rosters But one can easily agree and expand that the period from the mid 1830s well into the first decade of the 20th century and assign the term to American sports in general This book covers the Irish sportsman from the arrival of James Deaf Burke in 1836 through to Jack B Kelly's rejection by Henley regatta and his subsequent gold medal at the 1920 Olympics It avoids recounting the various victories and defeats of the Irish sportsman seeking instead to deal with the complex interaction that he had with alcohol gambling and Sunday leisure pleasures that were banned in most of America at some time or other between 1836 and 1920 This book also covers the Irish sportsman's close relations with politicians his role in labor relations his violent lifestyle and by contrast his participation in bringing respectability to sport It also deals with native Irish sports in America the part played by the Irish in Team USA's initial international sporting ventures and in the making and breaking of amateurism within sport
